It is sure to be used and... Machine Shop Trade Secrets: A Guide to Manufacturing ...I don't have the pocket companion or the black book, so I will just give you my impressions of Machine Shop Trade Secrets. I classify it with the two Frank Marlow books (Machine Shop Know-How and

Machine Shop Essentials): good, usable information from a practitioner, but pretty much in the format of "tips and tricks". Machine shop trade secrets vs. Pocket companion vs ... CNC Trade Secrets is from the author of the bestselling and universally praised Machine Shop Trade Secrets. This new manual does for CNC machining what the first book did for conventional machining. With this guide to proven CNC machine shop practices, you will be producing machine parts faster, with fewer errors, and with less labor. CNC Trade Secrets: A Guide to CNC Machine Shop Practices ... Probably because I've had little in the way of formal

machine training, unlike a lot of members here. I gave the book away last year to my wife's cousin, he saw my shop and was so interested in it, wanted to get into the trade (he was about 18 at the time). Machine Shop Trade Secrets - Practical Machinist About the Course. What do you think of when you hear the word "Secrets" ? I think of someone deliberately withholding information. I still question why this was the case, but in all of my experience in more than 15 different machine shops and manufacturing environments over the past 45 years, this was a very prevalent behavior.
