### **The Flash** Dc Comics

While many American superheroes have multiple powers and complex gadgets, the Flash is simply fast. This simplicity makes his character easily comprehensible for all audiences, whether they are avid comic fans or newcomers to the genre, and in turn he has become one of the most iconic figures in the comic-book industry. This collection of new essays serves as a stepping-stone to an even greater

understanding of the Flash, examining various iterations of his character—including those of Jay Garrick, Barry Allen, Wally West and Bart Allen—and what they reveal about the era in which they were written.

The Flash: Year One DC Comics

In 1990, Mark Waid wrote his first Flash

story. Under his keen pen, Wally West, who had already been running in the footsteps of the Flashes who came before him, matured into a Flash in his own right. Waid brought a depth of character to The Flash that changed him for good. As a child, Wally visits his Aunt Iris and her distinctly boring fiancé, the perpetually tardy Barry Allen. Things get interesting for Wally, first when he discovers that Barry and The Flash work together, and then when an accident in Barry's lab gives him powers just like his hero's! Young Wally is quickly in danger-not only from The Flash's enemies, but from the side effects of his new powers! This first book in THE FLASH BY MARK WAID series collects THE FLASH #62-68, THE FLASH ANNUAL #4-5, THE FLASH SPECIAL #1 and THE

FLASH TV SPECIAL #1.
