Pacific Marine Review Vintage Canada

Shortlisted for the Financial Times Business Book of the Year Award "A triumph of investigative journalism." —Tom Wright, New York Times bestselling coauthor of Billion Dollar Whale "Truly one of the most nail-biting, page-turning, terrifying true-crime books I've ever read." —Nick Bilton, New York Times bestselling author of American Kingpin From award-winning journalists Matthew Campbell and Kit Chellel, the gripping, true-crime story of a notorious maritime hijacking at the heart of a massive conspiracy—and the unsolved murder that threatened to unravel it all. In July 2011, the oil tanker Brillante Virtuoso was drifting through the treacherous Gulf of Aden when a crew of pirates attacked and set her ablaze in a devastating explosion. But when

David Mockett, a maritime surveyor working for Lloyd's of London, inspected the damaged vessel, he was left with more questions than answers. How had the pirates gotten aboard so easily? And if they wanted to steal the ship and bargain for its return, then why did they destroy it? The questions didn't add up—and Mockett would never answer them. Soon after his inspection, David Mockett was murdered. *Dead in the Water* is a shocking expose of the criminal inner workings of international shipping, told through the lens of the Brillante hijacking and its aftermath. Through first-hand accounts of those who lived it—from members of the ship's crew and witnesses to the attacks, to the ex-London detectives turned private investigators seeking to solve Mockett's murder and bring justice to his family—award-winning Bloomberg reporters Matthew Campbell and Kit Chellel piece together the astounding truth behind one of the most brazen financial frauds in history. The ambitious culmination of more than four years of reporting, *Dead in the Water* uncovers an intricate web of conspiracy amidst the lawless, old-world industry at the backbone of our new global economy.

Read this million-copy bestseller for leadership insights about top-down change to improve productivity in your business starting with the most important person: You. When Captain Abrashoff took over as commander of USS Benfold, it was like a business that had all the latest technology but only some of the productivity. Knowing that responsibility for improving performance rested with him, he realized he had to improve his own leadership skills before he could improve his ship. Within months, he created a crew of confident and inspired problem-solvers eager to take the initiative and responsibility for their actions. The slogan on board became "It's your ship," and Benfold was soon recognized far and wide as a model of naval efficiency. How did Abrashoff do it? Against the backdrop of today's United States Navy, Abrashoff shares his secrets of successful management including: See the ship through the eyes of the crew: By soliciting a sailor's suggestions, Abrashoff drastically reduced tedious chores that provided little additional value. Communicate, communicate, communicate: The more Abrashoff communicated the plan, the better the crew's performance. His crew eventually started calling him "Megaphone Mike," since they heard from him so often. Create discipline by focusing on purpose: Discipline skyrocketed when Abrashoff's crew believed that what they were doing was important. Listen aggressively: After learning that many sailors wanted to use the GI Bill, Abrashoff brought a test official aboard the ship—and held the SATs forty miles off the Iraqi coast. From achieving amazing cost savings to winning the highest gunnery score in the Pacific Fleet, Captain Abrashoff's extraordinary campaign sent shock waves through the U.S. Navy. It can help you change the course of your ship, no matter where your business battles are fought.

""The art of command is...to be the complete master, and yet the complete friend of every man on board; the temporal lord and yet the spiritual brother of every rating; to be detached and yet not dissociated.' A Seaman's Pocket-Book, 1943', has found huge appeal with the British public. Presented in the same format, the Officer's Handbook gathers together useful advice and instruction for those naval officers fighting the Second World War on all aspects of their job, expressed in the benevolent language of the day, when authority was respected. The Handbook has been compiled and edited by Brian Lavery, who provides commentary and an introduction. Sections include: the Officer's Aid Memoire containing notes of the training course at one of the officer training schools; Notes for medical officers and treatment of battle casualties afloat; Notes for captains on taking command of their first ship; Notes for commanding officers; Notes on the handling and safety of ships and notes on dealing with disobedience and mutiny. While suffused with nostalgia and charm, the various contents of this book are an authentic presentation of matters of training, authority and deportment in the wartime navy. The book is sure to appeal not only to those who served in the war or had a relative who was in the officer class, but also to anyone who wants to gain a greater understanding of the day-to-day administration of the wartime navy.

'Tis the season for the delectable desserts Emily Westhill and her cuddly cat serve up at Deputy Donut—but someone naughty on Santa's list has come to town . . . It's Christmastime again in Fallingbrook, Wisconsin. Emily has truly decked the halls of her donut shop and decorated her donuts with festive designs from green and red frosting to snowflake sprinkles. For the annual Ice and Lights Festival, she's commissioned a sculpture with three ice-carved donut shapes to form a holey snowman, Frosty the Donut. She has one Christmas wish this year—to spend some time under the mistletoe with a certain detective. But the

holidays just aren't the same without an unexpected disaster or two. A tour bus on its way to the festival has crashed and a snowstorm has left all the shaken passengers stranded and shivering. Emily and her friends open their homes to shelter the traveling families, while the bus driver is admitted to the hospital for his injuries. But the following morning, Emily discovers his body—buried beneath Frosty the Donut. The bus passengers show little sympathy for the man who dashed through the snow so badly, some claiming he was under the influence while behind the wheel. Emily also discovers that the driver had a history with folks in Fallingbrook. With multiple motives for murder piling up, it will take a Christmas miracle for Emily to solve this crime . . . Praise for Boston Scream Murder "Spooky delights don't discourage a murderer in small town Wisconsin. . . . Cozy fare with a dollop of moonlight mist." —Kirkus Reviews Includes delicious recipes!

Burtons' Gentleman's Magazine and American Monthly Review

From Michael Ondaatje: an electrifying new novel, by turns thrilling and deeply moving -- one of his most vividly rendered and compelling works of fiction to date. In the early 1950s, an eleven-year-old boy boards a huge liner bound for England. At mealtimes, he is placed at the lowly "Cat's Table" with an eccentric and unforgettable group of grownups and two other boys. As the ship makes its way across the Indian Ocean, through the Suez Canal, into the Mediterranean, the boys find themselves immersed in the worlds and stories of the adults around them. At night they spy on a shackled prisoner -- his crime and fate a galvanizing mystery that will haunt them forever. Looking back from deep within adulthood, and gradually moving back and forth from the decks and holds of the ship to the years that follow the narrator unfolds a spellbinding and layered tale about the magical, often forbidden discoveries of childhood and the burdens of earned understanding, about a life-long journey that began unexpectedly with a sea voyage.
