The Dangerous Book of Monsters Random House

Embark on a strange and enchanting adventure with old foes and monsters in this glorious crossover of Doctor Who and The Wonderful Wizard of Oz. When a sudden tornado engulfs the TARDIS, the Thirteenth Doctor and her fam find themselves transported to the magical land of Oz. With a damaged TARDIS and an unexpected stowaway from the 1930s, their only hope of getting

home is to follow the yellow brick road. But when an army of scarecrows ambushes them, they quickly realise that everything is not as it should be, and they're thrown into a fight for survival against a mysterious enemy. As each of her companions becomes a shadow of their former selves, only the Doctor is left standing. Desperate to save her friends, she must embark on a perilous journey to seek help from the mysterious Wizard of Oz - and stop whatever forces are at work before she and her friends are trapped in the fictional world forever.

Doctor Who: How to be a Time Lord - The Official Guide Random House

At about tea time on Saturday 23 November 1963, a legend was born. This book celebrates a

modern icon. It traces the history of a TV legend, covering each and every one of the doctor's televised adventures - the worlds his Tardis has visited, the people and creatures he has met, the monsters he has fought, and the history he has made ... from that historic Saturday in 1963 right through to the present. (From back cover).

A thrilling, all-new adventure featuring the Doctor as played by Matt Smith in the spectacular hit series from BBC Television "The Sunlight Worlds Offer You A Life of Comfort and Plenty. Apply now at the Dalek Foundation." Sunlight 349 is one of countless Dalek Foundation worlds, planets created to house billions suffering from economic hardship. The Doctor arrives at Sunlight 349, suspicious of any world where the Daleks are apparently a force for good - and determined to find out the truth. The Doctor knows they have a far more sinister plan - but how can he convince those who have lived under the benevolence of the Daleks for a generation? But convince them he must, and soon. For on another Foundation planet, archaeologists have unearthed the most dangerous technology in the universe...

'Hello, sweetie!' Melody Pond, Melody Malone, River Song...She has had many names. Whoever she really is, this archaeologist and time traveller has had more adventures (and got into more trouble) than most people in the universe. And she's written a lot of it down. Well, when you're married to a Time Lord (or possibly not), you have to keep track of what you did and when. Especially as it may not actually have happened to both of you yet. These are just a few of River Song's exploits, extracted from her journals. Sometimes, she is with the Doctor. Sometimes she's on her own. But wherever and whenever she may be, she is never far from danger and excitement. This is just a tiny portion of her impossible life. But it will reveal more than you've ever known about the legend that is River Song.

A unique, in-depth look into the hidden lives and mysteries of the monsters from the hit BBC series Doctor Who—a fully illustrated color compendium that reveals proof of the existence of alien life out there and among us, packaged with removable artwork commissioned exclusively for the book. For years, world governments and multinational organizations like the secretive UNIT have suppressed the truth. In this book, leading alienologist Justin Richards finally blows the lid off the biggest conspiracy to radically alter our world since The Scarlioni Incident. Not only is there proof that alien life exists. The aliens are already here. Based on exclusive access to classified UNIT and Torchwood files—shocking information that has been suppressed for centuries—The Secret Lives of Monsters reveals the terrifying truth behind the rumors and legends. Packed with iconic photographs, eyewitness accounts, diagrams and illustrations, and sixteen removable color prints, The Secret Lives of Monsters offers background details on a diverse range of alien species—including planetary and genetic origins, habits, social organization, and first human contact. If you want to know why the Sontaran's probic vent is his weak point or what it is used for; how Daleks reproduce; or how to determine whether your best friend is a Zygon, the answers—as well as everything you need to know to survive future invasions—are here in The Secret Lives of Monsters.

An official guide to the most iconic legends and legendary creatures from the world of Magic: The Gathering The world of Magic: The Gathering is home to many fantastical characters and creatures, but perhaps none so intriguing as its legends. Legendary dragons, demons, angels, goblins, vampires, merfolk, wizards, and more roam the multiverse. These characters harken back to Magic's early history, having been introduced in one of the first Magic card sets (1994's Legends); new legends continue to tell epic stories in lore and on the battlefield through the present day. Magic: The Gathering: Legends showcases high-quality reproductions of the legendary card art from across the game's history—in many instances for the first time outside of the card frame—along with accompanying histories written by Jay Anelli. This collection also offers exclusive insight into the art and mythology behind some of Magic: The Gathering's most powerful, popular, and enduring legends, including Niv-Mizzet, Emmara Tandris, Marit Lage, Sisay, Atraxa, the Eldrazi titans, Edgar Markov, Queen Marchesa, Zurgo, Pia Nalaar, Zacama, King Algenus Kenrith, Snapdax, and many, many more.

Even a Time Lord can't change the past. A wasteland. A dead world... No, there is a biodome, rising from the ash. Here, life teems and flourishes, with strange and lush plants, and many-winged insects with bright carapaces - and one solitary sentient creature, who spends its days watering the plants, talking to the insects, and tending this lonely garden. This is Inyit, the Last of the Kotturuh. In All Flesh is Grass we are transported back to The Dark Times. The Tenth Doctor has sworn to stop the Kotturuh, ending Death and bringing Life to the universe. But his plan is unravelling - instead of bringing Life, nothing has changed and all around him people are dying. Death is everywhere. Now he must confront his former selves - one in league with their greatest nemesis and the other manning a ship of the undead...

For a Good Doctor there's only one rule: first do no harm. On the planet of Lobos, the Doctor halts a violent war between the native Loba and human colonists. Job done, the TARDIS crew departs - only for Ryan to discover he's left his phone behind. Again. Upon returning, the Doctor finds that the TARDIS has slipped hundreds of years into the future - and that something has gone badly wrong. The Loba are now slaves, serving human zealots who worship a godlike figure known as The Good Doctor. It's time for the Doctor to face up to the consequences of her last visit. With Lobos on the brink of catastrophe, will she be able to make things right? Featuring the Thirteenth Doctor, Yasmin, Ryan and Graham, as played by Jodie Whittaker, Mandip Gill, Tosin Cole and Bradley Walsh.

A thrilling, all-new adventure featuring the Doctor as played by Matt Smith in the spectacular hit series from BBC Television. 'They like the Shadows. You know them as Plague Warriors...' When the Doctor arrives in the 19th-century village of Klimtenburg, he discovers the residents suffering from some kind of plague - a 'wasting disease'. The victims face a horrible death - but what's

worse, the dead seem to be leaving their graves. The Plague Warriors have returned... The Doctor is confident he knows what's really happening; he understands where the dead go, and he's sure the Plague Warriors are just a myth. But as some of the Doctor's oldest and most terrible enemies start to awaken he realises that maybe - just maybe - he's misjudged the situation.

Doctor Who stories are many things: thrilling adventures, historical dramas, tales of love and war and jelly babies. They're also science fiction - but how much of the science is actually real, and how much is really fiction? The Scientific Secrets of Doctor Who is a mind-bending blend of story and science that will help you see Doctor Who in a whole new light, weaving together a series of all-new adventures, featuring every incarnation of the Doctor. With commentary that explores the possibilities of time travel, life on other planets, artificial intelligence, parallel universes and more, Simon Guerrier and Dr Marek Kukula show how Doctor Who uses science to inform its unique style of storytelling - and just how close it has often come to predicting future scientific discoveries. This book is your chance to be the Doctor's companion and explore what's out there. It will make you laugh, and think, and see the world around you differently. Because anything could be out there. And going out there is the only way to learn what it is.

Ashldr, a young Viking girl, died helping the Doctor and Clara to save the village she loved. And for her heroism, the Doctor used alien technology to bring her back to life. Ashldr is now immortal - The Woman Who Lived. Since that day, Ashldr has kept journals to chronicle her extraordinary life. The Legends of Ashldr is a glimpse of some of those stories: the terrors she has faced, the battles she has won, and the treasures she has found. These are tales of a woman who lived longer than she should ever have lived - and lost more than she can even remember. An original novel featuring the Twelfth Doctor as played by Peter Capaldi, and Ashldr as played by Maisie Williams.
