A hymnal featuring the greatest hymns
of church history and today.

Faith Hill Crossway

Western culture no longer has a broad
Christian understanding. In fact, much of
what American media dishes out is
pantheistic or anti-religious. Sociological
research indicates that a multitude of
beliefs have crept into Christian

understandings of faith. This situation is
not new. As early as the fifteenth
century, Erasmus asserted that the
greatest concern of his time was that
Christians were most often “rank
heathens” when it came to their
orthodoxy. It is also apparent that
attendance at Sunday school, Vacation
Bible School, and other gatherings has
fallen at a great rate. The author
believes providing Christian education in
the context of worship is therefore the
best opportunity for reaching believers
with historical elements of faith. A
twenty-four-part lectionary-based
catechetical curriculum is provided for

worship. With it, congregations can dwell in a sermon series that is surrounded by supportive full-bodied worship.

For those who want to love God with their hearts and minds, editors Kelly Monroe Kullberg and Lael Arrington weave together both inspiration and illumination throughout this collection of daily readings. *Faith and Culture: A Guide to a Culture Shaped by Faith* translates the ideas of today's Christian thought leaders, delivering them in accessible portions that fit into anyone's busy schedule. Each chapter interacts with one of seven recurring themes: the Bible and theology, literature, history, contemporary culture, the arts, science and math, and philosophy. Along the way, Kullberg and Arrington explore significant ideas, people, and events from a distinctly Christian worldview. Some of the readings in this book include: Thee Secret Gospels (the Bible

and theology), Slavery (history), A Response to God's Beauty (art), Globalization (contemporary culture), and more. Each day spent with this illuminating guide will inspire readers to wonder at the genius, power, and beauty of Jesus.

Hymns and the music the church sings are tangible means of expressing worship. And while worship is one of, if not the, central functions of the church along with mission, service, education, justice, and compassion, and occupies a prime focus of our churches, a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship. Hymns and Hymnody: Historical and Theological Introductions

is a 60-chapter, three-volume introductory textbook describing the most influential hymnists, liturgists, and musical movements of the church. This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers that have impacted the church over the course of twenty centuries. Volume 1 explores the early church and concludes with the Renaissance era hymnists. Volume 2 begins with the Reformation and extends to the eighteenth-century hymnists and liturgists. Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty-first century. Each chapter contains these five elements: historical background, theological perspectives communicated

in their hymns/compositions, contribution to liturgy and worship, notable hymns, and bibliography. The mission of Hymns and Hymnody is (1) to provide biographical data on influential hymn writers for students and interested laypeople, and (2) to provide a theological analysis of what these composers have communicated in the theology of their hymns. We believe it is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology. This latter aspect, we contend, is missing-yet important-in accessible formats for the current literature.

"An engrossing and impossibly wide-ranging project . . . In *The Free World*, every seat is a good one." —Carlos Lozada, *The Washington Post* "The Free World sparkles. Fully original, beautifully written . . . One hopes Menand has a sequel in mind. The bar is set very high." —David Oshinsky, *The New York Times Book Review* | Editors' Choice One of The New York Times's 100 best books of 2021 | One of The Washington Post's 50 best nonfiction books of 2021 | A Mother

Jones best book of 2021 In his follow-up to the Pulitzer Prize-winning *The Metaphysical Club*, Louis Menand offers a new intellectual and cultural history of the postwar years The Cold War was not just a contest of power. It was also about ideas, in the broadest sense—economic and political, artistic and personal. In *The Free World*, the acclaimed Pulitzer Prize-winning scholar and critic Louis Menand tells the story of American culture in the pivotal years from the end of World War II to Vietnam and shows how changing economic, technological, and social forces put their mark on creations of the mind. How did elitism and an anti-totalitarian skepticism of passion and ideology give way to a new sensibility defined by freewheeling experimentation and loving the Beatles?

How was the ideal of “freedom” applied to causes that ranged from anti-communism and civil rights to radical acts of self-creation via art and even crime? With the wit and insight familiar to readers of *The Metaphysical Club* and his *New Yorker* essays, Menand takes us inside Hannah Arendt’s Manhattan, the Paris of Jean-Paul Sartre and Simone de Beauvoir, Merce Cunningham and John Cage’s residencies at North Carolina’s Black Mountain College, and the Memphis studio where Sam Phillips and Elvis Presley created a new music for the American teenager. He examines the post war vogue for French existentialism, structuralism and post-structuralism, the rise of abstract expressionism and pop art, Allen Ginsberg’s friendship with Lionel Trilling,

James Baldwin's transformation into a Civil Right spokesman, Susan Sontag's challenges to the New York Intellectuals, the defeat of obscenity laws, and the rise of the New Hollywood. Stressing the rich flow of ideas across the Atlantic, he also shows how Europeans played a vital role in promoting and influencing American art and entertainment. By the end of the Vietnam era, the American government had lost the moral prestige it enjoyed at the end of the Second World War, but America's once-despised culture had become respected and adored. With unprecedented verve and range, this book explains how that happened.

Two years after its initial publication, and

aftersales of 120,000 copies, this Presentation Edition of Singing The Faith, the authorised hymn book of the Methodist Church, is published to public demand. More than just a hymn book, the Church famously expresses its theology through its hymnody and thus it hymn book is also a devotional and theological resource. Seven years in development, Singing the Faith contains the classic, best loved hymns of Christian tradition and also incorporates many exciting new hymns, songs and liturgical chants from the world church. A large proportion of its 830+ items are 20th and 21st century compositions, offering a feast of musical choices spanning centuries and continents. It is arranged thematically in three parts: * God's Eternal Goodness - the Trinity,

praise and adoration, creation, gathering for worship, Scripture and revelation. * God's Redeeming Work - the life of Christ revealed throughout the Christian year * God's Enduring Purposes - the Holy Spirit, our life in God, prayer, the sacraments, our human journeys, the saints and the life to come.

Families around the world celebrate faith in many different ways—through praying, singing, learning, helping, caring, and more. With stunning photographs from many cultures and religious traditions, Faith celebrates the ways in which people worship around the globe. Thematically organized back matter gives additional information on common expressions of faith, and a glossary describes particular religions and elements of faith depicted in the

book. A portion of the proceeds from the sales of this book helps support The Global Fund for Children’s grantmaking to community-based projects serving vulnerable children around the world.

A Singing Faith Westminster John Knox Press

How can we move forward amid such political strife and cultural contention? We live in a time of division. It shows up not just between political parties and ethnic groups and churches but also inside of them. As Christians, we've felt pushed to the outskirts of national public life, yet even then we are divided about how to respond. Some want to strengthen the evangelical voting bloc. Others focus on social-justice causes, and still others would abandon the public square altogether. What do we do when brothers and sisters in Christ sit next to each other in the pews but feel divided and angry? Is there a way forward? In *How the Nations Rage*, political theology

scholar and pastor Jonathan Leeman challenges Christians from across the spectrum to hit the restart button. First, we shift our focus from redeeming the nation to living as a redeemed nation. Second, we take the lessons learned inside the church into our public engagement outside of it by loving our neighbors and seeking justice. When we identify with Christ more than a political party or social grouping, we avoid the false allure of building heaven on earth and return to the church's unchanging political task: to represent a heavenly and future kingdom now. It's only when we realize that the life of our churches now is the hope of the nation for tomorrow that we become the salt and light Jesus calls us to be.
