An illuminating biography of Lou Reed, featuring interviews with over 140 people who knew him intimately, plus previously unpublished photographs. As band leader of the Velvet Underground and later a successful solo artist, Reed was much more than what the general public came to know as the grumpy New Yorker in black who sang "Walk on the Wild Side." To his dedicated admirers, he was one of the most innovative and intelligent songwriters of modern times—a natural outsider who lived a tumultuous and tortured life. In the course of his deep research into Reed's life, from a humble upbringing on Long Island to death from liver disease in 2013, Howard Sounes interviewed more than 140 people who knew the artist intimately—some of whom have not spoken publicly about him before. With new revelations from former wives and lovers, family members, fellow band members and celebrities, and music industry figures, this book offers an updated, unfettered look at Reed's creative process, his mental health problems, his bisexuality, his three marriages, and his addictions to drugs and alcohol. Featuring previously unpublished photographs of some of Reed's most private moments, this is the definitive account of one of rock 'n' roll's most complicated and brilliant prophets. "Compelling . . . Sounes takes pride in carefully debunking the myths that have crept in from Reed's own fictionalizations." —The Sunday Telegraph "Controversial . . . Sounes' book pushes the standard Reed narrative." —New York Times "A measured chronicle of the life and music of Lou Reed . . . Sounes proves to be an amiable narrator who successfully reveals Reed as an innovative, influential musician." —Publishers Weekly "A walk on the dark side." —Independent "A must read . . . Sounes chronicles Reed's turbulent, and often brutal, relationships with men and women . . . and the wayward talent that produced such classics as 'Walk On The Wild Side.'" —Daily Mail

For anyone who has loved the Giannetti books about Patina Farm, this book continues the aesthetic in a variety of styles. unique style with a modern sense of space and emotion drawn from history. His materials palette consists of wood, metal, and stone. His color palette is a chalky patina. Twelve varied homes—ranging from a modern desert glass box and a beachfront contemporary to a historic East Coast farmhouse and a Provencal-style home in California—show how Steve has used these themes to solve unique architectural challenges. How France's elites used soft power to pursue their imperial ambitions in the nineteenth century After Napoleon's downfall in 1815, France embraced a mostly informal style of empire, one that emphasized economic and cultural influence rather than military conquest. *A Velvet Empire* is a global history of French imperialism in the nineteenth century, providing new insights into the mechanisms of imperial collaboration that extended France's power from the Middle East to Latin America and ushered in the modern age of globalization. David Todd shows how French elites pursued a cunning strategy of imperial expansion in which conspicuous commodities such as champagne and silk textiles, together with loans to client states, contributed to a global campaign of seduction. French imperialism was no less brutal than that of the British. But while Britain widened its imperial reach through settler colonialism and the acquisition of far-flung territories, France built a "velvet" empire backed by frequent military interventions and a broadening extraterritorial jurisdiction. Todd demonstrates how France drew vast benefits from these asymmetric, imperial-like relations until a succession of setbacks around the world brought about their unravelling in the 1870s. *A Velvet Empire* sheds light on France's neglected contribution to the conservative reinvention of modernity and offers a new interpretation of the resurgence of French colonialism on a global scale after 1880. This panoramic book also highlights the crucial role of collaboration among European empires during this period—including archrivals Britain and France—and cooperation with indigenous elites in facilitating imperial expansion and the globalization of capitalism.

"You Can't Go Home Again" - George Webber has written a successful novel about his family and hometown. When he returns to that town, he is shaken by the force of outrage and hatred that greets him. Family and lifelong friends feel naked and exposed by what they have seen in his books, and their fury drives him from his home. Outcast, George Webber begins a search for his own identity. It takes him to New York and a hectic social whirl; to Paris with an uninhibited group of expatriates; to Berlin, lying cold and sinister under Hitler's shadow. "Look Homeward, Angel" is an American coming-of-age story. The novel is considered to be autobiographical and the character of Eugene Gant is generally believed to be a depiction of Thomas Wolfe himself. Set in the fictional town and state of Altamont, Catawba, it covers the span of time from Eugene's birth to the age of 19. "Of Time and the River" is the continuation of the story of Eugene Gant, detailing his early and mid-twenties. During that time Eugene attends Harvard University, moves to New York City, teaches English at a

university there, and travels overseas with his friend Francis Starwick.

The Silver Wolf, Alice Borchardt's acclaimed novel of a shapeshifter's struggle to survive as woman and wolf amid the Dark Ages, announced the arrival of a ferociously gifted writer. Now, with her masterful weaving of adventure, history, and magic, Borchardt delves deeper into the shape-shifter legend, and brings an earlier, more savage time brilliantly to life. The fearsome legions of Julius Caesar have crushed resistance to Roman rule. The power of the druids is broken; the shattered tribes retreating to the dubious safety of the high mountains or fleeing north into lands as inhospitable as those left behind. Watching all the while through yellow eyes afire with curiosity and intelligence is Maeniel, a gray wolf . . . who is also a man. This is not the Maeniel of *The Silver Wolf*. Not the mature shapeshifter, secure in his dual nature, whose hard-won wisdom is the equal of his preternatural strength and passion. That Maeniel will not exist for another eight hundred years. Now he is a stranger to his human half, his reason chained to instinct. Yet as the ancient civilization of the Gallic tribes is systematically destroyed around him, a new Maeniel is about to be born from the ruins. It begins with a woman. She is Imona: young, proud, beautiful. The sight of her fills Maeniel with unfamiliar feelings and desires, triggering his transformation from wolf to man. In her arms he learns for the first time what it means to love. It is a knowledge that will change him forever. For when Imona vanishes following a Roman massacre, Maeniel begins to learn a very different lesson. Following Imona's trail as wolf and man, Maeniel is himself pursued by a warrior woman sworn to kill him. She is Dryas, a queen without a kingdom. But the two adversaries will prove to have much in common. And the hunt upon which they embark will lead them farther than they can imagine: to the gates of Rome itself. To the gates of their very souls . . . With *Night of the Wolf*, Alice Borchardt has given us another triumph of soaring imagination and adventure. By turns lyrical, sensuous, and violent, hers is a vision of the past that will stir both heart and mind. Her writing will possess you like a fever . . . and haunt you like a voluptuous dream.

Stephen Crane's collection of three iconic short stories, 'The Blue Hotel,' 'The Bride Comes to Yellow Sky,' and 'The Open Boat,' showcases his mastery in storytelling and exploration of human nature. Through vivid descriptions and psychological depth, Crane delves into themes of fear, isolation, and the struggle for survival in the face of brutal reality. The stories are written with a naturalistic style, reflecting the author's belief in the deterministic nature of life and the indifferent universe. Set against the backdrop of the late 19th century, these tales offer a glimpse into the complexities of the human experience during a period of rapid social and technological change.
