### **Thinking Critically about Research on Sex and Gender**

Routledge  
Humanism, in both its rhetoric and practice, attempted to transform the relationships between men that constituted the fabric of early modern

society. So argues Alan Stewart in this ground-breaking investigation into the impact of humanism in sixteenth-century England. Here the author shows that by valorizing textual skills over martial prowess, humanism provided a new means of upward mobility for the lowborn but humanistically trained scholar: he could move into a highly intimate place in a nobleman's household that was previously not open to him. Because of its

novelty and secrecy, the intimacy between master and scholar was vulnerable to accusations of another type of intimacy--sodomy. In comparing the ways both humanism and sodomy signaled a new economy of social relations capable of producing widespread anxiety, Stewart contributes to the foray of modern gay scholarship into Renaissance art and literature. The author explores the intriguing relationship between humanism

and sodomy in a series of case studies: the Medici court of the 1470s, the allegations against monks in the campaign to suppress the English monasteries, the institutionalized beating of young boys, the treacherous circle of the doomed Sir Thomas Seymour, and the closet secretaries of Elizabeth's final years. Stewart's documentation comes from a wide range of underused materials, from schoolboys' grammar books to political writings, enabling him to reconstruct frequently misunderstood events in their original contexts. Originally published in 1997. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**Information Sharing** SUNY Press

This study centres around three leading military statesmen who served under Oliver Cromwell but were also his kin and shared the experiences of the civil wars, John Disbrowe (1608–80), Henry Ireton (1611–51), and Charles Fleetwood (1618–92). It seeks to develop our picture of their positions from the context of their kin link to Cromwell and how their private worlds shaped their public roles, how kinship was part of the functioning of the Cromwellian state, how they were seen and presented, and how this impacted on their own lives, and their kin, before and after the Restoration. Cromwell's career can be explored further by considering figures in his kinship network to show how the public and private overlapped and influenced each other through their interaction before and after 1660. This study aims to consider the trajectory of elements of Cromwell's network and how its functioning and the interaction of its constituent parts over time shaped the politics of the years 1643 to 1660 but also how the survival of some networks after 1660 were continuing communities of those willing to own their memories of the

civil wars, regicide, and Cromwell. A study of aspects of Cromwell's kin also provides examples of the continuities between those who resisted the Stuarts in the 1640s and 1650s and did so again in the 1680s. Suitable for specialists in the area and students taking courses on early modern British, European and American history as well as those with a more general interest in the period.

Radical Religion in Cromwell's England

Springer Science & Business Media  
 Oliver Cromwell is one of the most puzzling and controversial figures in English history. In this excellent introduction, Barry Coward uses Cromwell's own words and actions to analyse the life of Oliver Cromwell as a political figure and look at the historical problems associated with his exercise of power.

Journal of Leisure Research Bloomsbury Publishing

Excerpts from and citations to reviews of more than 8,000 books each year, drawn from coverage of 109 publications. Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English

language. Reviews of the following types of books are excluded: government publications, textbooks, and technical books in the sciences and law. Reviews of books on science for the general reader, however, are included. The reviews originate in a group of selected periodicals in the humanities, social sciences, and general science published in the United States, Canada, and Great Britain. - Publisher.

International Review of Research in Mental Retardation is an ongoing scholarly look at research into the causes, effects, classification systems, syndromes, etc. of mental retardation. Contributors come from wide-ranging perspectives, including genetics, psychology, education, and other health and behavioral sciences.

Anglia Penguin

This issue of Journal of Insect Conservation is the first to be dedicated entirely to beetles. It contains a number of papers to demonstrate the variety and scope of problems and conservation concerns that surround these insects. A short introductory perspective is followed by

eight original contributions, in which beetles from many parts of the world are considered, and in which some major threats to their wellbeing are evaluated. *Combined Cumulative Index, 1951-1971, to Published Hearings, Studies, and Reports of the Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws of the Committee on the Judiciary United States Senate* Yale University Press

'The present state of the old world is running up like parchment in the fire.' So declaimed Gerrard Winstanley, charismatic leader of radical religious group the Diggers, in mid-seventeenth century England: one of the most turbulent periods in that country's history. As three civil wars divided and slaughtered families and communities, as failing harvests and land reforms forced many to the edge of starvation, and as longstanding institutions like the House of Lords, the Established Church and even the monarchy were unceremoniously dismantled, so a feverish sense of living on the cusp of a new age gripped the nation."Radical Religion in Cromwell's

England" is the first genuinely concise and accessible history of the fascinating ideas and popular movements which emerged during this volatile period. Names like the 'Ranters', 'Seekers', 'Diggers', 'Muggletonians' and 'Levellers' convey something of the exoticism of these associations, which although loose-knit, and in some cases short-lived, impacted on every stratum of society. Andrew Bradstock critically appraises each group and its ideas, taking into account the context in which they emerged, the factors which influenced them, and their significance at the time and subsequently. The role of political, religious, economic and military factors in shaping radical opinion is explored in full, as is the neglected contribution of women to these movements. Drawing on the author's long study of the topic, "Radical Religion in Cromwell's England" brings a remarkable era to vivid and colourful life.

Thomas Cromwell Oxford University Press on Demand

Thomas Cromwell rose from very humble

beginnings to become Henry VIII's chief minister, his right-hand man during the English Reformation. He wielded enormous power while he retained the king's favour, but the failure of Henry's marriage to Anne of Cleves, which Cromwell had arranged, led to his swift downfall and execution. John Schofield's biography reveals that the popular image of him as a blood-stained henchman is largely fictional. Detailed research into contemporary sources illuminates his brilliant mind and his love for and patronage of the arts and humanities, while short case studies shed new light on his relations with, and his reputation among, Henry VIII's subjects. The final part narrates the drama of his downfall, and the king's posthumous exoneration of the 'most faithful servant he ever had.'

Electing Cromwell Yale University Press  
 "This book provides diverse insights from researchers and practitioners around the world to offer their knowledge on the comparisons of international enterprises, to managers and practitioners to improve business practices and keep an open dialogue about global information management"--Provided by publisher.

Mental Health Research Grant Awards, Fiscal Years 1948-63 The History Press  
 This timely book chronicles one woman's spiritual journey, through interviews about God and reflections on each conversation. A broad spectrum of individuals are found here, including Catholics, Jews, a Cherokee Shaman, a Death Row inmate, an Afghani Sufi Mystic, and Several children. Each responds to the question, "If I gave you God's phone number, what would you do with it?" Part memoir, part interview, the book is a fascinating glimpse of the ever-evolving spiritual landscape and life in America. It is also an engaging testimony of Mare Cromwell's search for spiritual answers through a very unique approach to seeking truth. It profoundly changed her life. It may well change yours. Book jacket.  
Health Care Financing Review Bloomsbury Publishing  
 God's Irishmen describes the theological debates that tore the Cromwellian movement apart and caused its eventual failure. An informed analysis of the texts that survive from the period, Gribben dissects the contentious theological issues and reflects on larger questions about the characteristics of the Protestant churches

in Cromwellian Ireland.  
The Rise & Fall of Thomas Cromwell The History Press  
 The authors first demonstrate that most of the claims about sex and gender are not well supported by research, and then provide readers with constructive critical tools they can apply to this wealth of research to come to realistic, constructive conclusions. All of this is provided in a concise, inexpensive volume by a best-selling trade author and instructor team.  
*Studies in Cromwell's Family Circle* Princeton University Press  
 The long-awaited biography of the genius who masterminded Henry VIII's bloody revolution in the English government, which reveals at last Cromwell's role in the downfall of Anne Boleyn "This a book that - and it's not often you can say this - we have been awaiting for four hundred years." --Hilary Mantel, author of *Wolf Hall*  
 Since the sixteenth century we have been fascinated by Henry VIII and the man who stood beside him, guiding him, enriching him, and enduring the king's insatiable appetites and violent outbursts until Henry ordered his beheading in July 1540. After a decade of sleuthing in the royal archives,

Diarmaid MacCulloch has emerged with a tantalizing new understanding of Henry's mercurial chief minister, the inscrutable and utterly compelling Thomas Cromwell. History has not been kind to the son of a Putney brewer who became the architect of England's split with Rome. Where past biographies portrayed him as a scheming operator with blood on his hands, Hilary Mantel reimagined him as a far more sympathetic figure buffered by the whims of his master. So which was he—the villain of history or the victim of her creation? MacCulloch sifted through letters and court records for answers and found Cromwell's fingerprints on some of the most transformative decisions of Henry's turbulent reign. But he also found Cromwell the man, an administrative genius, rescuing him from myth and slander. The real Cromwell was a deeply loving father who took his biggest risks to secure the future of his son, Gregory. He was also a man of faith and a quiet revolutionary. In the end, he could not appease or control the man whose humors were so violent and unpredictable. But he made his mark on England, setting her on the path to religious awakening and

indelibly transforming the system of government of the English-speaking world. *Übersicht über die im Jahre ... auf dem Gebiete der englischen Philologie erschienenen Bücher, Schriften und Aufsätze* Elsevier

Thomas Cromwell was a man of humble origins and outstanding intellect who rose up to become Henry VIII's chief minister and right-hand man during the English Reformation. He wielded enormous power while he retained the king's favour, but the failure of Henry's marriage to Anne of Cleves, which Cromwell had arranged, led to his swift downfall and execution. In this biography, John Schofield reveals that the popular image of Cromwell as a blood-stained henchman is largely fictional. Detailed research into contemporary sources illuminates his brilliant mind and his love for and patronage of the arts and humanities, while short case studies shed new light on his relations with, and his reputation among, Henry VIII's subjects. In his conclusion, Schofield narrates the drama of Cromwell's downfall and highlights the king's posthumous exoneration of the 'most faithful servant he ever had'.

**Oliver Cromwell** Princeton alumni weekly Greenspan examines a selection of Cromwell's conflicts, policies and imperial ventures to explore the ways in which the media was instrumental in developing, promoting and legitimizing government actions.

Princeton Alumni Weekly Taylor & Francis The first volume in a pioneering account of Oliver Cromwell—providing a major new interpretation of one of the greatest figures in history Oliver Cromwell (1599–1658)—the only English commoner to become the overall head of state—is one of the great figures of history, but his character was very complex. He was at once courageous and devout, devious and self-serving; as a parliamentarian, he was devoted to his cause; as a soldier, he was ruthless. Cromwell's speeches and writings surpass in quantity those of any other ruler of England before Victoria and, for those seeking to understand him, he has usually been taken at his word. In this remarkable new work, Ronald Hutton untangles the facts from the fiction. Cromwell, pursuing his devotion to God and cementing his Puritan support base, quickly transformed from obscure

provincial to military victor. At the end of the first English Civil War, he was poised to take power. Hutton reveals a man who was both genuine in his faith and deliberate in his dishonesty—and uncovers the inner workings of the man who has puzzled biographers for centuries. *The Rise of Thomas Cromwell* IGI Global Little integrates the latest research from younger and established scholars to provide a new evaluation and 'biography'

of Cromwell. The book challenges received wisdom about Cromwell's rise to power, his political and religious beliefs, his relationship with various communities across the British Isles and his role as Lord Protector.

[Beetle Conservation](#) Routledge Explores the relationship between health and religion based on the model offered by the Hindu traditions of Yoga, Ayurveda,

and Tantra.

*Bulletin of Bibliography* Routledge Popular interest in Cromwell has often exceeded the originality of what has been written about him. Barclay's study comes out of meticulous research on a huge range of newly discovered primary sources, transforming our understanding of the life and career of Oliver Cromwell during the period from his birth in 1599 until 1642.
