Flight to Heaven Hampton Roads Publishing

Yevgeny Zamyatin's *We* is set in an urban glass city called
OneState, regulated by spies and secret police. Citizens of the
tyrannical OneState wear identical clothing and are distinguished
only by the number assigned to them at birth. The story follows a
man called D-503, who dangerously begins to veer from the
'norms' of society after meeting I-330, a woman who defies the
rules. D-503 soon finds himself caught up in a secret plan to
destroy OneState and liberate the city. The failed utopia of *We*
has been compared to the works of H.G. Wells, George Orwell,
and Aldous Huxley. It was the first novel banned by the Soviets in
1921, and was finally published in its home country over a half-

century later. We is a part of Momentum's Classic Science Fiction series. "The best single work of science fiction yet written." — Ursula K. Le Guin

My Life After Dying Bethany House

Placed on a ventilator for lung failure in 1999, M.K. McDaniel fought for her life in a drug-induced coma for three weeks. *Misfit In Hell To Heaven Expat* is based on a story of M.K.'s experiences before, during, and after a Dark Near-Death Experience. Her family waited and prayed, totally unaware of the horrors M.K. was bravely facing and miserably enduring in a seemingly eternal hell, culminating in her eventual glimpse of heaven and chat with her deceased fiancé. But M.K. still had work to do on Earth.

During her lengthy recovery, as M.K. reflected on the purpose of her experiences in the Afterlife, she recalled the tribulations of her family ancestors and their courage to survive. If they could overcome their overwhelming obstacles, then so could she. As memories of former earthly hellish traumas surfaced and seemed to parallel her actual hell experiences, M.K. sought out others with the same story. She eventually found solace, hope, and understanding at the International Association of Near-Death Studies meetings in Seattle. IANDS offered insights, camaraderie, and joy she had nearly forgotten to be possible in this life.

Uplifting, humorous, chilling, and engrossing, *Misfit In Hell To Heaven Expat* takes the reader by the hand to safely explore our human and otherworldly selves. Its gentle message will help the reader find their way along the bumpy, earthly road to eternity.

God intends fulfillment for us. Yet it's easy to forget that truth in our daily life. For fifty years, Elizabeth Sherrill cowrote life-changing books: *The Hiding Place*, *God's Smuggler*, and *The Cross and the Switchblade*. Now for the first time, in *Surprised by Grace*, she shares her personal discoveries of God's unfathomable love and strength while battling chronic depression and self-doubt. "When God created you, do you think He meant to make someone else?" a friend asks Sherrill. Faced with questions like these, she learns she's infinitely valued and cherished by God. In vivid episodes, Sherrill takes you through the three stages of her awakening joy, from the thirty-some years when the idea of God was elusive to the years since then when she's reveled in breathtaking moments in God's presence and to her inspiring vision of eternity. In *Surprised by Grace*, you'll discover that God loves you individually and infinitely. You can find real peace, for you are God's amazing creation. Let that truth

echo forever in your own life.

For centuries the world has been misled about the original source of the Arts and Sciences; for centuries Socrates, Plato and Aristotle have been falsely idolized as models of intellectual greatness; and for centuries the African continent has been called the Dark Continent, because Europe coveted the honor of transmitting to the world, the Arts and Sciences. It is indeed surprising how, for centuries, the Greeks have been praised by the Western World for intellectual accomplishments which belong without a doubt to the Egyptians or the peoples of North Africa.

Near-death experiences (NDEs) are common, well-documented, and similar across cultures throughout the world. Current estimates are that between 4 and 15 percent of the world's population have had an NDE. Some of the fascination with NDEs comes from the fact that they often result in great leaps in personal growth. These leaps are characterized by the loss of the fear of death, the healing of deep hurts, an increase in self-esteem and compassion for others, a sense of union with all things, and a clearer sense of how to fulfill one's purpose in life. This is a book that teaches readers how to reap the benefits of NDEs without having to experience trauma. In the course of their many workshops around the world, the authors have discovered

that when one immerses oneself in accounts of NDEs, one can experience love, hope, healing, and a sense of purpose. This is the only book that systematically encourages the reader to create a spiritual and psychological healing practice based on NDEs. Each chapter includes an account of a fascinating NDE, followed by a series of questions, meditations, exercises, and video links. The reader is encouraged to contemplate these stories and their own lives. It is truly a profound guide to both living and dying.

Described by Virginia Woolf herself as 'easily the best of my books', and by her husband Leonard as a 'masterpiece', *To the Lighthouse*, first published in 1927, is one of the milestones of Modernism. Set on the Isle of Skye, over a decade spanning the First World War, the narrative centres on the Ramsay family, and is framed by Mrs Ramsay's promise to take a trip to the lighthouse the next day - a promise which isn't to be fulfilled for a decade. Flowing from character to character and from year to year, the novel paints a moving portrait of love, loss and perception. Bearing all the hallmarks of Woolf's prose, with her delicate handling of the complexities of human relationships, *To the Lighthouse* has earned its reputation - frequently appearing in lists of the best novels of the twentieth century, it has lost not an iota of brilliance.

#1 NEW YORK TIMES BESTSELLER • WINNER OF THE MAN BOOKER PRIZE The “devastatingly moving” (People) first novel from the author of Tenth of December: a moving and original father-son story featuring none other than Abraham Lincoln, as well as an unforgettable cast of supporting characters, living and

dead, historical and invented Named One of Paste's Best Novels of the Decade • Named One of the Ten Best Books of the Year by The Washington Post, USA Today, and Maureen Corrigan, NPR • One of Time's Ten Best Novels of the Year • A New York Times Notable Book • One of O: The Oprah Magazine's Best Books of the Year February 1862. The Civil War is less than one year old. The fighting has begun in earnest, and the nation has begun to realize it is in for a long, bloody struggle. Meanwhile, President Lincoln's beloved eleven-year-old son, Willie, lies upstairs in the White House, gravely ill. In a matter of days, despite predictions of a recovery, Willie dies and is laid to rest in a Georgetown cemetery. “My poor boy, he was too good for this earth,” the president says at the time. “God has called him home.” Newspapers report that a grief-stricken Lincoln returns, alone, to the crypt several times to hold his boy's body. From that seed of historical truth, George Saunders spins an unforgettable story of familial love and loss that breaks free of its realistic, historical framework into a supernatural realm both hilarious and terrifying. Willie Lincoln finds himself in a strange purgatory where ghosts mingle, gripe, commiserate, quarrel, and enact bizarre acts of penance. Within this transitional state—called, in the Tibetan tradition, the bardo—a monumental struggle erupts over young Willie's soul. Lincoln in the Bardo is an astonishing feat of imagination and a bold step forward from one of the most important and influential writers of his generation. Formally daring, generous in spirit, deeply concerned with matters of the heart, it is a testament to fiction's ability to speak honestly and powerfully to the things that really matter to us. Saunders has invented a thrilling new form that deploys a kaleidoscopic,

theatrical panorama of voices to ask a timeless, profound question: How do we live and love when we know that everything we love must end? "A luminous feat of generosity and humanism."—Colson Whitehead, *The New York Times Book Review* "A masterpiece."—Zadie Smith
