addictive technology is  
designed to buy and sell  
our attention, and our  
value is determined by  
our 24/7 data  
productivity, it can seem  
impossible to escape. But  
in this inspiring field guide  
to dropping out of the  
attention economy, artist  
and critic Jenny Odell  
shows us how we can still  
win back our lives. Odell  
sees our attention as the  
most precious—and  
overdrawn—resource we  
have. And we must  
actively and continuously  
choose how we use it. We  
might not spend it on  
things that capitalism has  
deemed important ... but  
once we can start paying  
a new kind of attention,  
she writes, we can  
undertake bolder forms of  
political action, reimagine  
humankind's role in the  
environment, and arrive  
at more meaningful  
understandings of  
happiness and progress.  
Far from the simple anti-  
technology screed, or the  
back-to-nature meditation  
we read so often, How to  
do Nothing is an action  
plan for thinking outside

of capitalist narratives of  
efficiency and techno-  
determinism. Provocative,  
timely, and utterly  
persuasive, this book will  
change how you see your  
place in our world.

From the bestselling author of *Kafka on the Shore*: A magnificent coming-of-age story steeped in nostalgia, "a masterly novel" (The New York Times Book Review) blending the music, the mood, and the ethos that were the sixties with a young man's hopeless and heroic first love. Now with a new introduction by the author. Toru, a serious young college student in Tokyo, is devoted to Naoko, a beautiful and introspective young woman, but their mutual passion is marked by the tragic death of their best

friend years before. As Naoko retreats further into her own world, Toru finds himself drawn to a fiercely independent and sexually liberated young woman. Stunning and elegiac, *Norwegian Wood* first propelled Haruki Murakami into the forefront of the literary scene.

"When it comes to justice, there is no easy way to get it. You can't sugarcoat it. You have to take a stand and say, 'This is not right.'" - Claudette Colvin  
On March 2, 1955, an impassioned teenager, fed up with the daily injustices of Jim Crow segregation, refused to give her seat to a white woman on a segregated bus in Montgomery, Alabama. Instead of being celebrated as Rosa Parks would be just nine months later, fifteen-year-old Claudette Colvin found herself shunned by her classmates and dismissed by community leaders. Undaunted, a year later she dared to challenge segregation again as a key plaintiff in *Browder v. Gayle*, the landmark case that struck down the segregation laws of Montgomery and swept away the legal underpinnings of the Jim Crow South. Based on

extensive interviews with Claudette Colvin and many others, Phillip Hoose presents the first in-depth account of an important yet largely unknown civil rights figure, skillfully weaving her dramatic story into the fabric of the historic Montgomery bus boycott and court case that would change the course of American history. Claudette Colvin is the National Book Award Winner for Young People's Literature, a Newbery Honor Book, A YALSA Award for Excellence in Nonfiction for Young Adults Finalist, and a Robert F. Sibert Honor Book.

**Do Nothing** Houghton Mifflin Harcourt A New York Times bestseller, this extraordinary memoir from Huma Abedin—Hillary Clinton's famously private top aide and longtime advisor—offers “a gripping testament to the power of a woman finding her voice, owning her ambition, and sharing her truth” (Glennon Doyle). Abedin's stunning memoir garnered an extraordinary amount of media coverage, with appearances on CBS Sunday Morning, the Today show, The Late Show with Stephen

Colbert, The View, Late Night with Seth Meyers, Christiane Amanpour, and coverage in many other outlets, including The Washington Post, The New York Times, and NPR. The daughter of Indian and Pakistani intellectuals and advocates, Abedin grew up in the United States and Saudi Arabia and traveled widely. *Both/And* grapples with family, legacy, identity, faith, marriage, motherhood—and work—with wisdom, sophistication, grace, and clarity. Abedin launched full steam into a college internship in the office of the First Lady in 1996, never imagining that her work at the White House would blossom into a career in public service, nor that her career would become an all-consuming way of life. She thrived in rooms with diplomats and sovereigns, entrepreneurs and artists, philanthropists and activists, and witnessed many crucial moments in 21st-century American history—Camp David for urgent efforts at Middle East peace in the waning months of the Clinton administration, Ground Zero in the days after the September 11 attacks, the inauguration of the first African American

president of the United States, and the convention floor when America nominated its first female presidential candidate. Abedin's relationship with Hillary Clinton has seen both women through extraordinary personal and professional highs, as well as unimaginable lows. Here, for the first time, is a deeply personal account of Clinton as mentor, confidante, and role model. Abedin cuts through caricature, rumor, and misinformation to reveal a crystal-clear portrait of Clinton as a brilliant and caring leader, a steadfast friend, generous, funny, hardworking, and dedicated. *Both/And* is “the story of a person of substance—someone determined to tell her own story” (The New York Times) including the heartbreaking chronicle of her marriage to Anthony Weiner, what drew her to him, how much she wanted to believe in him, the devastation wrought by his betrayals—and their shared love for their son. Abedin's journey through the opportunities and obstacles, the trials and triumphs, of a full and complex life is a testament to her profound belief that in an

increasingly either/or world, she can be both/and. Abedin's compassion and courage, her resilience and grace, her work ethic and mission are an inspiration to women of all ages.

**Staging Place** Lulu.com #1 NEW YORK TIMES BESTSELLER • The brilliant coming-of-age-and-into-superstardom story of one of the greatest artists of all time, in his own words—featuring never-before-seen photos, original scrapbooks and lyric sheets, and the exquisite memoir he began writing before his tragic death NAMED ONE OF THE BEST MUSIC BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND THE GUARDIAN • NOMINATED FOR THE NAACP IMAGE AWARD Prince was a musical genius, one of the most beloved, accomplished,

and acclaimed musicians of our time. He was a startlingly original visionary with an imagination deep enough to whip up whole worlds, from the sexy, gritty funk paradise of "Uptown" to the mythical landscape of *Purple Rain* to the psychedelia of "Paisley Park." But his most ambitious creative act was turning Prince Rogers Nelson, born in Minnesota, into Prince, one of the greatest pop stars of any era. *The Beautiful Ones* is the story of how Prince became Prince—a first-person account of a kid absorbing the world around him and then creating a persona, an artistic vision, and a life, before the hits and fame that would come to define him. The book is told in four parts. The first is the memoir Prince was writing before his tragic death, pages that bring us into his childhood world through his own lyrical prose. The second part takes us through Prince's early years as a musician, before his first album was released, via an evocative scrapbook of writing and photos. The third section shows us Prince's evolution through candid images that go up to the cusp of his greatest achievement, which we

see in the book's fourth section: his original handwritten treatment for *Purple Rain*—the final stage in Prince's self-creation, where he retells the autobiography of the first three parts as a heroic journey. The book is framed by editor Dan Piepenbring's riveting and moving introduction about his profound collaboration with Prince in his final months—a time when Prince was thinking deeply about how to reveal more of himself and his ideas to the world, while retaining the mystery and mystique he'd so carefully cultivated—and annotations that provide context to the book's images. This work is not just a tribute to an icon, but an original and energizing literary work in its own right, full of Prince's ideas and vision, his voice and image—his undying gift to the world.

Deemed an unrepentant aristocrat by a Bolshevik tribunal, the Count has been sentenced to house arrest indefinitely. While Russia undergoes decades of tumultuous upheaval, the Count, stripped of the trappings that defined his life, is forced to question what makes us who we are. "You are here, a map declares, but of course you are not, any more than you truly occupy the vantage point into which a landscape painting puts you. How maps and paintings figure and reconfigure space--as well as our place in it--is the subject of Edward S. Casey's study, an exploration of how we portray the world and its many places. Casey's discussion ranges widely from Northern Song landscape painting to nineteenth-century American and British landscape painting and photography, from prehistoric petroglyphs and medieval portolan charts to seventeenth-century Dutch cartography and land survey maps of the American frontier. From these culturally and historically diverse forays a theory of representation emerges. Casey proposes that the representation of place in visual works be judged in terms not of resemblance, but of

reconnecting with an earth and world that are not the mere content of mind or language--a reconnection that calls for the embodiment and implacement of the human subject." -- Book jacket.

### **Sidetracked** Random House

Updated to include a new chapter about the influence of social media and the Internet—the 20th anniversary edition of *Bowling Alone* remains a seminal work of social analysis, and its examination of what happened to our sense of

community remains more relevant than ever in today's fractured America. Twenty years, ago, Robert D. Putnam made a seemingly simple observation: once we bowled in leagues, usually after work; but no longer. This seemingly small phenomenon symbolized a significant social change that became the basis of the acclaimed bestseller, *Bowling Alone*, which *The Washington Post* called "a very important book" and Putnam, "the de Tocqueville of our generation." *Bowling Alone* surveyed in detail Americans' changing behavior over the decades, showing how we had become increasingly disconnected from family, friends, neighbors, and social structures, whether it's with the PTA, church, clubs, political parties, or bowling leagues. In the revised edition of his classic work, Putnam shows how our shrinking access to the "social capital" that is the reward of communal activity and community sharing still poses a serious threat to our civic and personal health, and how these consequences have a new resonance for our divided country today. He includes critical new material on the pervasive

influence of social media and the internet, which has introduced previously unthinkable opportunities for social connection—as well as unprecedented levels of alienation and isolation. At the time of its publication, Putnam's then-groundbreaking work showed how social bonds are the most powerful predictor of life satisfaction, and how the loss of social capital is felt in critical ways, acting as a strong predictor of crime rates and other measures of neighborhood quality of life, and affecting our health in other ways. While the ways in which we connect, or become disconnected, have changed over the decades, his central argument remains as powerful and urgent as ever: mending our frayed social capital is key to preserving the very fabric of our society.
