A Brief History of A.A.

Central Recovery Press Alcoholics Anonymous, by its very nature, could not have been founded by one person: its essence is sharing. Bill W. and Dr. Bob are always referred to within A.A. as "co-founders." Having died in 1950, when A.A. was only 15 years old, the Ohio surgeon may be less well-known than the New York stockbroker, his influence on the whole A.A.

program is permanent and profound. Filled with interviews with friends and family, this deeply researched biography follows A.A. co-founder Dr. Bob S. from his New England childhood to his days as a surgeon and father who couldn't stop drinking; to his transformative meeting with Bill W. and the birth of A.A. in Akron; and finally to his untimely death in 1950.

Inextricably entwined with Bob's life, the early history of Alcoholics Anonymous in the Midwest is chronicled along the way. With 26 archival photographs. General Service

Conference-approved. For A.A. history buffs as well as members curious to know more about the quieter co-founder, Dr. Bob and the Good Oldtimers offers an inside glimpse into the inspiring life of this complex, compelling character. With 39 archival photographs. Dr. Bob and the Good Oldtimers has been approved by the General Service Conference of Alcoholics Anonymous.

The definitive history of writing and producing the "Big Book" of Alcoholics Anonymous, told through extensive access to the group's archives. Alcoholics Anonymous is arguably the most significant self-help book published in the twentieth century. Released in 1939, the "Big Book," as it's commonly known, has sold an estimated 37 million copies, been translated into seventy languages, and spawned numerous recovery communities around the

world while remaining a vibrant plan for recovery from addiction in all its forms for millions of people. While there are many books about A.A. history, most rely on anecdotal stories told well after the fact by Bill Wilson and other early members—accounts that have proved to be woefully inaccurate at times. Writing the Big Book brings exhaustive research, academic discipline, and informed insight to the subject not seen since Ernest Kurtz's Not-God, published forty years ago. Focusing primarily on the eighteen months from October 1937, when a book was first proposed, and April 1939 when Alcoholics Anonymous was published, Schaberg's history is based on eleven years of research into the wealth of 1930s documents currently preserved in several A.A. archives. Woven together into an exciting narrative, these real-time documents tell an almost week-by-week story of how the book was created, providing more than a few unexpected turns and surprising departures from the hallowed stories that have been so widely circulated about early A.A. history.

Fast-paced, engaging, and contrary, Writing the Big Book presents a vivid picture of how early A.A. operated and grew and reveals many previously unreported details about the colorful cast of characters who were responsible for making that group so successful.

Learn about the luminaries behind one of the greatest social movements of our time through the never-before-published recordings, letters, and stories found in this intimate multimedia retrospective. This unique book and audio CD draw on letters, journal entries, and speeches from Alcoholics Anonymous (AA) conferences, and recorded conversations to tell the personal stories of AA cofounders Dr. Bob and Bill W. The book and CD reveal the cofounders' unique contributions to the creation and development of AA, the

Big Book, and the Twelve Steps and Twelve Traditions. The book explores their lives, starting with their early drinking days, while the audio recordings begin with their first speeches in the 1940s and continue through Bill W.'s last talk given at the Miami International Convention in 1970, just months before he died. AA historian and archivist Michael Fitzpatrick used his research conducted at Stepping Stones (the former home of Bill W.) and Dr. Bob's home, excerpts from the AA Grapevine, and his own private collection to offer this multimedia retrospective.

More than half a century has gone by since A.A.'s historic 1955 convention in St. Louis, when the founding members passed on to the entire Fellowship the responsibility for the three Legacies of Recovery, Unity, and Service. This book takes A.A. members and interested friends on a quick tour of the

Convention, traces the history and development of the Three Legacies, and looks at A.A. through the eyes of some early non-alcoholics who influenced the Fellowship's history. The first part is co-founder Bill W.'s reminiscent sketch of the Convention, in which he takes an appreciative look at many of the participants and reflects on events that shaped A.A. The second part consists of Bill's three Convention talks, edited and enlarged, on the Legacies of Recovery, Unity, and Service. Here is Bill's story -- how he drank, got sober, met Dr. Bob and other founding members, and how they struggled together to keep A.A. going, with little guidance beyond the lessons of experience. Then Bill moves on to describe how the Twelve Traditions developed as A.A.'s protective shield against the human faults that lead alcoholics into trouble, drunk or sober. And he finishes by laying out the development of A.A. services, culminating in the formation of the General Service Conference to serve as guardian of A.A.'s Traditions and world services. In the third part, readers will meet five early friends of A.A.: Dr.

Harry Tiebout, the first psychiatrist to openly espouse A.A.: Dr. W.W. Bauer of the American Medical Association; Jesuit Father Edward Dowling and Episcopal priest Dr. Samuel Shoemaker, both of whom helped shape A.A.'s spiritual principles; and Benard B. Smith, attorney and longtime chair of the General Service Board. These nonalcoholics tell of their association with A.A., the part they played in its development, and their view of what the future holds.

One of the earliest and most valuable discoveries by author Dick B. in his search for the facts about the early A.A. program, which had such great successes, was the many,

varied, and important Christian and other books read, studied, and circulated by A.A. Cofounder Dr. Bob among early AAs and their families. These are of great importance and utility today if you are to be healed of alcoholism. They cover the Bible, Jesus Christ, prayer, healing, alcoholism, daily devotions, Quiet Time, the Oxford Group, Rev. Samuel M. Shoemaker, conversion, and other relevant religious topics. Dick discovered the books in the homes of Dr. Bob's children, read and analyzed and categorized them, and placed them in this title. Other books were mentioned elsewhere as having been read and circulated by Dr. Bob, and are included.
