Paul Murphy desperately wants to be a big shot but the pursuit of fortune often comes with a heavy price. For Paul, it was the life of his best friend and partner, Tommy, apparently murdered for encroaching on a local drug gang's turf. Paul, a lowly hospital porter, fearful that he'll be next,

flees to Thailand to lay low while reconnecting with Tommy's supplier in Pattaya. He meets the enchanting Yim and, veering from his intended plan, starts to rebuild his life running a chain of bars. Sonthi, a local heavy, offers protection for a price and the corrupt Mongkut ensures that the police will always turn a blind eye. So many want a share of Paul's success, but when greed prevails and they get tired of sharing, it's Paul's liberty and life itself that are on the line.

Environmental Management for Hotels is a textbook for hospitality students that covers the relatively new field of environmental management. The reader is guided in how to make decisions which allow hotels to obtain optimum benefits for the environment whilst not threatening their own financial viability. Students are given an understanding of both the concepts and practical implications of environmental challenges relating to hotels. The case study material incorporated ties in theory with real life, and provides an international context. The text emphasizes supervisory issues which relate to the management of hospitality operations in ways which are sensitive to the impact on the environment. The main areas of environmental management featured are: *water *energy *the indoor environment *materials and waste.

Tourism and the Lodging Sector is a pioneering book, the first text of its kind to examine the lodging sector from a tourism perspective. The book highlights the importance of the lodging sector in tourism as a major income generator and essential part of the travel experience. The book offers an international perspective on topics such as sustainability, security, economic development, technology and globalization. The issues, concepts and management concerns facing this industry are examined, highlighting important topics such as: the place of accommodations in tourism and vice versa the social ecological and economic implications of lodging development management and restructuring issues in a globalizing industry sustainable tourism and the accommodation sector cross-sectoral linkages between lodging, food services, gaming, conferences, and other intermediaries the interaction between supply and demand safety and security in tourism and lodging. Tourism and the Lodging Sector critically examines a wide range of lodging establishments from an industry and social science perspective, drawing parallels and distinctions between the various types of accommodation, from campgrounds for the cost-conscious or adventurous outdoor traveler, to luxury, five-star resorts, and more innovative accommodation such as tree-house hotels and ecolodges. Essential reading for students of tourism, this book is an indispensable guide, unprecedented in the field of tourism management. Dallen J.
