 After all that theft, racketeering, adultery, murder, and going to the mattresses, even a wiseguy needs a little pasta fazool for the soul. A hilarious self-help parody based on the exploits of Don Corleone, Anthony Soprano, and those other "made" guys. If your conscience is growing weary because you've had to off your best friend or you've recently learned exactly what was inside that envelope you were asked to deliver, take heart: Brian M. Thomsen and his associate, Don Minestrone, have got your back with more than 100 tales of redemptive goomba guidance and mobster lore. In the tradition of Chicken Soup for the Soul meets The Departed comes tales of family loyalty, mobster morals, and criminal compassion. So the next time you or someone from your clan goes to the mattresses on some trumped-up racketeering charge, we suggest you leave the gun and take the cannoli-and this book, of course.
Bloodletter Compass America Guides
 "Since 1784, when the American ship Empress of China arrived in Guangzhou, Chinese-American relations have experienced advances and setbacks. The past century saw America's rise to a world superpower, and in recent decades, China has increasingly asserted itself around the globe. As the Chinese economy rapidly expands, China assumes a more dominant position in world politics, and continued fruitful relations with the United States will be a primary concern for both nations in the twenty-first century." "This encyclopedia contains more than 400 descriptive entries of important events, issues, personalities, controversies, treaties, agreements, organizations and alliances in the history of Sino-American relations. The work examines people and events from Chinese and American perspectives. Enhancing the entries are two maps, a chronology, a list of abbreviations and acronyms, American chiefs on missions to China, Chinese chiefs on missions to the United States, a Wade-Giles to Pinyin table, a bibliography, information about the 74 contributors, and an index."--BOOK JACKET.
Books in Print Penguin
 ...an excellent history for anyone interested in the history of prisons and prison reform in America.- Publishers WeeklyAmerica's most notorious prison is also America's most mysterious. Denis Brian's book figuratively opens the gates of Sing Sing and permits readers to learn the tales locked inside the confines of this famous prison and meet the remarkable array of inhabitants, keepers, and luminaries connected with its two-century history.- James McGrath Morris, author of The Rose Man of Sing Sing and Jailhouse JournalismProvides a penetrating, unforgettable look into the horrors as well as the acts of kindness and generosity that make the true story of Sing Sing so compelling.- Sister Helen Prejean, author of Dead Man WalkingIt is impossible to read this book and still be in favor of capital punishment.- Frederik Osborne, Grandson of Sing Sing Warden Thomas Mott Osborne, and President of the Osborne Association, which works to improve the criminal justice system.On May 14, 1825, one hundred mute, dispirited convict-laborers disembarked from steamers at Mount Pleasant, New York. They had been transported in chains nearly three hundred miles from Auburn

Prison in upstate New York for the purpose of constructing a new maximum-security prison near a village on the Hudson. Wielding pick axes and shovels, they worked under brutal supervision for five years, building the grim structure out of the rock underfoot, rusty scrap iron, and granite from a local quarry. Overseeing their slave labor was the sadistic Elam Lynds, formerly the warden in Auburn and soon to be the first master of Sing Sing prison.So begins Denis Brian's gripping history of one of America's most notorious prisons. For most of the 19th century Sing Sing was a bastion of inhumane treatment, where guards made every effort to break the spirit of inmates by a fanatic rule of silence enforced by shockingly brutal punishments and tortures-floggings with metal-tipped whips, the Chinese water cure, the Cage, the Crucifix, the Ball and Chain, and more. In 1891, Sing Sing witnessed its first electrocution, which was reportedly a terrible fiasco. This was followed by 613 additional electrocutions of both men and women. In addition, we learn that electricity genius Thomas Edison was a great proponent of this method.Based on extensive research with original sources, Brian's narrative covers every period of the prison's checkered history, from the awful conditions of the 19th century to the relative improvements of the 20th century to today. In 1920, a dramatic turnaround occurred, when one of criminology's most progressive wardens, Lewis Lawes, took over. In command for twenty-one years, Lawes-who believed in reforming prisoners, not just punishing them-brought almost miraculous changes for the better.During the 20th century Sing Sing held such infamous prisoners as members of Murder Incorporated, the Lonely Hearts Killers, Albert the cannibal Fish, Lucky Luciano, Louis Lepke, and Ethel and Julius Rosenberg. Brian recounts their stories and throws in cameos of such diverse visiting luminaries as Harry Houdini, Arthur Conan Doyle, Johnny Cash, John Cheever, and Mother Teresa. Sing Sing has witnessed it all: from daring, ingenious escapes and the first blood donations by prisoners to inmates volunteering to be injected with syphilis in the interest of medical science.Brian's story ends with a glimpse of Sing Sing in the recent past and today, based on his interviews with the present warden, Brian Fischer; prison guards; a prison psychiatrist; and the daughter of Sing Sing's last executioner.A must for fans of true crime, criminology, and urban American history, Brian's powerfully told story is both a dramatic page-turner and a definitive history.Denis Brian is the widely acclaimed author of Einstein: A Life, Genius Talk, and The True Gen: An Intimate Portrait of Hemingway by Those Who Knew Him, among other works.

Herman ÓBaronÓ Lamm, the Father of Modern Bank Robbery Verso

A collection of essays on the most hotly debated films features discussions on Spike Lee, Oliver Stone, the ratings war, and the war of the sexes by such critics as Pauline Kael, Roger Ebert, and Terrence Rafferty. Original.

Crime Does Not Pay Archives Volume 8 Copyright Office, Library of Congress

In 1606, the city of Prague shines as a golden mecca of art and culture carefully cultivated by Emperor Rudolf II. But the emperor hides an ugly secret: His bastard son, Don Julius, is afflicted with a madness that pushes the young prince to unspeakable depravity. Desperate to stem his son's growing number of scandals, the emperor exiles Don Julius to a remote corner of Bohemia, where the young man is placed in the care of a bloodletter named Pichler. The bloodletter's task: cure Don Julius of his madness by purging the vicious humors coursing through his veins. When Pichler brings his daughter Marketa to assist him, she becomes the object of Don Julius's frenzied - and dangerous - obsession. To him, she embodies the women pictured in the Coded Book of Wonder, a priceless

manuscript from the imperial library that was his only link to sanity. As the prince descends further into the darkness of his mind, his acts become ever more desperate, as Marketa, both frightened and fascinated, can't stay away. Inspired by a real - life murder that threatened to topple the powerful Hapsburg dynasty, *The Bloodletter's Daughter* is a dark and richly detailed saga of passion and revenge.

Portrait of a Public Enemy Greenwood Publishing Group

A tale of time travel, Irish magic, and passionate romance from the author of *Haunting Beauty* and *The Five Deaths of Roxanne Love*... Rory McGrath's life changed the night his father mysteriously vanished after uncovering the secrets of the ancient Book of Fennore. The trauma turned Rory from an innocent boy into a troubled, cynical man. Leaving Ireland, he shunned his family, his heritage—and the very magic that has defined his people for centuries. Then the dreams begin...dreams of an ethereal beauty whose touch is more real than any he's known. And in these dreams, she has a message—a calling for Rory to return home to a destiny that will take him beyond the realm of anything he imagined. Lured to the castle ruins where his father disappeared, Rory is plunged back in time, and into the body of another man—a man betrothed to the very woman of Rory's dreams. In possession of the secrets of his past, his family, and his identity, her hold on Rory is inescapable. For she is his doom. His salvation. And his destiny.

Gangsters Dark Horse Comics

Bloodletters and Badmen Prometheus Books

The lives of infamous outlaws, gangsters, murderers, and kidnappers are explored in biographical profiles

Bowker's Law Books and Serials in Print New Directions Publishing

Discusses the rise of the American gangster including six famous gangsters: Al Capone, "Lucky" Luciano, Meyer Lansky, Benjamin "Bugsy" Siegel, Sam Giancana, and John Gotti.

Voice of Youth Advocates Sourcebooks, Inc.

Organized crime reaches into almost every business worldwide, from the cleaning of restaurant tablecloths to the production of high-tech equipment; crime syndicates control entire neighborhoods, cities, and even nations. From its crude origins at the turn of the century to its present-day sophistication, organized crime has been marked by intimidation, corruption, and murder. *World Encyclopedia of Organized Crime* is an excursion into the underworld that uncovers the international scope—and historical roots—of today's organized crime. Brilliantly catalogued by the dean of American true-crime writers, Jay Robert Nash, this volume profiles the notorious gangsters, crime families, cartels, and gangland events that have shaped world history. Here are gangs such as the Dead Rabbits and the Whyos, who controlled nineteenth-century New York; gangsters such as Al Capone, Lucky Luciano, Bugsy Siegel, Meyer Lansky, Legs Diamond, and Dutch Schultz, who brought crime to new heights of money-making and bloodshed; and contemporary organizations such as the Medellín Cartel, the "Pizza Connection" gangsters, the Yakuza gangs of Japan, and New York's powerful Gambino family. With hundreds of alphabetically arranged entries, an international guide to organized crime, a rogue's gallery, and an extensive bibliography, *World Encyclopedia of Organized Crime* is the most comprehensive and authoritative source on the subject

ever compiled.

World Encyclopedia Of Organized Crime McFarland

Describes the life and criminal career of the bank robber and killer known as Baby Face Nelson.

Boxwood Andrews McMeel Publishing

Former Prussian soldier Herman "Baron" Lamm (1890-1930) adapted his military training to a much less noble occupation after moving to America, developing a reputation as one of history's most brilliant and efficient bank robbers. Lamm's time fell between Butch Cassidy and John Dillinger's notorious careers, and Lamm never received the attention of the two famous gunslingers. This first full-length biography promotes Lamm from his supporting role, tracing his criminal exploits and his pioneering use of concepts like "casing" a bank and planning escape routes. Analysis of arrest records finds Lamm's genius as a criminal mastermind much overrated, and a detailed examination of the trial transcript of fellow gang members Walter Detrich and James Clark brings to life Lamm's spectacular downfall.

A Novel of Old Bohemia Lake Union Press

A biography of Chicago's notorious Prohibition-era gangster provides a history of corruption in America, and discusses his life of crime.

America's Most Famous and Notorious Gunfights from the Revolutionary War to Today

Oxford University Press

The *Killer Book* series brings this format to the rabid true crime audience. Including more than 40 black & white photos, this is a must for true crime fans.

AB Bookman's Weekly

Drawing on his experience in creating fictional bad guys, crime novelist Lawrence Sanders surveys the underside of American history through fifty of its most infamous characters. Some, like Jesse James, Bonnie Parker, and Joe Colombo, led a life of crime; others, like John Wilkes Booth and John White Webster, committed one notorious act. Some, like Pretty Boy Floyd or the elusive thief Railroad Bill, have become folk heroes, whether or not the real details of their lives matched the myths they inspired. Others, like Ed Gein and Ted Bundy, will be forever reviled. Sanders introduces each biography with a writer's eye for character and a good story. He begins the book with a short essay that considers how Americans have defined and regarded villains through history. The biographies, culled from the pages of the *American National Biography* and illustrated with archival photographs, describe each villain's background, exploits, and eventual fate--often with unexpected details. The convicted killer Nathan Leopold, for example, became the administrator of a leprosy hospital after his parole. The gangster Dutch Schultz was known not only for his bootlegging expertise but also for his cheap, ill-fitting clothes. The stagecoach bandit Black Bart fancied himself a poet (or, as he put it, "PO8"). And when outlaw Bill Doolin finally met his end, only a rusting buggy axle marked his grave. Ideal for readers of true crime, crime fiction, and history, *Gangsters, Swindlers, Killers, and Thieves* brings a fresh perspective to American's fascination with crime and its perpetrators.

The Inside Story of a Notorious Prison

A shocking expose of the CIA's role as drug baron, "White-Out" surveys the violent storm provoked by a series of articles written by Gary Webb for the "San Jose Mercury News" which charged the agency with smuggling cocaine into the U.S. for the purpose of undermining the youth in black urban neighborhoods.
