HURLEY MONROE

About a Boy Walter de Gruyter

"A step-by-step guide through every aspect of the divorce process, whether it is smooth-sailing or a battle till the end. The updated edition includes new material on bankruptcy and foreclosure issues"--Provided by publisher.

Technological Pedagogical Content Knowledge John Wiley & Sons

The Labour government has embarked upon a root-and-branch remaking of the criminal justice system in England and Wales, with a mass of new legislation and constant high profile for criminal justice issues. This text explores the origins and wider implications of these policy developments.

The Second Book of Moses, Called Exodus OECD Publishing
 Three Finnish siblings head for the logging fields of nineteenth-century America in the New York Times–bestselling author's "commanding historical epic" (Washington Post). Born into a farm family, the three Koski siblings—Ilmari, Matti, and Aino—are

raised to maintain their grit and resiliency in the face of hardship. This lesson in *sisu* takes on special meaning when their father is arrested by imperial Russian authorities, never to be seen again. Lured by the prospects of the Homestead Act, Ilmari and Matti set sail for America, while young Aino, feeling betrayed and adrift after her Marxist cell is exposed, follows soon after. The brothers establish themselves among a logging community in southern Washington, not far from the Columbia River. In this New World, they each find themselves—Ilmari as the family's spiritual rock; Matti as a fearless logger and entrepreneur; and Aino as a fiercely independent woman and union activist who is willing to make any sacrifice for the cause that sustains her. Layered with fascinating historical detail, this novel bears witness to the stump-ridden fields that the loggers—and the first waves of modernity—leave behind. At its heart, *Deep River* explores the place of the individual, and of the immigrant, in an America still in the process of defining its own identity.

Emerging Writers Penguin

From the author of *Margherita Dolce Vita* One late-winter morning as he is "hop-hiking" downhill toward his character-building destination, a vomit-yellow cube surrounded by a garden of

barbarously unkempt weeds known as the Bisacconi elementary school, Stefano Benni's young hero encounters a peculiar man-- as big as a mountain and as filthy as a garbage dump, with a vast beard the color of a dung-heap, dressed from head to foot in layers and rags, and in the company of a swarm of buzzing flies. A god, perhaps? A pagan divinity? Who can tell! After a brief tête-à-tête, this earthy apparition endows the young boy with a rare gift: an internal "duoclock" that allows him to see into the future and at the same time exist in the present with an uncommon fullness. Meet Timeskipper. Timeskipper sees and foresees the epochal events of his era from postwar reconstruction to the birth of television--from the golden age of rock'n'roll to the revolutionary sixties and the turbulent seventies. These events are tenderly offset by his own private experiences: his first love, his first job, leaving home, hilariously wild adventures with oddball acquaintances. This vibrant fictional character is the repository of our collective experience. His is the story of our time, an era of momentous change. A moving and inventive satiric tale in which imagination defies corruption and conformity, in which the innocence of yesteryear comes face-to-face with the moral aridity of today's money-obsessed society, Timeskipper is one of Stefano Benni's most touching and enduring creations. Colored by Benni's trademark linguistic inventiveness and irresistible humor, this is a coming-of-age story with a difference. Mapping Linguistic Diversity in Multicultural Contexts Freeport, N.Y. : Books for Libraries Press

The Emmy award-winning former executive producer of *The Daily Show* and *The Colbert Report* has assembled a stellar lineup of men who have one thing in common: all have been dumped...and are willing to share their pain and the lessons learned.

Relationships end. And in most cases, even the most callow among us, even men, learn something from the experience. Now in this smart, funny, and insightful anthology, some of our most impressive comedic and creative (male) minds, including Stephen Colbert, Nick Hornby, Andy Richter, Bob Odenkirk, Patton Oswalt, Dan Savage, and Adam Schlesinger, share with us what they've learned from that all-too-universal experience: being dumped. Whether it be major life lessons, like "The Heart is a Choking Hazard," simple truths like, "A Dog is No Reason to Stay Together," or profound realizations like, "Persistence is for Suckers," **THINGS I'VE LEARNED FROM WOMEN WHO'VE DUMPED ME** is about that salient something men take away from failed relationships. Not a touchy-feely, self-help book, this extraordinary collection is packed with stories often painful, sometimes poignant, but always entertaining, from men you probably thought never got dumped -- or if they did, would never admit it.

ISBD (PM) Springer

With her delicate touch, Sofia Bauer restores books to their original splendor. In this art she finds refuge from her crumbling marriage and the feeling that her once-vibrant life is slipping away. Then an antique German edition takes her breath away. Slipped covertly into the endpapers is an intriguing missive, the first part of a secret...from one bookbinder to another. Two hundred years ago, Clarice von Harmel defied the constraints of family and society to engage in a profession forbidden to women. Within three separate volumes, Clarice bound her own hidden story filled with pain, longing, and love beyond all reason. A confession that now crosses centuries to touch the heart of a stranger.

Comparative Youth Justice Canongate Books

This is a special book about special people. People who have loved me, and whom I have loved. People who have brought me joy beyond measure, and sometimes incredible pain. People I have hurt, sometimes more than I can bear to think about. People

who have hurt me, sometimes more than they know. Yet each of their gifts has been precious, each moment treasured, each face, each smile, each victory, each defeat woven into the fiber of my being. In retrospect, all of it is beautiful, because we cared so much. In essence, this book covers fifteen years of my life, and a handful of precious people who mean, and have meant everything to me. This book is written for them. With much love, d.s.

Taxing Wages 2019 Bloomsbury Publishing

The Law of Evidence has traditionally been perceived as a dry, highly technical, and mysterious subject. This book argues that problems of evidence in law are closely related to the handling of evidence in other kinds of practical decision-making and other academic disciplines, that it is closely related to common sense and that it is an interesting, lively and accessible subject. These essays develop a readable, coherent historical and theoretical perspective about problems of proof, evidence, and inferential reasoning in law. Although each essay is self-standing, they are woven together to present a sustained argument for a broad inter-disciplinary approach to evidence in litigation, in which the rules of evidence play a subordinate, though significant, role. This revised and enlarged edition includes a revised introduction, the best-known essays in the first edition, and chapters on narrative and argumentation, teaching evidence, and evidence as a multi-disciplinary subject.

Gazzetta ufficiale della Repubblica italiana. Parte prima, 4. serie speciale, Concorsi ed esami Simon & Schuster Books For Young Readers

Five years of research were needed to conceive this exceptional guide, which will allow all lovers of Venice and the Venetians themselves to start exploring the most extraordinary city in the world, away from the beaten path.

Why does the United States continue to employ the death penalty when fifty other developed democracies have abolished it? Why does capital punishment become more problematic each year? How can the death penalty conflict be resolved? In *The Contradictions of American Capital Punishment*, Frank Zimring reveals that the seemingly insoluble turmoil surrounding the death penalty reflects a deep and long-standing division in American values, a division that he predicts will soon bring about the end of capital punishment in our country. On the one hand, execution would seem to violate our nation's highest legal principles of fairness and due process. It sets us increasingly apart from our allies and indeed is regarded by European nations as a barbaric and particularly egregious form of American exceptionalism. On the other hand, the death penalty represents a deeply held American belief in violent social justice that sees the hangman as an agent of local control and safeguard of community values. Zimring uncovers the most troubling symptom of this attraction to vigilante justice in the lynch mob. He shows that the great majority of executions in recent decades have occurred in precisely those Southern states where lynchings were most common a hundred years ago. It is this legacy, Zimring suggests, that constitutes both the distinctive appeal of the death penalty in the United States and one of the most compelling reasons for abolishing it. Impeccably researched and engagingly written, *Contradictions in American Capital Punishment* casts a clear new light on America's long and troubled embrace of the death penalty.

Rethinking Evidence IGI Global

Technological pedagogical content knowledge (TPCK) reflects a new direction in understanding the complex interactions among content, pedagogy, learners and technology that can result in successful integration of multiple technologies in teaching and

learning. The purpose of this edited volume is to introduce TPCK as a conceptual framework for grounding research in the area of teachers' cognitive understanding of the interactions of technology with content, pedagogy and learner conceptions. Accordingly, the contributions will constitute systematic research efforts that use TPCK to develop lines of educational technology research exemplifying current theoretical conceptions of TPCK and methodological and pedagogical approaches of how to develop and assess TPCK.

Illustrated English Social History: Chaucer's England and the early Tudors Rizzoli International Publications

The time of Carnival represents a "wild" time at the end of winter and pointing to the beginning of a new season. It is characterized by the irruption of border figures, animal masks, characters which recall the world of the dead and which bring within themselves the germ of a vital force, of the energy that produces the reawakening of nature and announces the growth and fertility of the new crops. This wild domain shows itself under the shapes of a contiguity between human and animal: the costumes, the masks, refer to a world in which the characteristics of the human and those of the animal are fused and intertwined. Among these figures, in particular, emerge those of the Wild Man, the human being who takes on animal-like attributes and aspects, and of the Bear, the animal that, more than all the others, gets as close as possible to the human and seems to reflect a deformed image of it. Such symbolic images come from far off times and places to tell a story that belongs to our common origins. The bear assumes attributes and functions alike in very different cultural contexts, such as the Sámi of Finland or North-American hunter-gatherers, and represents a boundary between the world of nature and the human world, between the domain of animals and the difficult construction of humanity: a process continued for centuries, perhaps millennia, and which cannot still be said complete.

Football Lichee Publications

Six full practice tests plus easy-to-follow expert guidance and exam tips designed to guarantee exam success. As well as six full practice tests, First Certificate Trainer offers easy-to-follow expert guidance and exam tips designed to guarantee exam success. The first two tests are fully guided with step-by-step advice on how to tackle each paper. Extra practice activities, informed by the Cambridge Learner Corpus, a bank of real candidates' exam papers, focus on areas where students typically need most help. These Audio CDs feature the listening activities from the tests and are available separately or with the 'with answers' edition.

Deep River Pine Forge Press

A "superlative spy novel" (New York Times) by the author of the bestselling espionage thrillers *Body of Lies* and *The Director*. *Agents of Innocence* is the book that established David Ignatius's reputation as a master of the novel of contemporary espionage. Into the treacherous world of shifting alliances and arcane subterfuge comes idealistic CIA man Tom Rogers. Posted in Beirut to penetrate the PLO and recruit a high-level operative, he soon learns the heavy price of innocence in a time and place that has no use for it.

The Legislation of Morality: Law, Drugs, and Moral Judgment Penguin UK

A wise, hilarious novel from the beloved, award-winning author of *Dickens* and *Prince*, *Funny Girl* and *High Fidelity* Will Freeman may have discovered the key to dating success: If the simple fact that they were single mothers meant that gorgeous women – women who would not ordinarily look twice at a Will – might not only be willing, but enthusiastic about dating him, then he was really onto something. Single mothers – bright, attractive, available women – thousands of them, were all over London. He just had to

find them. SPAT: Single Parents – Alone Together. It was a brilliant plan. And Will wasn't going to let the fact that he didn't have a child himself hold him back. A fictional two-year-old named Ned wouldn't be the first thing he'd invented. And it seems to go quite well at first, until he meets an actual twelve-year-old named Marcus, who is more than Will bargained for...

Thinking about Crime Grand Central Publishing

Within the European context, linguistic diversity can be studied at the level of both official state languages and non-national languages. This comprehensive overview offers insightful crossnational and crosscontinental perspectives on non-national languages in terms of both regional and immigrant languages. The book focuses on mapping linguistic diversity in both the private and public domain. Methodological issues and empirical outcomes are explored for a variety of European and non-European countries and languages. The book consists of four parts. Part 1 provides an introduction to the subject, as well as an overview and discussion of migration statistics and language use. Part 2 deals with the mapping of regional languages in Europe, exemplified by case studies on Welsh, Basque, and Frisian. Part 3 focuses on immigrant languages in Europe and includes case studies from both national (Switzerland, Italy, France) and crossnational (Multilingual Cities Project) perspectives. Part 4 turns to mapping linguistic diversity abroad with case studies on Australia, South Africa, Turkey, and Japan.

One Hundred Years of Slovak Literature Cambridge University Press

Prohibitions against offensive conduct have existed for many years, but their extent and use was on the decline. Recently, however, several jurisdictions, including England and Wales, have moved to broaden the reach and severity of measures against incivilities. New measures include expanded targeting of unpopular forms of public conduct, such as begging, and legislation authorising magistrates to issue prohibitory orders against anti-social behaviour. Because these quality-of-life prohibitions can be so restrictive of personal liberties, it is essential to develop adequate guiding and limiting principles concerning State intervention in this area. This book addresses the legal regulation of offensive behaviour. Topics include: the nature of offensiveness; the grounds and permissible scope of criminal prohibitions against offensive behaviour; the legitimacy of civil orders against incivilities; and identifying the social trends that have generated current political interest in preventing incivilities through intervention of law. These questions are addressed by eleven distinguished philosophers, criminal law theorists, criminologists, and sociologists. In an area that has attracted much public comment but little theoretical analysis to date, these essays develop a fuller conceptual framework for debating questions about the legal regulation of offensive behaviour.

Lock No. 1 Atlantic Monthly Press

The first collection of articles on this topic is as international and varied as football itself. The publication covers media discourse, an online-dictionary of football terms, metaphors, the grammar of football commentary, emotions, football chants and football teams as multilingual eco-systems. Contributions from Sweden to Nigeria show how language operates in football. Would you know where football terms in Arabic come from? How does the German coach Otto Rehhagel communicate with the Greek players? Which language did Materazzi use when insulting Zidane? Which special words do German, Polish and Igbo have for running, dribbling, penalty area and foul? In which country do the Canaries play the Roaring Lions? Where are the famous footballers enshrined in a 'Hall of Fame'? Which metaphors do Swedish, German and Russian football commentators tend to use? Are the British really

less emotional than the Spanish when it comes to football commentating? And why are commentators from Russia to Italy speechless as soon as emotions really run high? That and much more is covered in this first wide-ranging compilation on the topic of football and language.

The Contradictions of American Capital Punishment Accademia University Press

This second edition reviews the field of business discourse, centring on the investigation of business language and communication as practice. It combines research-based discussions with innovative practical applications and promotes debate and enquiry on a range of competing issues, emerging from business discourse research and teaching practice.

Neropolis Editions Jonglez

A new translation of Georges Simenon's novel set in

claustrophobic provincial town, book eighteen in the new Penguin Maigret series. Cars drove past along with the trucks and trams, but by now Maigret had realised that they were not important. Whatever roared by like this along the road was not part of the landscape. ... What really counted was the lock, the hooting of the tugs, the stone crusher, the barges and the cranes, the two pilots' bars and especially the tall house where he could make out Ducrau's red chair framed by a window. Penguin is publishing the entire series of Maigret novels in new translations. This novel has been published in a previous translation as *The Lock at Charenton*. 'Compelling, remorseless, brilliant' John Gray 'One of the greatest writers of the twentieth century . . . Simenon was unequalled at making us look inside, though the ability was masked by his brilliance at absorbing us obsessively in his stories' Guardian 'A supreme writer . . . unforgettable vividness' Independent
