 OTRS is a fully-managed service management suite for help desks that includes ticketing, automation and notification. It can be configured to match your help desk's needs with features such as ITIL processes, CMDB, SLA management or corporate security process management.
 OTRS Reviews and Pricing - 2020
 OTRS is often used as a short-hand term to refer to the team itself. The OTRS software provides an organized way for multiple people to categorize and respond to third party emails, so the team can be interpreted as a kind of Wikimedia-wide customer service email team.
