The Ides Of March

FERNANDA CALI

The Ides of March Harper Collins
Denied citizenship by the Roman Empire, a soldier named Alaric changed history by unleashing a surprise attack on the capital city of an unjust empire. Stigmatized and relegated to the margins of Roman society, the Goths were violent “barbarians” who destroyed “civilization,” at least in the conventional story of Rome’s collapse. But a slight shift of perspective brings their history, and ours, shockingly alive. Alaric grew

up near the river border that separated Gothic territory from Roman. He survived a border policy that separated migrant children from their parents, and he was denied benefits he likely expected from military service. Romans were deeply conflicted over who should enjoy the privileges of citizenship. They wanted to buttress their global power, but were insecure about Roman identity; they depended on foreign goods, but scoffed at and denied foreigners their own voices and humanity. In stark contrast to the rising bigotry, intolerance, and zealotry among Romans during Alaric’s lifetime, the Goths, as

practicing Christians, valued religious pluralism and tolerance. The marginalized Goths, marked by history as frightening harbingers of destruction and of the Dark Ages, preserved virtues of the ancient world that we take for granted. The three nights of riots Alaric and the Goths brought to the capital struck fear into the hearts of the powerful, but the riots were not without cause. Combining vivid storytelling and historical analysis, Douglas Boin reveals the Goths' complex and fascinating legacy in shaping our world.

Beyond the Ides Dundurn

The 15th of March, 44 BCE. A day of

infamy. A day that fascinates scholars and writers. A crucial moment for humanity. The date of the assassination of the man who could have radically changed the history of the world. With **THE IDES OF MARCH**, Manfredi revisits the three days in the life of Julius Caesar that led to his assassination in the Senate – a death that set off waves of repercussions throughout the Roman world and beyond.

Julius Caesar Samuel French, Inc.

A Christian Science Monitor Best Book of the Year From the award-winning author of *Waiting and War Trash*: a riveting tale of espionage and conflicted loyalties that spans half a century in the entwined histories of two countries—China and the United States—and two families. When Lilian Shang, born and raised in America,

discovers her father's diary after the death of her parents, she is shocked by the secrets it contains. She knew that her father, Gary, convicted decades ago of being a mole in the CIA, was the most important Chinese spy ever caught. But his diary, an astonishing chronicle of his journey as a Communist intelligence agent, reveals the pain and longing that his double life entailed—and point to a hidden second family that he'd left behind in China. As Lilian follows her father's trail back into the Chinese provinces, she begins to grasp the extent of his dilemma: he is a man torn between loyalty to his motherland and the love he came to feel for his adopted country. She sees how his sense of duty distorted his life, and as she starts to understand that Gary too had been

betrayed, Lilian finds that it is up to her to prevent his tragedy from endangering yet another generation of Shangs. A stunning portrait of a multinational family and an unflinching inquiry into the meaning of citizenship, patriotism, and home, *A Map of Betrayal* is a spy novel that only Ha Jin could write. From the Hardcover edition.

-- Caesar's murdered heirs --
Aftershocks.

A Map of Betrayal Severn House
Publishers Ltd

Many men killed Julius Caesar. Only one man was determined to kill the killers. From the spring of 44 BC through one of the most dramatic and influential

periods in history, Caesar's adopted son, Octavian, the future Emperor Augustus, exacted vengeance on the assassins of the Ides of March, not only on Brutus and Cassius, immortalized by Shakespeare, but all the others too, each with his own individual story. The last assassin left alive was one of the lesser-known: Cassius Parmensis was a poet and sailor who chose every side in the dying Republic's civil wars except the winning one, a playwright whose work was said to have been stolen and published by the man sent to kill him. Parmensis was in the back row of the plotters, many of them Caesar's friends, who killed for reasons of the highest political principles and lowest personal piques. For fourteen years he was the most successful at evading his hunters but has been barely

a historical footnote--until now. *The Last Assassin* dazzlingly charts an epic turn of history through the eyes of an unheralded man. It is a history of a hunt that an emperor wanted to hide, of torture and terror, politics and poetry, of ideas and their consequences, a gripping story of fear, revenge, and survival.

The Ides of March Vintage

During the 1967 school year, on Wednesday afternoons when all his classmates go to either Catechism or Hebrew school, seventh-grader Holling Hoodhood stays in Mrs. Baker's classroom where they read the plays of William Shakespeare and Holling learns much of value about the world he lives in.

The Ides of March Text Publishing

Recreates the final months of Caesar's life by using imaginary documents,

letters, and journal entries from the major historical figures surrounding him, including Catullus, Cleopatra, and Cicero. The Penguin Modern Classics Book

HarperCollins

In this fascinating collection of texts, Julius Caesar and his time come alive as ancient writers vividly portray his rise to power, the stunning assassination itself, and the after-effects that changed the Mediterranean world.

The Murder of Caesar and Political Assassination Houghton Mifflin Harcourt
Drawing on such unique sources as Thornton Wilder's unpublished letters, journals, and selections from the extensive annotations Wilder made years later in the margins of the book, Tappan Wilder's Afterword adds a special dimension to the reissue of this

internationally acclaimed novel. The Ides of March, first published in 1948, is a brilliant epistolary novel set in Julius Caesar's Rome. Thornton Wilder called it "a fantasia on certain events and persons of the last days of the Roman republic." Through vividly imagined letters and documents, Wilder brings to life a dramatic period of world history and one of history's most magnetic, elusive personalities. In this inventive narrative, the Caesar of history becomes Caesar the human being. Wilder also resurrects the controversial figures surrounding Caesar -- Cleopatra, Catullus, Cicero, and others. All Rome comes crowding through these pages -- the Rome of villas and slums, beautiful women and brawling youths, spies and assassins.

A Novel of Ancient Rome W. W.

Norton & Company

"What do Martin Luther King, Jr., Abraham Lincoln, and Ronald Reagan all have in common? HINT: They share the same fateful phenomenon that afflicted the Titanic, the Deepwater Horizon, Japan's Fukushima Daiichi Nuclear Facility, the Exxon Valdez and so many more. From John Belushi to John Candy, Sharon Tate to Watergate, countless ill-fated pop stars, politicians and personalities also suffered tragically from this eerie link. Give up? They all fell victim to sudden, sick twists of epic bad luck during the third month of the year, sending them spinning off into catastrophic disaster -- proof that March is, and always has been, the unluckiest month of all. Just ask Julius Caesar,"--

THE IDES OF MARCH Pan

A professor of history and classics describes the actual events of March 15, 44 BC, when Julius Caesar was murdered during the Roman civil wars, and compares them to those outlined by William Shakespeare in his famous play.-
-Publisher's description.

A People's History of Ancient Rome

Oxford University Press

The poems in The Ides of March were published in literary journals during the 1970's during the Women's Movement, a time of consciousness raising groups. At that time Toni Ortner who lived in New York edited and published Connections which was supported by grants from CCLM.. Connections was one of the seminal journals to publish work just by

women. Copies of Connections have been donated to Poet's House for researchers and readers. The Ides of March represents that time of change when women gathered in small groups to understand that the personal is political. The power of women working together is extraordinary and necessary to effect positive change in the world. The Sybil of Delphi was not the only visionary. It is interesting to note that the majority of poems in the book were written during that time of year known as the Ides of March.

Caesar's Murder and the War for Rome
The New Press

"What a marvel!...Saylor's masterful storytelling puts you right there, wonderstruck and wide-eyed. Deliciously immersive, captivating entertainment

from a justly celebrated writer."

—Margaret George In *The Throne of Caesar*, award-winning mystery author Steven Saylor turns to the most famous murder in history: It's Rome, 44 B.C., and the Ides of March are approaching. Julius Caesar, appointed dictator for life by the Roman Senate, has pardoned his remaining enemies and rewarded his friends. Now Caesar is preparing to leave Rome with his legions to wage a war of conquest against the Parthian Empire. But he has a few more things to do before he goes. Gordianus the Finder, after decades of investigating crimes and murders involving the powerful, has been raised to Equestrian rank and has firmly and finally decided to retire. But on the morning of March 10th, he's first summoned to meet with Cicero and then

with Caesar himself. Both have the same request of Gordianus—keep your ear to the ground, ask around, and find out if there are any conspiracies against Caesar’s life. And Caesar has one other matter of vital importance to discuss. Gordianus’s adopted son Meto has long been one of Caesar’s closest confidants. To honor Meto, Caesar plans to bestow on Gordianus an honor which will change not only his life but the destiny of his entire family. It will happen when the Senate next convenes on the 15th of March. Gordianus must dust off his old skills and see what plots against Julius Caesar, if any, he can uncover. But more than one conspiracy is afoot. The Ides of March is fast approaching and at least one murder is inevitable.

Selected Early Poems Castrovilli

Giuseppe

Seminar paper from the year 2001 in the subject English Language and Literature Studies - Literature, grade: 1 (A), LMU Munich (Institute for English Philology), course: Hauptseminar zur Exkursion: Shakespeare: Hamlet, King John, Julius Caesar, Twelfth Night, 8 entries in the bibliography, language: English, abstract: The assassination of Julius Caesar was probably one of those few moments that literally changed the course of history. Many historians agree that Caesar might have been just another military dictator such as the generals Sulla and Marius, who are, in comparison with Caesar, unknown; a successful general, but incompetent at reforming the Roman *res publica*¹. The assassination of the title character is

also the central moment in Shakespeare's drama "Julius Caesar". His death causes the change of scene (away from Rome) and the change from a relatively stable *res publica* to civil war. The play presents the major protagonists of these events: Casca, Cassius, Brutus, Caesar, Marc Antony and, to a lesser degree, the Roman public. The Roman people are a background before which the main characters act and by whom they (i.e. the people) are manipulated more or less successfully. The reasons the assassins and their antagonists have, pretend to have or do not have for what they do become apparent in what they tell the man-in-the-street. Occasionally, when we hear them talk to a close friend or to themselves, we find matters are not as

simple as the public is made to believe. Brutus has doubts about the attack, Cassius' aim is not the welfare of the *res publica*, Marc Antony fakes friendship with the conspirators. We see that there are certain political as well as moral ambiguities in the assassination of Julius Caesar as Shakespeare presents it. In this paper, we will first look at the Roman people as the background, then examine the character and motives of Casca, Cassius and finally Brutus. [...] I use the expression "*res publica*" because its English equivalent, the "common-wealth", has other connotations; I also tried to avoid the word "state".

A Novel Based on Psychic Readings

Princeton University Press

Parenti presents a story of popular

resistance against entrenched power and wealth. As he carefully weighs the evidence in the murder of Caesar, he sketches in the background to the crime with fascinating detail about Roman society.

The Assassination of Julius Caesar

Minotaur Books

This three-volume set details the assassination of Julius Caesar, the plots that led up to the event and the lives of each of the conspirators involved. This book is the second of the three volumes.

"Remember March, the Ides of March remember" - Moral and political ambiguities of the assassination of Julius Caesar Palala Press

The classic Thornton Wilder novel that recreates the dazzling ancient Roman

empire of Julius Caesar—now with a new introduction by Jeremy McCarter, author of *Young Radicals* and co-author (with Lin-Manuel Miranda) of the #1 New York Times bestseller *Hamilton: The Revolution*. First published in 1948, *The Ides of March* is a brilliant epistolary novel of the Rome of Julius Caesar. Through imaginary letters and documents, Wilder brings to life a dramatic period of world history and one of its magnetic personalities. In this novel, the Caesar of history becomes Caesar the human being as he appeared to his family, his legions, his Rome, and his empire in the months just before his death. In Wilder's inventive narrative, all Rome comes crowding through his pages: Romans of the slums, of the villas, of the palaces, brawling youths

and noble ladies and prostitutes, and the spies and assassins stalking Caesar in his Rome. Vivid, compelling, and engaging, *The Ides of March* showcases Thornton Wilder's unique storytelling genius. This special edition also includes an afterword by Wilder's nephew, Tappan Wilder, with illuminating documentary material about the novelist and story.

Et Tu, Brute? Harvard University Press Unraveling the many mysteries surrounding the murder of Julius Caesar The assassination of Julius Caesar is one of the most notorious murders in history. Two thousand years after it occurred, many compelling questions remain about his death: Was Brutus the hero and Caesar the villain? Did Caesar bring death on himself by planning to make

himself king of Rome? Was Mark Antony aware of the plot, and let it go forward? Who wrote Antony's script after Caesar's death? Using historical evidence to sort out these and other puzzling issues, historian and award-winning author Stephen Dando-Collins takes you to the world of ancient Rome and recaptures the drama of Caesar's demise and the chaotic aftermath as the vicious struggle for power between Antony and Octavian unfolded. For the first time, he shows how the religious festivals and customs of the day impacted on the way the assassination plot unfolded. He shows, too, how the murder was almost avoided at the last moment. A compelling history that is packed with intrigue and written with the pacing of a first-rate mystery, *The Ides* will challenge what you think

you know about Julius Caesar and the Roman Empire.

Oxford Dictionary of Reference and Allusion McArthur & Co

A compelling new mystery for Libertus, set against the backdrop of the Roman Empire in turmoil . . . An astonishing new order has usurped power in Rome and the reverberations are reaching even to Glevum, where the legion is preparing to depart. Libertus's wealthy patron, until recently one of the most influential men in the Empire, finds himself not only deprived of the privilege and protection

he had previously enjoyed, but under actual threat both from the political establishment in Rome and from an anonymous and vindictive enemy much closer to home. The murder of another councillor, similarly placed, makes the matter urgent. Libertus, whose humbler status affords obscurity, is charged with spiritedly Marcus's young family away to a place of safety. But his task will bring problems of its own, as Libertus uncovers a grisly secret and an ancient crime - with ramifications stretching to the present day.
