Reality just became a virtual nightmare in book two of the bestselling Mortality Doctrine series, the next phenomenon from the author of the Maze Runner series, James Dashner. Includes a sneak peek of The Fever Code, the highly-anticipated conclusion to the Maze Runner series—the novel that finally reveals how the maze was built! Michael thought he understood the VirtNet, but the truth he discovered is more terrifying than anyone at VirtNet Security could have anticipated. The cyber terrorist Kaine isn't human. It's a Tangent, a computer program that has become sentient. And Michael just completed the first step in turning Kaine's master plan, the Mortality Doctrine, into a reality. The Mortality Doctrine will populate Earth entirely with human bodies harboring Tangent minds. The VNS would like to pretend the world is perfectly safe, but Michael and his friends know that the takeover has already begun. And if they don't stop Kaine soon, it will be game over for humanity. The author who brought you the #1 New York Times bestselling MAZE RUNNER series and two #1 movies—The Maze Runner and The Scorch Trials—now brings you an electrifying cyber-adventure trilogy that takes you into a world of hyperadvanced technology, cyber terrorists, and gaming

beyond your wildest dreams . . . and your worst nightmares.

The first in New York Times bestselling author Michael Grant's breathtaking dystopian sci-fi saga, *Gone* is a page-turning thriller that invokes the classic *The Lord of the Flies* along with the horror of Stephen King. In the blink of an eye, everyone disappears. *Gone*. Except for the young. There are teens, but not one single adult. Just as suddenly, there are no phones, no internet, no television. No way to get help. And no way to figure out what's happened. Hunger threatens. Bullies rule. A sinister creature lurks. Animals are mutating. And the teens themselves are changing, developing new talents—unimaginable, dangerous, deadly powers—that grow stronger by the day. It's a terrifying new world. Sides are being chosen, a fight is shaping up. Townies against rich kids. Bullies against the weak. Powerful against powerless. And time is running out: on your birthday, you disappear just like everyone else. . . . "A potent mix of action and thoughtfulness—centered around good and evil, courage and cowardice—renders this a tour de force that will leave readers dazed, disturbed, and utterly breathless." —ALA Booklist (starred review) Read the entire series: *Gone* *Hunger* *Lies* *Plague* *Fear* *Light* *Monster* *Villain* *Hero*

happened. They survived. But now a virus is spreading. A virus that fills humans with murderous rage. They're convinced that there's a way to save those who are left—if they can stay alive. Because in this new, devastated world, every life has a price. And to some you're worth more dead than alive.
