 It's 1895, and
 after the

death of her mother, 16-year-old Gemma Doyle is shipped off from the life she knows in India to Spence, a proper boarding school in England. Lonely, guilt-ridden, and prone to visions of the future that have an uncomfortable habit of coming true, Gemma's reception there is a chilly one. To make things worse, she's being followed by a mysterious young Indian

man, a man sent to watch her. But why? What is her destiny? And what will her entanglement with Spence's most powerful girls - and their foray into the spiritual world - lead to?

Wikinomics
New Canadian Library
In the 16th century, the beginning of African enslavement in the Americas until the ratification of the Thirteenth Amendment and emancipation in 1865, Africans were

hunted like animals, captured, sold, tortured, and raped. They experienced the worst kind of physical, emotional, psychological, and spiritual abuse. Given such history, isn't it likely that many of the enslaved were severely traumatized? And did the trauma and the effects of such horrific abuse end with the abolition of slavery? Emancipation was followed by one hundred more years of

institutionalized subjugation through the enactment of Black Codes and Jim Crow laws, peonage, convict leasing, domestic terrorism and lynching. Today the violations continue, and when combined with the crimes of the past, they result in yet unmeasured injury. What do repeated traumas, endured generation after generation by a people produce? What impact

have these ordeals had on African Americans today? Dr. Joy DeGruy, answers these questions and more. With over thirty years of practical experience as a professional in the mental health field, Dr. DeGruy encourages African Americans to view their attitudes, assumptions, and behaviors through the lens of history and so gain a greater understanding of how centuries of slavery and

oppression have impacted people of African descent in America. *Post Traumatic Slave Syndrome* helps to lay the necessary foundation to ensure the well-being and sustained health of future generations and provides a rare glimpse into the evolution of society's beliefs, feelings, attitudes and behavior concerning race in America. *Post*

<p><i>Traumatic Slave Syndrome</i> Cambridge University Press The Book has been thoroughly revised, keeping in mind the rapid technological advances in this mammoth industry and also the feedback received from various quarters. Relevant extracts from current SOLAS, IACS, Lloyd's Register, DNV and ABS Rules, have been included with permission.</p>	<p>However, these must be used only for academic purposes. Relevant current documents onboard ships must be referred to, for the purpose of complying with Classification Societies' and other Statutory Requirements. <i>The Secret History of the Mongols</i> Bantam Named to ten BEST OF THE YEAR lists and selected as a William C. Morris Award Winner, The Serpent King is the critically</p>	<p>acclaimed, much-beloved story of three teens who find themselves-- and each other--while on the cusp of graduating from high school with hopes of leaving their small-town behind. Perfect for fans of John Green's <i>Turtles All the Way Down</i>. "Move over, John Green; Zentner is coming for you." —The New York Public Library "Will fill the infinite space that was left in your chest after you</p>

finished *The Perks of Being a Wallflower*.” —BookRiot.com
 Dill isn't the most popular kid at his rural Tennessee high school. After his father fell from grace in a public scandal that reverberated throughout their small town, Dill became a target. Fortunately, his two fellow misfits and best friends, Travis and Lydia, have his back. But as they begin their senior year, Dill feels the coils of his future

tightening around him. His only escapes are music and his secret feelings for Lydia--neither of which he is brave enough to share. Graduation feels more like an ending to Dill than a beginning. But even before then, he must cope with another ending--one that will rock his life to the core. Debut novelist Jeff Zentner provides an unblinking and at times comic view of the hard realities of growing up

in the Bible belt, and an intimate look at the struggles to find one's true self in the wreckage of the past. “A story about friendship, family and forgiveness, it's as funny and witty as it is utterly heartbreaking.”
 —PasteMagazine.com
 “A brutally honest portrayal of teen life . . . [and] a love letter to the South from a man who really understands it.”
 —Mashable.co

m "I adored all three of these characters and the way they talked to and loved one another."—New York Times Hackers Joy Degruy Publications Incorporated This 25th anniversary edition of Steven Levy's classic book traces the exploits of the computer revolution's original hackers -- those brilliant and eccentric nerds from the late 1950s through the early '80s who took risks, bent the rules, and pushed

the world in a radical new direction. With updated material from noteworthy hackers such as Bill Gates, Mark Zuckerberg, Richard Stallman, and Steve Wozniak, Hackers is a fascinating story that begins in early computer research labs and leads to the first home computers. Levy profiles the imaginative brainiacs who found clever and unorthodox solutions to computer

engineering problems. They had a shared sense of values, known as "the hacker ethic," that still thrives today. Hackers captures a seminal period in recent history when underground activities blazed a trail for today's digital world, from MIT students finagling access to clunky computer-card machines to the DIY culture that spawned the Altair and the Apple II. **A History of**

From the Foreword. In 1949, while I was visiting Ezra Pound who was a political prisoner at St. Elizabeth's Hospital, Washington, D.C. (a Federal institution for the insane), Dr. Pound asked me if I had ever heard of the Federal Reserve System. I replied that I had not, as of the age of 25.

He then showed me a ten dollar bill marked "Federal Reserve Note" and asked me if I would do some research at the Library of Congress on the Federal Reserve System which had issued this bill. Pound was unable to go to the Library himself, as he was being held without trial as a political prisoner by the United States government. After he was denied broadcasting

time in the U.S., Dr. Pound broadcast from Italy in an effort to persuade people of the United States not to enter World War II. Franklin D. Roosevelt had personally ordered Pound's indictment, spurred by the demands of his three personal assistants, Harry Dexter White, Lauchlin Currie, and Alger Hiss, all connected with Communist espionage. Aelin shattered the glass castle, since Chaol's men were slaughtered, since the King of Adarlan spared him from a killing blow, but left his body broken. Now he and Nesryn sail for Antica – the stronghold of the southern continent's mighty empire and of the legendary healers of the Torre Cesme. It's Chaol's one shot at recovery, and with war looming back home, Dorian and Aelin's survival could

depend on Chaol and Nesryn convincing Antica's rulers to ally with them. But what they discover there will change them both – and be more vital to saving Erilea than they could have imagined. [Know Your Own Ship](#) Vintage Harry Collins and Trevor Pinch liken science to the Golem, a creature from Jewish mythology, powerful yet potentially dangerous, a gentle, helpful

creature that may yet run amok at any moment. Through a series of intriguing case studies the authors debunk the traditional view that science is the straightforward result of competent theorisation, observation and experimentation. The very well-received first edition generated much debate, reflected in a substantial new Afterword in this second edition, which seeks to place the book in

what have become known as 'the science wars'.
The Serpent King Vintage Canada
 The film adaptation of Margaret Laurence's *The Stone Angel*, starring acclaimed actresses Ellen Burstyn and Ellen Page, and introducing Christine Horne, opens in theatres May 9, 2008. This special fortieth-anniversary edition of Margaret Laurence's most celebrated novel will

introduce readers again to one of the most memorable characters in Canadian fiction. Hagar Shipley is stubborn, querulous, self-reliant, and, at ninety, with her life nearly behind her, she makes a bold last step towards freedom and independence. As her story unfolds, we are drawn into her past. We meet Hagar as a young girl growing up in a black prairie town; as the wife of a virile but

unsuccessful farmer with whom her marriage was stormy; as a mother who dominates her younger son; and, finally, as an old woman isolated by an uncompromising pride and by the stern virtues she has inherited from her pioneer ancestors. Vivid, evocative, moving, *The Stone Angel* celebrates the triumph of the spirit, and reveals Margaret Laurence at the height of her powers as a writer of

extraordinary craft and profound insight into the workings of the human heart.

The Golem

Campbell Press

A deadly continental struggle, the Thirty Years War devastated seventeenth-century Europe, killing nearly a quarter of all Germans and laying waste to towns and countryside alike. Peter Wilson offers the first new history in a generation of a horrifying conflict that

transformed the map of the modern world.

The Stone Angel

Penguin

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Wreck of the Titan

Bloomsbury

Publishing USA

The acclaimed bestseller that's teaching the world about the power of mass collaboration. Translated into more than twenty languages and named one of the best business books of the year by reviewers around the world, Wikinomics has become essential reading for business people everywhere. It explains how mass collaboration

is happening not just at Web sites like Wikipedia and YouTube, but at traditional companies that have embraced technology to breathe new life into their enterprises. This national bestseller reveals the nuances that drive wikinomics, and share fascinating stories of how masses of people (both paid and volunteer) are now creating TV news stories, sequencing the human genome,

remixing their favorite music, designing software, finding cures for diseases, editing school texts, inventing new cosmetics, and even building motorcycles. [A Night to Remember](#) Routledge In this comprehensive response to the education crisis, the author of [Teaching as a Subversive Activity](#) returns to the subject that established his reputation as one of our most

insightful social critics. Postman presents useful models with which schools can restore a sense of purpose, tolerance, and a respect for learning. *Flags, Pennants and Customs* A Night to Remember Life of Pi is a masterful and utterly original novel that is at once the story of a young castaway who faces immeasurable hardships on the high seas, and a meditation on

religion, faith, art and life that is as witty as it is profound. Using the threads of all of our best stories, Yann Martel has woven a glorious spiritual adventure that makes us question what it means to be alive, and to believe.

Paper Towns

Lulu.com
This fresh translation of one of the only surviving Mongol sources about the Mongol empire, brings out the excitement of this epic with

its wide-ranging commentaries on military and social conditions, religion and philosophy, while remaining faithful to the original text. Seagull Books
The end of the Bronze Age in the Eastern Mediterranean was a time of social, political, and economic upheaval – conditions reflected, in many ways, in the world of Homer’s Odyssey. Jeffrey P. Emanuel examines the Odyssey’s

Second Cretan Lie (xiv 191 – 359) in the context of this watershed transition, with particular emphasis on raiding, warfare, maritime technology and tactics, and the evidence for the so-called ‘Sea Peoples’ who have been connected to the events of this period. He focuses in particular on the hero’s description of his frequent raiding activities and on his subsequent sojourn in the

land of the pharaohs, and connections between Odysseus' false narrative and the historical experiences of one particular Sea Peoples group: the 'Sherden of the Sea.'
