MAYA ALEXIS

Leatherwork Crowood

Since the introduction of man-made materials the use of hand-worked leather has declined, but the art and craft of leatherwork is still popular and designs can easily be produced at home in a wide range of shades and finishes. This practical book offers several projects aimed at all levels of skill, including a child's sheepskin hat and vest, suede

cushion covers, slippers, a personal organizer, a useful blanket carrier, a briefcase and a pair of sandals. An introduction to the basic techniques also outlines details of the essential materials and special tools and equipment that you will need, as well as ways of dyeing and finishing natural leather. Clear photographs of the finished projects will inspire you to try some of them out for yourself. A gallery of antique and contemporary pieces highlights the versatility and beauty of leather, and its use for everyday objects and clothing -

as well as for more ornate and decorative pieces.

The Art & Craft of Leatherwork

Kellock Robertson Press

Leather Work - A Practical Manual for Learners A & C Black

Leatherwork is a centuries-old craft which is as absorbing and enjoyable today as ever. This book introduces the basic tools and techniques needed before explaining more advanced ideas for designing and decorating leather. With an easy-to-follow text, step-by-step photographs and explanatory line drawings, this practical book describes how to use those techniques to make handmade items with a professional finish. Topics covered include: a guide to leather and the tools used for leatherworking; basic techniques

including joining leather and plaiting; design and cutting patterns; decoration - curving, stamping and colouring; projects ranging from making boxes to a bridle; care and repair of leather. The versatility of leather makes it an ideal medium for creativity and experimentation, and this practical book explains the techniques that can be used to make a range of objects. Beautifully illustrated with 180 step-by-step photographs and 20 explanatory line drawings.

Leather Work. A Practical Manual for Learners ... With ... Illustrations and ... Designs by the Author Independently Published

As a material, leather has been in use for thousands of years and yet its unique properties are continually being re-

discovered. At the moment leather is becoming quite fashionable and many artists are incorporating it in their work. The book begins with a brief history of the material and its properties. Then the author discusses the material itself - the different types, how to treat it, and the equipment needed to work with it. Finally, there is a wide range of projects which will guide the reader through a variety of techniques to make a broad collection of items from jewellery and clothing to boxes and shoes. All in all, this is an ideal introduction to this fascinating material.

Leather Working With Traditional Projects (Legacy Edition) Createspace Independent Publishing Platform

Plain Directions for Modelling in Leather is a strong and versatile material, and indispensable when you're working, hunting, or exploring outdoors. Hunter and outdoor professional Carsten Bothe offers the ultimate beginner's guide for this useful hobby. These photo-rich, step-by-step instructions prove that anyone can learn the techniques of cutting, sewing, and finishing to make, or repair, your essential leather items. You'll learn how to make a seam, to wet-

form, to apply button studs and rivets, and everything else needed to master the basics. Five useful projects--good-looking, and able to be put to practical use--help you put what you've learned into practice: make your own belt, dog leash, belt bag, knife sheath, and leather holster. Whether you are a hunter, reenactor, knifemaker, scout, horseback rider, or bushcraft fan, or you use leather in other ways, here is your guide to a new skill.
