LANG BRADSHAW

Ethical Issues in Business Routledge

The field of business ethics continues to expand intellectually and geographically. During the past five decades, scholars have developed and deepened their inquiries into the ethics of commercial and corporate conduct. This Companion provides a novel overview of the discipline of business ethics, covering the major areas of the field as well as new and emerging topics. The eight thematic units range over an extraordinary set of subjects and include chapters on the history and pedagogy of business ethics, moral philosophy, the nature of business, responsibilities within the firm, economic institutions, the 2008 financial crisis, globalization, and business ethics in different regions of the world. Led by a well-respected editorial team, this unique volume gathers an international array of experts whose various critical approaches yield insights from areas such as public policy, economics, law, and history, in addition to business and philosophy. With its fresh analyses, wide scope, and clarity of approach, this volume will be an essential addition to library collections in business, management, and applied ethics.

[Business Ethics as Rational Choice](#) Pearson College Division

The tools you need to deal with ethical dilemmas in business In today's world, it's increasingly important for all businesses and government agencies

to implement ethical conduct in the workplace. Therefore, business ethics has become required coursework for most students in undergraduate and postgraduate business programs. Mapping to a business ethics course, Business Ethics For Dummies examines ethical theory and discusses the moral issues facing corporate America. It covers topics such as conflicts of interest, trade secrets and insider trading, product safety and product liability, hiring, drug testing, sexual harassment, diversity, and much more. The basics of ethics and making ethical decisions How-tos on incorporating business ethics in the workplace A discussion of moral issues facing corporate America Packed with easy-to-understand explanations and examples, Business Ethics For Dummies is a helpful resource for students, professors, business owners, managers, and CEOs who seek a clear understanding of the importance of ethics.

Business Ethics of Innovation Springer Science & Business Media

Economics and moral philosophy have in recent years been considered to be distinct and separate fields. However, behavioural economics has started to reconcile various aspects of morality and economics, which has offered new conceptual opportunities to advance economics ethics and business ethics. This book aims to advance economic ethics and business ethics by combining normative principles and empirical evidence grounded on the key motivational forces in economic decision making. It has three core objectives: to assess order ethics as a theory of both economic ethics and business ethics, using behavioural economics methods and evidence; to identify cardinal virtues for modern business ethics; to set up valuable guidelines for the implementation of economic ethics and business ethics.

Practical Business Ethics Pearson Higher Ed

Take a seat in the boardroom. What will you decide? Corporations make difficult decisions about the right thing to do every day, but as an organization made up of people with different perspectives and values, how can a business behave ethically? This is Business Ethics offers a dynamic and engaging introduction to the study of corporate morality. Offers real-world practical advice for navigating ethical dilemmas in business, developed and explained through illustrative high-profile case studies like the Ford Pinto case, Enron, Walmart and British Petroleum. Explores how ethical theory informs business policy and practice. Presents unresolved contemporary case studies for consideration, inviting readers to participate in the decision-making and offer their own recommendations. The latest in the This is Philosophy series, This is Business Ethics features supplemental online resources for instructors and students at www.thisisphilosophy.com.

Ethical Theory and Business Springer Science & Business Media

A foundational text for the modern business student and an essential instructor resource, this book presents a thorough and comprehensive introduction to business ethics. Taking a strategic stakeholder approach—one that emphasizes how important it is to balance multiple stakeholders' needs—students will develop the critical skills they need to analyze and solve complex ethical issues, while ensuring overall business success. The second edition retains Business Ethics' strong balance of theory and practice, but incorporates several new features, including: Fresh cases ensuring students are exposed to the most topical real-world examples A global view, with examples from international and emerging markets, and coverage of ethical standards from around the world An expanded chapter on individual ethical decision-making, as well as a new chapter devoted to ethical theory A renewed emphasis on the popular boxed features with more integration of newer case studies, and the addition of "Emerging Market Business Ethics Insights" The latest data on business ethics and ethics related issues from a variety of reputable sources A comprehensive set of lecture slides, test questions, and instructor notes provide additional material for the classroom.

Business Ethics Oxford University Press

"Keeping pace with recent developments, almost a third of the Eighth Edition is new. Ethical Issues in Business offers a mix of case studies - nine of which are new to this edition - and theoretical articles - ten of which are new to this edition. The articles range from classics in moral theory and economics, to modern commentaries by business executives."--Jacket.

Ethical Issues in Business Pearson

Firms generally depend upon innovations in order to achieve advantages on competitive markets, thus also raising societal questions. Business ethics provides a normative framework for balancing the different perspectives, values, and interests at stake. This balance must be achieved both at relevant firm and regulatory levels. Business Ethics of Innovation is thus necessarily an interdisciplinary endeavour. This volume assesses general questions of how business ethics may contribute to adequate innovations and specifically discusses respective case studies in pharmaceutical and IT sectors.

Business Ethics Theory Rowman & Littlefield Publishers

Over 30 years Ronald F. Duska has established himself as one of the leading scholars in business ethics. This book presents Duska's articles the years on ethics, business ethics, teaching ethics, agency theory, postmodernism, employee rights, and ethics in accounting and the financial services industry. These reflect his underlying philosophical concerns and their application to real-world challenges — a method that might be called an Aristotelian common-sense approach to ethical decision making.

Business Ethics in the 21st Century John Wiley & Sons

An anthology of readings, legal perspectives, and cases in business ethics. Ethical Theory and Business provides students with a strong understanding of ethics in business. Case studies, a discussion of ethical theory, and a diverse range of perspectives on specific topics give students the tools needed to address ethical situations in business and challenge them to think for themselves. Learning Goals Upon completing this book readers will be able to: * Reflect on ethical and sustainable business practices * Understand the role of ethics in all function areas of business including management, marketing, international business, human resources, finance, and accounting * Discuss the most pressing issues confronting business leaders today

Business Ethics Through Movies Pearson

For undergraduate or MBA-level courses in Business Ethics, Business and Society, and Ethical and Legal Environment of Business. One of the most widely used texts on business ethics, this collection of readings and cases begins with an introduction to moral reasoning, and then provides students with a wide range of opportunities to apply ethical theory to real contemporary managerial situations including issues facing managers in the next century. Each section contains a case study and relevant theoretical articles that range from classics in philosophy to modern commentaries by business practitioners.

Business Ethics For Dummies Springer Nature

This book presents an integration of the analysis of symbolic, ethical, and cultural meaning into the theory of economic action. It demonstrates that the scope of economics is widened by the inclusion of the cultural and ethical determinants of economic action and by bringing the ethical and cultural factors back into economics and management science. The book's contribution to business ethics and economic ethics lies in its distinctly continental European background which is often overlooked in current discussions of economic theory. The papers in this volume point to a mutual interpenetration of economics and ethics in a new synthesis of "ethical economy".

The Moral Background Routledge

This volume provides an updated examination of the role that moral and political philosophy can play in addressing problems in business ethics. The

essays contained within its pages represent the work of new scholars and address a wide array of foundational issues such as distributive justice within firms, human rights, ethical challenges of international business, the role of virtue in business management, entrepreneurship and the relationship of markets and market actors with democratic institutions.

Ethical Theory and Business: Pearson New International Edition Cambridge University Press

Ethical Theory and Business is the authoritative guide to business ethics and CSR, with cutting edge theoretical readings and cases.

Normative Theory and Business Ethics Cambridge University Press

This work provides a critical look at business practice in the early 21st century and suggests changes that are both practical and normatively superior. Several chapters present a reflection on business ethics from a societal or macro-organizational point of view. It makes a case for the economic and moral superiority of the sustainability capitalism of the European Union over the finance-based model of the United States. Most major themes in business ethics are covered and some new ones are introduced, including the topic of the right way to teach business ethics. The general approach adopted in this volume is Kantian. Alternative approaches are critically evaluated.

Business Ethics Springer Science & Business Media

Business Ethics: An Ethical Decision-Making Approach presents a practical decision-making framework to aid in the identification, understanding, and resolution of complex ethical dilemmas in the workplace. Focuses exclusively on three basic aspects of ethical decision making and behavior—how it actually takes place, how it should take place, and how it can be improved Uses real-life examples of moral temptations and personal ethical dilemmas faced by employees and managers Discusses the biases, psychological tendencies, moral rationalizations, and impact of self-interest as impediments to proper ethical decision making Includes relevant examples of ethical misconduct and scandals appearing in the news media

Contemporary Reflections on Business Ethics John Wiley & Sons

Through a combination of the illuminating overviews composed by the editor and readings drawn from important traditional and contemporary sources, MacKinnon's ETHICS provides students with an introduction to both ethical theory and the moral debates surrounding a variety of contemporary issues. Edited with the intention of providing reader friendly, but not superficial, access to many complex concepts, ETHICS is a comprehensive and clear-sighted introduction to both the general and specific guises ethical deliberation is obliged to take.

Ethics in Economics, Business, and Economic Policy Cambridge University Press

For courses in Business Ethics. Build business ethics expertise through application. Business Ethics as Rational Choice focuses on building decision-making skills so that readers can arrive at, and defend, personal or company decisions in an objective, and convincing, manner.

Business Ethics For Dummies Princeton University Press

Packed with examples, this book offers a clear and engaging overview of ethical issues in business. It begins with a discussion of foundational issues, including the objectivity of ethics, the content of ethical theories, and the debate between capitalism and socialism, making it suitable for the beginning student. It then examines ethical issues in business in three broad areas. The first is the market. Issues explored are what can be sold (the limits of markets) and how it can be sold (ethics in marketing). The second is work. Topics in this area are health and safety, meaningful work, compensation, hiring and firing, privacy, and whistleblowing. The third area is the firm in society. Here readers explore corporate social responsibility, corporate political activity, and the set of ethical challenges that attend international business. Issues are introduced through real-world examples that underscore their importance and make them come alive. Arguments for opposing positions are given fair hearings and students are encouraged to develop and defend their own views. Key Features Introduces each topic with a real-world example, which is referenced regularly in the subsequent argument. Contains a critical evaluation of capitalism and socialism, with a focus on private property, the market system, and the welfare state. Explores the limits of markets and encourages students to ask what should and should not be for sale. Explores the phenomena of corporate political activity and ethical consumerism. Includes initial chapter overviews and – at the end of each chapter – study questions and suggested additional readings.

Ethics Rowman & Littlefield Publishers

Filled with real-world case studies and examples of ethical dilemmas, Understanding Business Ethics, Third Edition prepares students and managers alike to make ethical decisions in today's complex, global environment. Bestselling authors Peter A. Stanwick and Sarah D. Stanwick explain the fundamental importance of ethical leadership, decision making, and strategic planning while examining emerging trends in business ethics such as the developing world, human rights, environmental sustainability, and technology. In addition to presenting information related to the Association to Advance Collegiate Schools of Business (AACSB), the text's 26 real-world cases profile a variety of industries, countries, and ethical issues in a way that is relevant and meaningful to students' lives. The Third Edition features new cases from well-known companies such as Disney and General Motors, new coverage of emerging topics such as big data and social media, expanded coverage of corporate social responsibility, and more. Using an applied approach, this text helps students understand why and how business ethics really do matter!

Behavioural Economics and Business Ethics SAGE Publications

Business Ethics Through Movies: A Case Study Approach examines a wide range of ethical dilemmas, principles and moral reasoning that arise in contemporary business through a series of popular films and real-world case studies. Engages readers in learning about ethical theory by using movies and both national and international case studies in business as the vehicle for analysis and reflection Facilitates comprehension of ethical issues by showing how characters in films confront issues, make choices, and face the consequences Draws from a variety of actual cases in Business Ethics - from the 1982 Tylenol poisoning and the 1989 Exxon Valdez disaster to recent examples such as the Foster Farms salmonella outbreak and the chemical spill in West Virginia Reveals the important role that ethics plays in setting the moral foundation of a business or corporation Develops critical thinking skills through applying analytical checklists to ethical dilemmas raised in films and in actual cases in Business Ethics
