 In today's world, we're constantly rushing from one thing to the next and are struggling with information overload. We're more disconnected from ourselves and our loved ones than ever before. Rediscover the joy of the simple things through the Danish concept of Hygge in The Cozy Life. This book will inspire you to slow down and enjoy life's cozy moments! * Learn about the Danish cultural phenomenon of Hygge, and the secret to why Denmark is consistently rated the happiest country in the world * Embrace the little things and take simplicity and minimalism up a notch * Add Hygge into every aspect of your life with practical examples and tips * Say goodbye to the Winter Blues and live a healthier, centred life This charming little book, filled with hand drawn illustrations, beautifully addresses that yearning we all have for a more authentic life, created by ourselves instead of external forces. What's stopping you from living a more meaningful and connected life?

Holt Pre-Calculus SAGE Publications

Presenting current research in an innovative text-reader format, Aging: Concepts and Controversies, Ninth Edition encourages students to become involved and take an informed stand on the major aging issues we face as a society. Not simply a summary of research literature, Harry R. Moody and Jennifer R. Sasser's text focuses on controversies and questions, rather than on

assimilating facts or arriving at a single "correct" view about aging and older people. Drawing on their extensive expertise, the authors first provide an overview of aging in three domains: aging over the life course, health care, and the socioeconomic aspects of aging. Each section is followed by a series of edited readings, offering different perspectives from experts and specialists on that subject. New readings focus on whether current federal spending on the elderly is sustainable and fair to other groups, how older consumers are reshaping the business landscape, and the challenges of marketing and selling to customers 60 and over. More emphasis is placed on how social class and inequality earlier in life can shape our final years and the number of older Americans living in poverty. The section on Aging and Health Care has been thoroughly updated to reflect the latest data about chronic diseases that affect the elderly, government spending on health care, and policy changes to programs like Medicaid and Medicare. The section on the Social and Economic Outlook for an Aging Society gives the most current picture of the racial and ethnic diversity of older Americans, their participation in the labor force, and their income and wealth.

Rediscover the Joy of the Simple Things Through the Danish Concept of Hygge Simon and Schuster

Brilliant. Colorful. Visionary. Tenacious. Witty. Since his appointment to the Supreme Court in 1986, Associate Justice Antonin Scalia has been described as all of these things and for good reason. He is perhaps the best-known justice on the Supreme Court today and certainly the most controversial. Yet

most Americans have probably not read even one of his several hundred Supreme Court opinions. In Scalia Dissents, Kevin Ring, former counsel to the U.S. Senate's Constitution Subcommittee, lets Justice Scalia speak for himself. This volume—the first of its kind—showcases the quotable justice's take on many of today's most contentious constitutional debates. Scalia Dissents contains over a dozen of the justice's most compelling and controversial opinions. Ring also provides helpful background on the opinions and a primer on Justice Scalia's judicial philosophy. Scalia Dissents is the perfect book for readers who love scintillating prose and penetrating insight on the most important constitutional issues of our time.

Aging Holt Rinehart & Winston

Raised with limited peer interaction, Ernestine St Bennett has difficulty interpreting social cues. At twenty-five she's become a loner; a shy nerd immersed in her scientific studies, whose best friend is her pet fish, Waldo. Then Ernestine meets Simon Prime, who's obviously a nerd, too! Sympathizing with his social dysfunction, Ernie decides to help poor Simon increase his self-esteem and thus enhance his social standing. Using principles learned in her fish studies, she'll simply turn Simon from meek to macho. What Ernestine doesn't know (but Waldo suspects) is that Simon Prime is really ex-cop, private investigator Sam Pierce in disguise. A man who definitely doesn't need his masculinity enhanced!
