machines for a mod. By
 my understanding you
 can probably replace the
 mx10 machines with a
 Chinese knockoff but
 do you really want that...
 My suggestion would be
 to get rail supported Torin
 machines. This would
 involve you installing a
 custom built bed plate for
 the machine. Lots of
 work.KONE MX10 EcoDisc

Ltd. Kone Lift Traction Motor For Elevator Machine Kone Mx10 ... Space savings - KONE EcoSpace does not need a separate machine room thanks to the KONE EcoDisc hoisting motor, which is so compact that it can be located in the hoistway. There is no need for a control room as the KONE EcoSpace control and logic components fit inside the wall of the top elevator landing. KONE Destination - Adding our destination control system can significantly improve convenience in your building while enhancing the appearance of your lobby. EcoSpace Low-rise Elevator - KONE KONE ReVolution™ is a complete elevator system upgrade which will improve the performance of your existing elevator system. KONE ReVolution is ideal for any low-, mid- or high-rise application. This complete turnkey solution features: n KONE EcoDisc® hoisting machine. THE COMPLETE ELEVATOR MODERNIZATION SOLUTION KONE ReVolution In addition to standard passenger elevators, KONE MonoSpace technology is used for special applications such as

service, scenic and bed elevators. The KONE MonoSpace® advantage The secret behind KONE MonoSpace is the permanent magnet, gearless KONE EcoDisc® motor. KONE EcoDisc weighs less than half of a conventional geared traction machine and THE MACHINE-ROOM-LESS ELEVATOR KONE S MonoSpace The KONE E MonoSpace solution is offered with pre-designed options for car size and load. The available options are designed specifically to meet the typical needs of residential environments. Save energy with KONE eco-efficient technologies The KONE E MonoSpace elevator is powered by the energy-efficient KONE EcoDisc® hoisting machine. THE MACHINE-ROOM-LESS ELEVATOR - Kone The MX18 axial motor is a 3-phase VVVF permanent magnet synchronous gearless machine for machine room use. Due to its large traction sheave, it uses conventional single wrap to guarantee long rope life. KONE EcoDisc MX18 - movenec-irq.com See how KONE revolutionised the elevator industry with its machines-room-less (MRL) elevators using the KONE EcoDisc machine. KONE

EcoDisc machine At KONE, our track record in research and development means we hold more than 3,000 patents across our businesses.
