*Cozy White Cottage Seasons* Clarkson Potter

"In 1609, Henry Hudson sailed up the river that now bears his name. The exhibition and its accompanying publication *Glories of the Hudson: Frederic Edwin Church's Views from Olana* mark the quadricentennial of his discovery by highlighting Frederic Church's sketches of the prospect from his hilltop home overlooking the river. Church made his first sketch of the Hudson River and Catskill Mountains from Red Hill--the south end of the property that became his home, Olana--in 1845, on a sketching expedition suggested by his teacher Thomas Cole. Returning to the Hudson Valley in 1860 as the nation's most famous and best-paid artist, Church settled on a farm on the lower slope of the Sienghenbergh, securing for himself and his new wife a splendid vantage point for studying, sketching, and painting the river. Church continued to add land to his property, attaining new and varied vistas of the river, and crowned the estate with a Persian-inspired house designed to frame splendid views of the Hudson River and Catskill Mountains. Church never tired of his views of the river, documenting his passion for the Hudson in paintings, oil sketches, and drawings. From Olana, he observed the transformations wrought by the changing seasons, weather, and light, capturing chilly winter snows, brilliant sunsets, and passing storms in sketches executed with a few brushstrokes or autumn colors and clear winter light in more finished easel paintings. The best of these are reproduced here, in eighty-three illustrations, sixty-nine in full color, some of them published for the first time. The essay by Evelyn D. Trebilcock and Valerie A. Balint, the introduction by Kenneth John Myers, and the foreword by John K. Howat together provide an absorbing narrative of the development of the Hudson River School and its most successful artist." -- Publisher's description.

All she wants to do is fix up the cottage her godmother left her, and fix up her broken heart. When she clashes with local hero, Jon, Annie can't help but wonder if coming back to Thorndale was a mistake. The village has clearly changed and the last thing she needs is more drama. *A Year at the Cosy Cottage Café* CICO Books

A dysfunction family's tragic circumstance, crisis, estrangement, abandonment, alienation, coping, addictions, abusive relationships, enabling escapes, bittersweet rendezvousing, life-saving intervention, harmful allegations, and pursuit of reconciliation are at the heart of this dramatic story inspired by an anonymous victim. Within each human being is the instinctive will and courage to live regardless of condition and sacrifice. To survive self destruction, a victim, real or imagined, might choose to decisively accuse another person or persons of his or her calamitous behavior and plight. When doing so, the egocentric victim cunningly attempts to victimize the second party without

personal consequence or remorse. Furthermore, to survive, the real or imagined victim might also decide to falsely accuse an innocent second party; actually believing that alleged person or persons committed the disastrous behavior for which the accuser and or a third party are responsible. Thus simmers the crux of *Consenting Victims*.
