GABRIELLE ALYSON

Augustine of Hippo Viking Adult
 The life and works of Augustine of Hippo (354-430) have shaped the development of the Christian Church, sparking controversy and influencing the ideas of theologians through subsequent centuries. His words are still frequently quoted in devotions throughout the global Church today. His key themes retain a striking contemporary relevance - what is the place of the Church in the world? What is the relation between nature and grace? Augustine's intellectual development is recounted with clarity and warmth in this newly rediscovered biography of Augustine, as interpreted by the acclaimed church historian, the late Professor Henry Chadwick. Augustine's intellectual journey from schoolboy and student to Bishop and champion of Western Christendom in a period of intense political upheaval, is narrated in Chadwick's characteristically rigorous yet sympathetic style. With a foreword by Peter Brown reflecting on Chadwick's distinctive approach to

Augustine.

Augustine Harper Collins

A portrait of one of the founding fathers of Western religious philosophy, challenging misconceptions concerning his early hedonistic life and his influential interpretations of Christian doctrine

Society and the Holy in Late Antiquity OUP Oxford

Augustine was one of the West's first public philosophers.

Intellectually brilliant and a gifted writer, he is known primarily as one of the great figures of Christian late antiquity. In this new biography we encounter him through the complexities of his remarkable personality. Miles Hollingworth demonstrates that it was as a personality that he turned against his Age to explore the shocking relevance of one life to God and history. His autobiography, the *Confessions*, is held up by many today as the first truly modern book.

Possidius of Calama Univ of California Press

Since his retirement as Archbishop of Canterbury and his return to academic life (Master of Magdalene College Cambridge) Rowan

Williams has demonstrated a massive new surge of intellectual energy. In this new book he turns his attention to St Augustine. St Augustine not only shaped the development of Western theology, he also made a major contribution to political theory (*City of God*) and through his *Confessions* to the understanding of human psychology. Rowan Williams has an entirely fresh perspective on these matters and the chapter titles in this new book demonstrate this at a glance - 'Language Reality and Desire', 'Politics and the Soul', 'Paradoxes of Self Knowledge', 'Insubstantial Evil'. As with his previous titles, *Dostoevsky*, *The Edge of Words* and *Faith in the Public Square* this new study is sure to be a major contribution on a compelling subject.

Augustine Univ of California Press

Follows the writer's meditative reflections on his life before and after baptism, during which he considers the role of memory in the shaping of identity and one's relationship with God.

A Real-World Spirituality for Restless Hearts CUA Press

Garry Wills is an exceptionally gifted translator and one of our best writers on religion today. His bestselling translations of individual chapters of Saint Augustine's *Confessions* have received widespread and glowing reviews. Now for the first time, Wills's translation of the entire work is being published as a Penguin Classics Deluxe Edition. Removed by time and place but not by spiritual relevance, Augustine's *Confessions* continues to influence contemporary religion, language, and thought. Reading with fresh, keen eyes, Wills brings his superb gifts of analysis and insight to this ambitious translation of the entire book. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Augustine in His Own Words Wm. B. Eerdmans Publishing

Few figures from antiquity are as well known to us as Augustine of Hippo. Thanks to his *Confessions*, we know a great deal about Augustine's life prior to his conversion to Christianity. Yet, without this little biography written by his intimate friend Possidius, bishop of Calama, we would know comparatively little about Augustine's life after his baptism. In straight-forward, unadorned prose, Possidius shows Augustine as a powerful intellect, voluminous writer, and compelling orator, willing and able to defend the Church against all comers be they pagans, Donatists, Arians or Manichaeans. But he also presents an Augustine who humbly endured the everyday trials and difficulties of life as a bishop in Roman Africa. He shows a man who ate sparingly, worked tirelessly, despised gossip, shunned the temptations of the flesh, and exercised prudence and frugality in the financial stewardship of his see. Possidius also supplies one of the only first-hand descriptions of the great tragedy of Augustine's life-the Vandalic conquest of Roman Africa. He poignantly describes Augustine's final illness as he lay locked inside Hippo Regius with the barbarian host literally at the city gates. More than simply the biography of a great saint, *The Life of Saint Augustine* provides a tantalizing glimpse into life in late Roman Africa-a prosperous society on the verge of destruction. This edition of Weiskotten's translation has been completely re-typeset for the modern reader. The text has been amended to include several corrections from an errata sheet that accompanied the original publication. It

includes an expanded bibliography, updated citations, and a revised map. (Note: this edition does not include Weiskotten's revised Latin text.)

Life and Controversies Bloomsbury Publishing

Possidius, the bishop of Calama, was a life-long friend of St. Augustine's and best known for writing a biography of the bishop of Hippo, the *Vita Augustini*. Hermanowicz analyzes both the biography and the legally-oriented career of Possidius to illustrate how active Augustine's colleagues were in soliciting imperial support against their religious competitors and to show just how often Augustine's close friends disagreed with him on important matters of law, coercion and diplomacy. It is still widely asserted by scholars that St. Augustine dominated the theological landscape of North Africa, but this engaging study demonstrates how often he was, in fact, singular and isolated in his beliefs.

Augustine of Hippo A Biography Univ of California Press

A Biography Oxford University Press, USA

This outline of the career of St. Augustine (354-430) discusses three major fields of his writings: against the Manichees, the Donatists and the British theologian Pelagius, who maintained a theology of divine Grace which saw infant baptism as desirable but not essential for salvation. Augustine's attacks on Pelagianism initiated a debate which remains controversial to this day.

Saint Augustine's Memory Wipf and Stock Publishers

This one-volume reference work provides the first encyclopedic treatment of the life, thought, and influence of Augustine of Hippo (A.D. 354-430), one of the greatest figures in the history of the Christian church. The product of more than 140 leading scholars throughout the world, this comprehensive encyclopedia contains over 400 articles that cover every aspect of Augustines life and writings and trace his profound influence on the church and the development of Western thought through the past two millennia. Major articles examine in detail all of Augustines nearly 120 extant writings, from his brief tractates to his prodigious theological works. For many readers, this volume is the only source for commentary on the numerous works by Augustine not available in English. Other articles discuss: Augustines influence on other theologians, from contemporaries like Jerome and Ambrose to prominent figures throughout church history, such as Gregory the Great, Aquinas, Luther, Calvin, and Harnack; Augustines life, the chaotic political events of his world, and the church's struggles with such heresies as Arianism, Donatism, Manicheism, and Pelagianism; Augustines thoughts about philosophical problems (time, the ascent of the soul, the nature of truth), theological questions (guilt, original sin, free will, the Trinity), and cultural issues (church-state relations, Roman society).

Conversions to Confessions Basic Books

A fresh, new translation of Augustine's inaugural work as a Christian convert The first four works written by St. Augustine of Hippo after his conversion to Christianity are the "Cassiciacum dialogues," which have influenced prominent thinkers from Boethius to Bernard Lonergan. In this second, brief dialogue, expertly translated by Michael Foley, Augustine and his mother, brother, son, and friends celebrate his thirty-second birthday by having a "feast of words" on the nature of happiness. They conclude that the truly happy life consists of "having God" through faith, hope, and charity.

Saint Augustine OUP Oxford

This volume offers a comprehensive portrait--or rather, self-portrait, since its words are mostly Augustine's own--drawn from the breadth of his writings and from the long course of his career *On Augustine* New City Press

Saint Augustine -- the celebrated theologian who served as Bishop of Hippo from 396 C.E. until his death in 430 C.E. -- is widely regarded as one of the most influential thinkers in the Western world. His autobiography, *Confessions*, remains among the most important religious writings in the Christian tradition. In this eye-opening and eminently readable biography, renowned historical scholar James J. O'Donnell picks up where Augustine himself left off to offer a fascinating, in-depth portrait of an unparalleled politician, writer, and churchman in a time of uncertainty and religious turmoil. Augustine is a triumphant chronicle of an extraordinary life that is certain to surprise and enlighten even those who believed they knew the complex and remarkable man of God.

An Intellectual Biography Christian Focus

From Pulitzer Prize-winner Garry Wills, the story of Augustine's *Confessions* In this brief and incisive book, Pulitzer Prize-winning historian Garry Wills tells the story of the *Confessions*—what motivated Augustine to dictate it, how it asks to be read, and the many ways it has been misread in the one-and-a-half millennia since it was composed. Wills also addresses the reception of the book, from controversy in its own time and relative neglect during the Middle Ages to a renewed prominence beginning in the fourteenth century and persisting to today, when the *Confessions* has become an object of interest not just for Christians but also historians, philosophers, psychiatrists, and literary critics. With clarity and skill, Wills provides an unparalleled introduction to a spiritual classic that is one of the most important books in the Christian and Western traditions.

A Penguin Life Univ of California Press

In the first part of the book he proves that the perseverance by which a man perseveres in Christ to the end is God's gift; for that it is a mockery to ask of God that which is not believed to be given by God. Moreover, that in the Lord's prayer scarcely anything is asked for but perseverance, according to the exposition of the martyr Cyprian, by which exposition the enemies to this grace were convicted before they were born.

Createspace Independent Publishing Platform

This classic biography was first published thirty years ago and has established itself long since as the standard account of Saint Augustine's life and teaching. The remarkable recent discovery of a considerable number of letters and sermons by Augustine has thrown fresh light on the first and last decades of his experience

as a bishop. These circumstantial texts have led Peter Brown to reconsider some of his judgements on Augustine, both as the author of the *Confessions* and as the elderly bishop preaching and writing in the last years of Roman rule in North Africa. Professor Brown's reflections on the significance of these exciting new documents are contained in two chapters of a substantial epilogue to his biography (the text of which is unaltered). He also reviews the changes in scholarship about Augustine since the 1960s. There is a personal as well as a scholarly fascination in the book-length epilogue and notes that Professor Brown has added to his acclaimed portrait of the Bishop of Hippo.

St. Augustine's Cassiciacum Dialogues, Volume 2 Penguin

★ Publishers Weekly starred review This is not a book about Saint Augustine. In a way, it's a book Augustine has written about each of us. Popular speaker and award-winning author James K. A. Smith has spent time on the road with Augustine, and he invites us to take this journey too, for this ancient African thinker knows far more about us than we might expect. Following Smith's successful *You Are What You Love*, this book shows how Augustine can be a pilgrim guide to a spirituality that meets the complicated world we live in. Augustine, says Smith, is the patron saint of restless hearts—a guide who has been there, asked our questions, and knows our frustrations and failed pursuits. Augustine spent a lifetime searching for his heart's true home and he can help us find our way. "What makes Augustine a guide worth considering," says Smith, "is that he knows where home is, where rest can be found, what peace feels like, even if it is sometimes ephemeral and elusive along the way." Addressing believers and skeptics alike, this book shows how Augustine's timeless wisdom speaks to the worries and struggles of contemporary life, covering topics such as ambition, sex, friendship, freedom, parenthood, and death. As Smith vividly and colorfully brings Augustine to life for 21st-century readers, he also offers a fresh articulation of Christianity that speaks to our deepest hungers, fears, and hopes.
