Oxford Revise: AQA GCSE Physics  
Revision and Exam Practice Philip Allan  
Written by experienced examiners Alyn  
McFarland and Nora Henry, this Student  
Guide for Chemistry: -Identifies the key  
content you need to know with a concise  
summary of topics examined in the A-  
level specifications - Enables you to  
measure your understanding with exam  
tips and knowledge check questions,  
with answers at the end of the guide -

Helps you to improve your exam  
technique with sample answers to exam-  
style questions -Develops your  
independent learning skills with content  
you can use for further study and  
research

**REVISE AQA AS/A Level Chemistry  
Exam Skills Builder Book** Hodder  
Education

COLOURED EDITION! Tired of writing  
your own revision notes? Unsure what to  
put in and what to leave out? Use  
professional ones! These condensed  
revision notes (coloured flashcards) are  
designed to facilitate memorization.

They have been created by a very experienced, professional Chemistry tutor. Dr C. Boes has successfully taught over fifty A-level students in the last ten years. Many of these have achieved excellent grades in their exams and went on to study medicine. These notes contain all the necessary exam knowledge in a short, easy to memorize form. Each page covers the key facts, such as definitions or equations, of a single topic, without the distraction of unnecessary information. Knowing them by heart makes it easy to get top grades. Tried, tested and proven by past tuition students, they are an effective and successful tool to prepare for exams. They have been adapted to the new AQA Chemistry A-level Year 1 & AS syllabus (from Sept 15). This book is

organized in chapters according to the syllabus and allows natural progression in sync with your school work. Created with great care, it includes important information specific to exam questions. The low price offers great value and gives many students the opportunity to experience its benefits. This small book will save you hours of painstaking note writing. It is less messy than loose paper sheets and easy to carry around. Memorize on the bus or while you wait. Try it now! This is the coloured version of the black & white edition 'A-Level Chemistry Revision Notes AQA Year 1 & AS - New Syllabus 2015' (ISBN-10: 1519797869).  
*A-level Chemistry Exam Board: AQA*  
Oxford University Press - Children  
AQA Approved Help students to apply

and develop their knowledge, progressing from basic concepts to more complicated Chemistry, with worked examples, practical activities and mathematical support throughout - Provides support for all 12 required practicals with activities that introduce practical work and other experimental investigations in Chemistry - Offers detailed examples to help students get to grips with difficult concepts such as Physical Chemistry calculations - Mathematical skills are integrated throughout the book and all summarised in one chapter for easy reference - Allows you to easily measure progression with Differentiated End of Topic questions and Test Yourself Questions - Develops understanding with free online access to Test yourself

Answers, an Extended Glossary, Learning Outcomes and Topic Summaries AQA A-level Chemistry Year 1 includes AS-level.

For the Ib Diploma Hodder Education Practise and prepare for AQA A-level Chemistry with hundreds of topic-based questions and one complete set of exam practice papers designed to strengthen knowledge and prepare students for the exams. This extensive practice book raises students' performance by providing 'shed loads of practice', following the 'SLOP' learning approach that's recommended by teachers. - Consolidate knowledge and understanding with practice questions for every topic and type of question, including multiple-choice, multi-step calculations and extended response

questions. - Develop the mathematical, literacy and practical skills required for the exams; each question indicates in the margin which skills are being tested. - Confidently approach the exam having completed one set of exam-style practice papers that replicate the types, wording and structure of the questions students will face. - Identify topics and skills for revision, using the page references in the margin to refer back to the specification and accompanying Hodder Education Student Books for remediation. - Easily check answers with fully worked solutions and mark schemes provided in the book.

*NEW A-LEVEL CHEMISTRY AQA REVISION QUESTION CARDS.* Collins Educational  
Ensure your students get to grips with the core practicals and develop the skills

needed to succeed with an in-depth assessment-driven approach that builds and reinforces understanding; clear summaries of practical work with sample questions and answers help to improve exam technique in order to achieve higher grades. Written by experienced teacher Nora Henry, this Student Guide for practical Chemistry: - Help students easily identify what they need to know with a concise summary of required practical work examined in the A-level specifications. - Consolidate understanding of practical work, methodology, mathematical and other skills out of the laboratory with exam tips and knowledge check questions, with answers in the back of the book. - Provide plenty of opportunities for students to improve exam technique

with sample answers, examiners tips and exam-style questions. - Offer support beyond the Student books with coverage of methodologies and generic practical skills not focused on in the textbooks.

**A-Level Chemistry** Oxford University Press, USA

This comprehensive Study Guide reinforces all the key concepts for the 2014 syllabus, ensuring students develop a clear understanding of all the crucial topics at SL and HL. Breaking concepts down into manageable sections and with diagrams and illustrations to cement understanding, exam preparation material is integrated to build student confidence and assessment potential. Directly linked to the new Oxford Chemistry Course Book to extend and sharpen comprehension, this book

supports maximum achievement in the course and assessment. About the series: Reinforce student understanding of all the crucial subject material. Fully comprehensive and matched to the most recent syllabuses, these resources provide focused review of all important concepts, tangibly strengthening assessment potential.

NEW A-LEVEL CHEMISTRY AQA PRACTICE PAPERS (FOR THE EXAMS IN 2020).
