Packed with over 40 magical science tricks for kids using simple experiments! Join comedian and author Steve Mould, #1 bestselling author of *How to be a Scientist*, and learn the secrets behind some of the most famous magic tricks and illusions (and learn some of your own). Learn how to bend water with a balloon, turn water into juice, make a glass beaker disappear in oil, and wow

your friends with levitating tinsel! Packed with optical illusions, pranks, and fun facts, this book is a must-have for any aspiring scientist or magician (the two aren't as different as you might think)! Each trick is explained using step-by-step photographs, and the science behind each one is showcased clearly and simply. Sprinkled throughout the book are profiles of

famous magicians and illusionists, such as Harry Houdini and David Blaine, and stories of how they used science to create their most famous tricks. Science is Magic is the perfect addition to any family bookshelf or classroom, putting a fresh spin on science for kids. What's fantastic about this kids' activity book is that many of the magic tricks or experiments are something you learn to perform on a

friend and require practice. Thus, (the genius bit) it's not something kids will just do once and then turn the page. Think Magic Is Just An Illusion? Think again! Discover science - REAL magic at your fingertips. Learn some amazing experiments to wow your friends, find out how magicians use science in their most famous tricks, and discover the magic of the world around you. Packed with

activities for kids from magic tricks to optical illusions, and peppered with fascinating facts, this educational book is a must-have for scientists and magicians alike. Added bonus, each 'trick' or experiment in the book uses simple items that can be grabbed from home or a hardware store. Get ready to wow your friends with some cool science-backed magic like: -
Magnetic fingers -

Reading minds - Color changing potion - Guess the coin - Floating ping pong ball and much more!
Add other fun-filled Steve Mould titles in the DK collection to your bookshelves, like *How To Be A Scientist* and *The Bacteria Book*. *Composers* Penguin Harry Houdini was a great escape artist, but perhaps his greatest trick was becoming the famous magician that we have come to know. As a

child, Houdini worked hard-- and even quit school--to help support his family. But his dream always was to become a great magician and performer. He practiced day and night, thinking up new tricks and more and more dangerous stunts. His intense ambition paid off, and soon Harry Houdini became known worldwide!
This kid-appealing Step 3 traces Houdini's life from his poor

beginnings to his eventual success as the most famous mystical magician and escape artist of all time.

"The only love affair I have ever had was with music."

Maurice Ravel

A compelling celebration of more than 90 of the world's most influential composers from the medieval period to the present day, *Composers* reveals the

fascinating stories of their lives, loves, and works.

Biographical entries - introduced with a stunning portrait of each featured composer - trace the friendships, loves, and rivalries that inspired each musical genius.

Profiles offer revealing insights into what drove each individual to create the musical masterpieces - symphonies, concertos, and operatic scores - that

changed the direction of classical music and are still celebrated and treasured today.

Lavishly illustrated with paintings or photographs of each composer, alongside original musical scores and personal correspondence, images of their homes and where they worked, and personal effects and other important artifacts, the book introduces the key influences,

themes, and working methods of each individual, setting their works within a wider historical and cultural context.

Charting the development of classical music and music movements across the centuries, *Composers* provides a compelling glimpse into the personal lives, loves, and influences of the giants of the classical music canon.

Butterfly Kisses Insights Who was this man who could walk through brick walls and, with a snap of his fingers, vanish elephants? In these pages you will meet the astonishing Houdini—magician, ghost chaser, daredevil, pioneer aviator, and king of escape artists. No jail cell or straitjacket could hold him! He shucked off handcuffs as easily as gloves. In this fresh, witty biography of the most famous bamboozler since Merlin, Sid Fleischman, a former professional magician, enriches his warm homage with insider information and unmaskings. Did Houdini really pick the jailhouse lock to let a fellow circus performer escape? Were his secrets really buried with him? Was he a bum magician, as

some rivals claimed? How did he manage to be born in two cities, in two countries, on two continents at the same instant? Here are the stories of how a knockabout kid named Ehrich Weiss, the son of an impoverished rabbi, prestochanged himself into the legendary Harry Houdini. Here, too, are rare photographs never before seen by the general reader!
