What It Was Like When Vesuvius Exploded
Liveright Publishing

One peaceful August day in A.D. 79, the people of Pompeii were going about their business—baking bread, eating lunch, lounging in the afternoon heat. Suddenly there was a great explosion, and tons of rock, ash, and gas were spewed into the air. Mount Vesuvius was erupting! In just 19 hours, most of the inhabitants were

dead, and a layer of ash had buried the city. This is the story of what happened to the advanced city of Pompeii on that fateful day—and how we've learned about its people and culture thousands of years later by digging through the deadly ash.

Pompeii W. W. Norton & Company Resurrecting Pompeii provides an in-depth study of a unique site from antiquity with information about a population who all died from the same known cause within a short period of time. Pompeii has been continuously

excavated and studied since 1748. Early scholars working in Pompeii and other sites associated with the AD 79 eruption of Mount Vesuvius were seduced by the wealth of artefacts and wall paintings yielded by the site. This meant that the less visually attractive evidence, such as human skeletal remains, were largely ignored. Recognizing the important contribution of the human skeletal evidence to the archaeology of Pompeii, *Resurrecting Pompeii* remedies that misdemeanour, and provides students of archaeology and history with an essential resource in the study of this fascinating historical event.

Resurrecting Pompeii Wentworth Press
The original edition of *Pompeii: A Sourcebook* was a crucial resource for students of the site. Now updated to

include material from Herculaneum, the neighbouring town also buried in the eruption of Vesuvius, *Pompeii and Herculaneum: A Sourcebook* allows readers to form a richer and more diverse picture of urban life on the Bay of Naples. Focusing upon inscriptions and ancient texts, it translates and sets into context a representative sample of the huge range of source material uncovered in these towns. From the labels on wine jars to scribbled insults, and from advertisements for gladiatorial contests to love poetry, the individual chapters explore the early history of Pompeii and Herculaneum, their destruction, leisure pursuits, politics, commerce, religion, the family and society. Information about Pompeii and Herculaneum from authors based in

Rome is included, but the great majority of sources come from the cities themselves, written by their ordinary inhabitants – men and women, citizens and slaves. Incorporating the latest research and finds from the two cities and enhanced with more photographs, maps, and plans, Pompeii and Herculaneum: A Sourcebook offers an invaluable resource for anyone studying or visiting the sites.

Pompeii Harvard University Press
With fascinating text and splendid yet haunting illustrations, this narrative imagines what it was like when Vesuvius erupted more than 2,000 years ago. The famous lost city of Pompeii comes to life again in dozens of photographs, paintings, and diagrams. Vivid descriptions of life before and during the

disaster and educational sidebars reveal the lives of those who lived and died in this ancient Roman city. Also included is information about the archaeological digs at the volcanic site and how they have contributed to the rediscovery of ancient Roman life.

Cities of Vesuvius Random House Books for Young Readers

Now available in English, this book tells the story of the eruption of Vesuvius and the destruction of the cities of Pompeii and Herculaneum from a combined volcanological and archaeological perspective. The authors paint a picture of what life was like before the eruption, transporting us back to the rustic villas and vineyards of the countryside around the slopes of the mountain, set within the context of seismic events from AD

62 to 79. The eruption itself is dealt with in detail, from the rumblings in the early morning of August 24th to the obscene loss of life, the devastation of the cities, the local economy, changes to the coastline and the river Sarno, and so on. The aftermath of the eruption, the 'recolonisation' of Pompeii more than a millennium later and the discovery and impact of the buried remains of the Roman cities in the 18th century, complete the book.

The Buried Cities of Vesuvius Mitchell Lane Publishers, Inc.

WINNER OF THE WOLFSON HISTORY PRIZE 2008 'The world's most controversial classicist debunks our movie-style myths about the Roman town with meticulous scholarship and propulsive energy' Laura Silverman, Daily Mail The ruins of Pompeii, buried by an explosion of Vesuvius in 79 CE, offer the best evidence we have of everyday life in the Roman empire. This remarkable book rises to the challenge of making sense of those remains, as well as exploding many myths: the very

date of the eruption, probably a few months later than usually thought; or the hygiene of the baths which must have been hotbeds of germs; or the legendary number of brothels, most likely only one; or the massive death count, maybe less than ten per cent of the population. An extraordinary and involving portrait of an ancient town, its life and its continuing re-discovery, by Britain's favourite classicist.

Interpreting the Evidence Oxford University Press, USA

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We

believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

The Fires of Vesuvius Profile Books
 “A wonderfully rich, witty, insightful, and wide-ranging portrait of the two Plinys and their world.”—Sarah Bakewell, author of *How to Live When Pliny the Elder perished at Stabiae during the eruption of Vesuvius in 79 AD*, he left behind an enormous compendium of knowledge, his thirty-seven-volume *Natural History*, and a teenaged nephew who revered him as a father. Grieving

his loss, Pliny the Younger inherited the Elder’s notebooks—filled with pearls of wisdom—and his legacy. At its heart, *The Shadow of Vesuvius* is a literary biography of the younger man, who would grow up to become a lawyer, senator, poet, collector of villas, and chronicler of the Roman Empire from the dire days of terror under Emperor Domitian to the gentler times of Emperor Trajan. A biography that will appeal to lovers of Mary Beard books, it is also a moving narrative about the profound influence of a father figure on his adopted son. Interweaving the younger Pliny’s *Letters* with extracts from the Elder’s *Natural History*, Daisy Dunn paints a vivid, compellingly readable portrait of two of antiquity’s greatest minds.

Pompeii and Herculaneum Penguin Books

In this all-encompassing history of the area, John Horne discusses the geology of Vesuvius, its eruptions, the rediscovery of Pompeii and Herculaneum, and a survey of all the cultural finds.?

Mt. Vesuvius and the Destruction of Pompeii, A.D. 79 Routledge

Although Pompeii still does not give up its secrets quite as easily as it may seem, Mary Beard makes sense of the remains. From sex to politics, food to religion, slavery to literacy, she offers us the big picture of the inhabitants of the lost city.

Cities of Vesuvius Pompeii and Herculaneum Cambridge University Press

The Living City St. Martin's Press

Pompeii was one of most advanced cities of its time; it had a complex water system, gymnasium, and an amphitheater. Despite it's advancements, there was one thing it wasn't ready for: Mount Vesuvius—the volcano that led to its ultimate doom. The 79 AD eruption of Mount Vesuvius was one of the worst disasters in all of European history. In a near instant, over 15,000 people were dead and a city was completely destroyed. This book looks at the rise, fall, and rediscovery of the great city of Pompeii.

Cities of Vesuvius: Pompeii and Herculaneum has been written especially for the core topic of the new NSW HSC Ancient History syllabus.

Four Lost Cities: A Secret History of the Urban Age Fawcett Books

Describes the events that occurred on the day Mt. Vesuvius erupted and destroyed the city of Pompeii in 79 A.D.

Ghosts of Vesuvius Mitchell Lane
A Step 4 HISTORY reader. "The drama of natural disasters provides prime material to entice young independent readers. In this volume, the account of the eruption of Mount Vesuvius describes village life 2,000 years ago, the eruption itself and its aftermath, and the excitement when the buried town is rediscovered centuries later. A lively and factual

glimpse of a devastating moment in history, in an accessible, attractive package."--Publishers Weekly. Step 4 Readers use challenging vocabulary and short paragraphs to tell exciting stories. For newly independent readers who read simple sentences with confidence. With full-color illustrations.

Cities of Vesuvius Cities of Vesuvius Pompeii and Herculaneum
Uses a fictionalized account of the life of the steward of an important estate to describe the ancient Italian city of Pompeii and what happened to it during the eruption of Mount Vesuvius in 79 A.D.

Vesuvio 79 d.C. BookCaps Study Guides
Discover the mysteries and secrets of Pompeii, the city that disappeared in the fires of Mount Vesuvius and was buried

for centuries. Pompeii was destroyed by the horrific eruption of Mount Vesuvius in 79 CE, which buried at least two thousand unlucky people. Pompeii became a mysterious tomb, hiding secrets of Rome and other civilizations that influenced the life and culture of the city and its people. Who were the Pompeians, and how did they live before that dreadful day? What did the last days of Pompeii look like, and did the Pompeians know that the fate of their city would be sealed that day, not to be uncovered for centuries to come? The first major excavations commenced in the 1700s and are still ongoing, as only a part of Pompeii's historical treasures have been recovered from the pumice and volcanic ash. Mount Vesuvius gave the city its life and powered the rise of

many civilizations in Campania, but it took back what it had given eight centuries later. Today, Pompeii, a city essentially frozen in time, is visited by more than two million people annually. Explore the unburied streets of Pompeii that were once teeming with life, and discover what made the beautiful city of Pompeii so important to the Roman Empire. In this book, you will also learn: Revolutionary discoveries and findings unveiled in archaeological excavations The politics, wars, and civilizations that formed the colorful cultural milieu of Pompeii Personal stories of Pompeians that have survived to the present day How Pompeii became one of the richest and wealthiest cities in the Roman Empire Art, architecture, festivities, social classes, entertainment, food,

culture, religion, and hidden treasures- everything that comprised life for a common Pompeian. What a regular day in Pompeii looked like and what messages Pompeians used to write on the city walls. The last days preceding the eruption in Pompeii. Hour-by-hour reconstruction of the fateful day that brought demise and destruction to Pompeii. Click "Add to cart" to unlock the secrets of Pompeii and unveil the mysteries and hidden treasures that had once been concealed for centuries.

Although there are many works dealing with Pompeii and Herculaneum, none of them try to encompass the entire spectrum of material related to its reception in popular imagination.

Pompeii's Ashes surveys a broad variety of such works, ranging from travelogues between ca. 1740 and 2010 to 250 years of fiction, including stage works, music, and films. The first two chapters provide an in-depth analysis of the excavation history and an overview of the reflections of travelers. The six remaining chapters discuss several clearly-defined genres: historical novels with pagan tendencies, and those with Christians and Jews as protagonists, contemporary adventures, time traveling, mock manuscripts, and works dedicated to Vesuvius. "Pompeii's Ashes" demonstrates how the eternal fascination with the oldest still-running archaeological projects in the world began, developed, and continue until now.
