 It's no wonder that *The Power of Now* has sold over 16 million copies worldwide and has been translated into over 30 foreign languages. Much more than simple principles and platitudes, the book takes readers on an inspiring spiritual journey to find their true and deepest self and reach the ultimate in personal growth and spirituality: the discovery of truth and light. In the first chapter, Tolle introduces readers to enlightenment and its natural enemy, the mind. He awakens readers to their role as a creator of pain and shows them how to have a pain-free identity by living fully in the present. The journey is

thrilling, and along the way, the author shows how to connect to the indestructible essence of our Being, "the eternal, ever-present One Life beyond the myriad forms of life that are subject to birth and death." Featuring a new preface by the author, this paperback shows that only after regaining awareness of Being, liberated from Mind and intensely in the Now, is there Enlightenment.

 Somewhat controversial, *The Power of the Eternal Now* opens Christians' minds in a unique way to the truth of God outside of time. Prophet Jeremy Lopez calls believers to live in the now reality, putting aside inaction and passivity and truly grasping hold of the truth that God speaks about their lives. God exists in the eternals, which is exactly where you are called to live as well. "God raised us up with Christ

and seated us with Him in the heavenly realms in Christ Jesus" (Eph. 2:6 NIV). Time is an illusion when it comes to our nature as children of God. The reality of our true identity in Christ is found in the now. But often we don't want to deal with our many problems, so we look at the clock and "invent time" as a way to avoiding them. We are more than conquerors—now! We are holy, chosen, beloved, accepted, redeemed, justified, and cleansed—now! These are not future wishes and dreams. These are not time-based actions. These are realities of our true identity in Christ and they are found in the now.

What goes along with the saying of God's name, I AM? Very little seems to be known, even in today's world, about the

mystical nature and power that goes with saying I AM. The Power of I AM and The Power of I AM Volume 2 will reveal to the reader what the ancients appear to have known about this mystical name. All day long, mankind is using the name of God and for the most part they are unaware that they are asking for anything, by what they attach to it. When speaking the name of God (I AM) it should be remembered that we should only attach those things that we desire to have happen to us or have in our lives, as our words do not return to us void. Always speak it upward and never downward. What we attach to our I AM, we are asking for in God's name. To know this, is power.

In this story you too will witness "The Power of Life," just as author Anthony Rockweiler did. When Anthony left for work on that beautiful Monday morning he had no clue that he would never return home again. This event, his destiny appeared to be planned long before he realized it. The date, the time, and even the year would play such a fascinating role that not even he would understand it till years later. Not even Hollywood could write a story as compelling as this. His self-confidence, self-esteem, and self-image were shattered in a split second

and became things of the past, instantly. He was left with no identity asking himself "who am I" on many occasions. He also found himself in therapy eight hours a day for the first year trying to re-learn everything all over again. Many who witnessed the injuries he sustained from the accident watched as the years passed and most wrote off his recovery. Building a new person would be no easy task. You see western medicine did a phenomenal job, but he found himself lost, alone, and isolated for the first time in his life. He knew no one was coming for him. Then years into the accident he begins meditating trying to find refuge from the daily suffering and overwhelming injuries he sustained. Then Meditation and belief would eventually lead him to a special "place" in his mind and a meeting with a mystical destiny that would alter his view of this universe forever. This meeting would hold the key to saving his life and recreating him in the process. As he returned with his own miracle and a world he created for himself by thought and positive affirmations. He would also return

to a world that was better than before leaving the old Anthony behind along with the world he once knew. As you follow his story along you'll get an opportunity to witness some unbelievable challenges that he would need to overcome. Life would test him in ways he would never forget and lead him to a place that he would always remember. In his story you will see many parallels between his life and your own. Anthony says this story really is not mine; it's for anyone that's dealing with circumstances or obstacles in their life that may seem overwhelming, whatever that may be. The accident happened to me, but I'm just the messenger. He knows anyone can come away with the same results he did through the power of belief and positive reinforcement. Anthony says I just tapped into some resources that are available to each one of us and they lie within the human mind. So whatever situation you find yourself in or setbacks you suffer, there's one thing for certain, once you read his story you too will never be the same, because you too will witness, "The Power of Life".
