Audio combine professional narration and sentence highlighting for an engaging read aloud experience! An American Indian Library Association Youth Literature Award Honor Picture Book Mary Golda Ross designed classified airplanes and spacecraft as Lockheed Aircraft Corporation's first female engineer. Find out how her passion for math and the Cherokee values she was raised with shaped her life and work. Cherokee author Traci Sorell and Métis illustrator Natasha Donovan trace Ross's journey from being the only girl in a high school math class to becoming a teacher to pursuing an engineering degree, joining the top-secret Skunk Works division of Lockheed, and being a mentor for Native Americans and young women interested in engineering. In addition, the narrative highlights Cherokee values including education, working cooperatively, remaining humble, and helping ensure equal opportunity

and education for all. "A stellar addition to the genre that will launch careers and inspire for generations, it deserves space alongside stories of other world leaders and innovators."—starred, Kirkus Reviews

Common Core High School: Algebra Secrets Study Guide: Ccss Test Review for the Common Core State Standards Initiative Houghton

Mifflin Harcourt
Read the series that's sold more than 2 million copies--if you dare!
Warning: this description has not been authorized by Pseudonymous Bosch. As much as he'd love to sing the praises of his book (he is very vain), he wouldn't want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn't want you to know about the hair-raising adventures that follow and the nefarious villains they face. You see, not only is

the name of this book secret, the story inside is, too. For it concerns a secret. A Big Secret. *Cliffnotes Grade 7 Common Core Math Review* Barrons Educational Services Help students practice and prepare for the all-important Common Core assessment tests at the end of the school year.
