DEANDRE ANIYAH

The Sun Also Rises Vintage

The classic apocalyptic novel that stunned the world.

A Vindication of the Rights of Woman BoD – Books on Demand

This is one of the all-time Puritan devotional classics. It went through 25 editions by 1640, and 47 editions by 1831. There are six sections in this book on man's misery by nature, the corruption of the world, the marks of the children of God, how hard it is to enter into life, the ignorance of the world, and the sweet promises of the gospel.

The Plain Man's Pathway to Heaven Little, Brown Books for Young Readers

Harvard psychologist and philosopher William James' *The Varieties of Religious Experience: A Study in Human Nature* explores the nature of religion and, in James' observation, its divorce from science when studied academically. After publication in 1902 it quickly became a canonical text of philosophy and psychology, remaining in print through the entire century. "Scientific theories are organically conditioned just as much as religious emotions are; and if we only knew the facts intimately enough, we should doubtless see 'the liver' determining the dicta of the sturdy atheist as decisively as it does those of the Methodist under conviction anxious about his soul. When it alters in one way the blood that percolates it, we get the Methodist, when in another way, we get the atheist form of mind."

The Poisonwood Bible Barnes & Noble Publishing

The Turn of the Screw by Henry James is a classic ghost story that continues to captivate readers over a century after its initial publication. Set in the late 19th century, the novella follows a young governess who is hired to care for two young children, Flora and Miles, at the remote and eerie Bly Manor. As the governess begins her duties, she becomes increasingly convinced that the manor is haunted by the spirits of the previous governess, Miss Jessel, and her lover, Peter Quint, who both died under mysterious circumstances. The story unfolds as the governess tries to protect the children from the malevolent ghosts, while also questioning her own sanity and the motives of the children in their interactions with the spirits. One of the most intriguing aspects of *The Turn of the Screw* is its unreliable narrator. The story is told through the perspective of the governess, whose mental state and perceptions of events are constantly called into question. This creates a sense of ambiguity and uncertainty, leaving readers to question whether the ghosts are real or just figments of the governess's imagination. James masterfully plays with the theme of perception and reality, leaving readers to draw their own conclusions about the events at Bly Manor. Another striking element of the novella is its use of Gothic elements. The isolated location, the decaying mansion, and the presence of ghosts all contribute to the eerie atmosphere of the story. James also incorporates psychological horror, as the governess's fears and paranoia intensify throughout the story, building tension and suspense. *The Turn of the Screw* is a prime example of Gothic literature,

with its exploration of the dark side of human nature and the blurred lines between the living and the dead. One of the most controversial aspects of the novella is its ambiguous ending. The governess's final confrontation with the ghosts and the fate of the children are left open to interpretation, inviting readers to ponder the true meaning of the story. Some critics argue that the ghosts are a product of the governess's overactive imagination, while others believe that they are real and that the children are in danger. This open-ended conclusion has sparked countless debates and interpretations, making *The Turn of the Screw* a thought-provoking and enduring piece of literature. In addition to its literary merits, *The Turn of the Screw* also offers insight into the societal norms and expectations of the time period in which it was written. James explores themes of gender roles and class distinctions through the character of the governess, who is expected to be subservient and obedient to her male employer and to maintain the social hierarchy between herself and the children. The story also touches on the taboo subject of sexual relationships, particularly in regards to the ghosts and their influence on the children. Ultimately, *The Turn of the Screw* is a haunting and enigmatic work that continues to captivate readers with its complex characters, Gothic atmosphere, and thought-provoking themes. It is a testament to Henry James's mastery of storytelling and his ability to create a sense of unease and suspense that lingers long after the final page. A must-read for anyone interested in Gothic literature, psychological thrillers, or the blurred lines between reality and the supernatural.

The Lost Hero Sovereign Grace Publishers,

A brilliant work from the most influential philosopher since Sartre. In this indispensable work, a brilliant thinker suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul.

Alas, Babylon Penguin Classics

"Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort's *Book of the Damned* was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.

The Justice of God in the Damnation of Sinners Vintage

From the winner of the 2015 Man Booker International Prize

Corporate Governance Verso

The allegory of Christian on the road to eternal life. Revised in modern English, this modern classic includes Bunyan's original Scripture references.

The Melancholy of Resistance Soli Deo Gloria Publications

Judd Asher was taken from his front garden when he was just four years old. After an extensive search he was never found. Twenty-one years after a random call out, Judd is found chained and beaten in the basement of an old rundown farmhouse where he has lived the life of an animal for the last twenty-one years. Kloe Grant is assigned as Judd's personal therapist. It's her job to rehabilitate him, to guide him back to normal life. But as Judd's only emotion is rage, Kloe finds it both heart-breaking and challenging mending a soul that's not only broken but caged inside him by the demons of his past. However, when Kloe's relationship with her patient raises some eyebrows, Kloe can't fight against the powers that want to see her fail, and with an arm behind her back, she walks away, leaving behind a man who has come to live life again for her. Four years later Judd, now known as Anderson Cain, the darkest and most formidable cage fighter in a world where violence and crime are the only way to keep breathing, Judd finds there's not a lot in life that can abate the rage that still twists and prowls beneath his skin. Not until a chance encounter brings him to her door. To the woman with the bluest eyes and the most stunning smile, the woman who took his hand in the darkness and led him through the door into the sun. But Kloe Grant left him when he needed her the most. She took the only shred of hope and trust he had left and annihilated it. She starved his belief, and she fed his fury. She owes him. And he's going to make sure that this time, she pays. In blood. In lust. In pain. And with her soul.

The Great Transformation John Wiley & Sons

This book traces the origins of a faith--perhaps the faith of the century. Modern revolutionaries are believers, no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries--the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main stage was the journalistic offices within great cities such as Paris, Berlin, London, and St. Petersburg. Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared *The New Republic* hailed it as "remarkable, learned and lively," while *The New Yorker* noted that Billington "pays great attention to the lives and emotions of individuals and this makes his book absorbing." It is an invaluable work of history and

contribution to our understanding of political life.

The Organization of Behavior Wiley-Blackwell

Reproduction of the original: *In Darkest England and the Way out* by General William Booth

The Pilgrim's Progress Basic Books

In this new book, Bauman examines how we have moved away from a 'heavy' and 'solid', hardware-focused modernity to a 'light' and 'liquid', software-based modernity. This passage, he argues, has brought profound change to all aspects of the human condition. The new remoteness and unreachability of global systemic structure coupled with the unstructured and under-defined, fluid state of the immediate setting of life-politics and human togetherness, call for the rethinking of the concepts and cognitive frames used to narrate human individual experience and their joint history. This book is dedicated to this task. Bauman selects five of the basic concepts which have served to make sense of shared human life - emancipation, individuality, time/space, work and community - and traces their successive incarnations and changes of meaning. *Liquid Modernity* concludes the analysis undertaken in Bauman's two previous books *Globalization: The Human Consequences* and *In Search of Politics*. Together these volumes form a brilliant analysis of the changing conditions of social and political life by one of the most original thinkers writing today.

Liquid Modernity Library of Alexandria

Author's best-known and most controversial study relates the rise of a capitalist economy to the Puritan belief that hard work and good deeds were outward signs of faith and salvation.

Blood Meridian The Floating Press

25th ANNIVERSARY EDITION • From the bestselling author of *The Passenger* and the Pulitzer Prize-winning novel *The Road*: an epic novel of the violence and depravity that attended America's westward expansion, brilliantly subverting the conventions of the Western novel and the mythology of the Wild West. Based on historical events that took place on the Texas-Mexico border in the 1850s, *Blood Meridian* traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

The Turn of the Screw Aegitas

With a new afterword by the author, this classic analysis of Western liberal capitalist society contends that capitalism—and the culture it creates—harbors the seeds of its own downfall by creating a need among successful people for personal gratification—a need that corrodes the work ethic that led to their success in the first place. With the end of the Cold War and the emergence of a new world order, this provocative manifesto is more relevant than ever.

The Cultural Contradictions Of Capitalism Createspace Independent Publishing Platform

The classic postapocalyptic thriller with "all the reality of a vividly realized nightmare" (*The Times*, London). Triffids are odd, interesting little plants that grow in everyone's garden. Triffids are no more than mere curiosities—until an event occurs that alters human life forever. What seems to be a spectacular meteor shower turns into a bizarre, green inferno that blinds everyone and renders humankind helpless. What follows is even stranger: spores from the inferno cause the triffids to suddenly take on a life of their own. They become large, crawling vegetation, with the ability to uproot and roam about the country, attacking humans and inflicting pain and agony. William Masen

somehow managed to escape being blinded in the inferno, and now after leaving the hospital, he is one of the few survivors who can see. And he may be the only one who can save his species from chaos and eventual extinction . . . With more than a million copies sold, *The Day of the Triffids* is a landmark of speculative fiction, and “an outstanding and entertaining novel” (Library Journal). “A thoroughly English apocalypse, it rivals H. G. Wells in conveying how the everyday invaded by the alien would feel. No wonder Stephen King admires Wyndham so much.” —Ramsey Campbell, author of *The Overnight* “One of my all-time favorite novels. It’s absolutely convincing, full of little telling details, and that sweet, warm sensation of horror and mystery.” —Joe R. Lansdale, author of *Edge of Dark Water*

The Justice of God in the Damnation of Sinners Harper Collins

Stunning art and a story that only Garth Ennis could tell! He's paying the price for his deal with the Devil - is the Ghost Rider condemned to ride the highways of Hell for all eternity? His saving grace could be in the form of an unlikely ally - an industrious angel with a deal that would free Ghost Rider once and for all! Collects Ghost Rider #1-6.

"Powers writes action and adventure that Indiana Jones could only dream of." —Washington Post

"Tim Powers is a brilliant writer." —William Gibson The remarkable Tim Powers—who ingeniously

married the John Le Carrè spy novel to the otherworldly in his critically acclaimed *Declare*—brings us pirate adventure with a dazzling difference. *On Stranger Tides* features Blackbeard, ghosts, voodoo, zombies, the fable Fountain of Youth...and more swashbuckling action than you could shake a cutlass at, as reluctant buccaneer John Shandy braves all manner of peril, natural and supernatural, to rescue his ensorcelled love. Nominated for the Locus and World Fantasy Awards, *On Stranger Tides* is the book that inspired the motion picture *Pirates of the Caribbean: On Stranger Tides*—non-stop, breathtaking fiction from the genius imagination that conceived *Last Call*, *Expiration Date*, and *Three Days to Never*.

Love in the Time of Cholera (Illustrated Edition) Open Book Publishers

Inspired by Voltaire’s advice that a text needs to be concise to have real influence, this anthology contains fiery extracts by forty eighteenth-century authors, from the most famous philosophers of the age to those whose brilliant writings are less well-known. These passages are immensely diverse in style and topic, but all have in common a passionate commitment to equality, freedom, and tolerance. Each text resonates powerfully with the issues our world faces today. *Tolerance* was first published by the Société française d’étude du dix-huitième siècle (the French Society for Eighteenth-Century Studies) in the wake of the Charlie Hebdo assassinations in January 2015 as an act of solidarity and as a response to the surge of interest in Enlightenment values. With the support of the British Society for Eighteenth-Century Studies, it has now been translated by over 100 students and tutors of French at Oxford University.
