This is a corpus-based study of lexicalization of motion events in Serbo-Croatian and English, with contrasting examples from Spanish, French, Italian, Mandarin Chinese and Albanian. Talmy's typology (1985) provides the backdrop for the analysis and the focus is on intratypological differences that affect habitual presence or absence of information in motion expressions crosslinguistically as well as "pattern clashing" in translation. This fresh look at issues regarding linguistic typology, lexical and construction meaning and spatio-temporal construals in language and experience results in a more finely grained classification of verbalized motion events. The study offers an eclectic overview of different theoretical approaches and insists on theoretically unbiased set of tools and principles that can be used in studies of any cognitive domain in any language. It provides an in-depth discussion of current issues in cognitive linguistics in particular and suggests systematic implementation of the research findings in applied and interdisciplinary studies of language.

Prokleta Avlija je djelo Ive Andrica koje predstavlja izuzetnu kritiku vlasti uopce, pa tako i Osmanske. Prikazan je položaj intelektualca u društvu koje ga odbacuje.

The Damned Yard Createspace Independent Publishing Platform Cet ouvrage offre une vision d'ensemble sur les recherches en slavistique menées actuellement en Suisse. Toutes les facettes y sont représentées : la littérature de la Russie et des autres pays de langue slave, la linguistique des langues slaves, et enfin l'histoire des idées scientifiques dans le domaine des sciences humaines en Europe orientale. On voit ainsi peu à peu se dessiner

le renouveau de la slavistique, avec des thèmes engagés dans les débats de l'épistémologie contemporaine. Dieser Band gibt einen Überblick über die aktuelle Forschung in der Schweizer Slavistik. Dabei werden alle Bereiche berücksichtigt: Literatur aus Russland und anderen slavischen Ländern, slavische Linguistik und nicht zuletzt die Wissenschaftsgeschichte der Geisteswissenschaften in Osteuropa. Die zentralen Themen, welche die heutigen wissenschaftlichen Debatten beleben, zeugen von einer Erneuerung innerhalb der Slavistik.

Ivo Andric (1892-1975), Nobel Prize laureate for literature in 1961, is undoubtedly the most popular of all contemporary Yugoslav writers. Over the span of fifty-two years some 267 of his works have been published in thirty-three languages. Andric's doctoral dissertation, *The Development of Spiritual Life in Bosnia under the Influence of Turkish Rule* (1924), never before translated into English, sheds important light on the author's literary writings and must be taken into account in any current critical analysis of his work. Over his long and distinguished career as a diplomat and man of letters Andric never again so directly or discursively addressed, as a social historian, the impact of Turkish hegemony on the Bosnian people (1463-1878), a theme he returns to again and again in his novels. Although Andric's fiction was embedded in history, scholars know very little of his actual readings in history and have no other comparable treatment of it from his own pen. This dissertation abounds with topics that Andric incorporated into his early stories and later novels, including a focus on the moral stresses and compromises within Bosnia's four religious confessions: Catholic, Orthodox, Jew, and Muslim. Z. B. Juricic provides an extensive introduction describing the circumstances under which this work was written and situating it in Andric's oeuvre. John F. Loud's original bibliography drawn from this dissertation stands as the only comprehensive inventory of historical sources known to have been closely familiar to the author at this early stage in his development.

Prokleta Avlija je roman pisan hrvatskim jezikom, ekavskim govorom. Kratki roman "Prokleta avlija", čije pisanje je Andric započeo između Prvog i Drugog svjetskog rata, a dovršio ga i objavio 1954. godine, smatra se piscevim remek-djelom. Komponovan je narativnim postupkom "uprčavanja price" (prstenasta, okvirna struktura). Ima više pripovjedaca koji jedan od drugoga preuzimaju kazivacku poziciju. Pripovijedanje u ovom romanu može se predstaviti i slikom koncentričnih krugova koji se skupljaju do samog jezgra price.

The Iron Curtain concealed from western eyes a vital group of national and regional writers. Marked by not only geographical proximity but also by the shared experience of communism and its collapse, the countries of Eastern Europe -- Poland, Hungary, Albania, Romania, Bulgaria, and the former states of Yugoslavia, Czechoslovakia, and East Germany -- share literatures that reveal many common themes when examined together. Compiled by a leading scholar, the guide includes an overview of literary trends in historical context; a listing of some 700 authors by country; and an A-to-Z section of articles on the most influential writers.

In der Analyse narrativer Texte von Ivo Andric, Mesa Selimovic und Dzevad Karahasan, die für die Untersuchung Objekt- und Metaebene zugleich stellen, wird die 'Kulturarbeit' von Literatur bestimmt. «Bosnientexte», so die zentrale These, fungieren als Kulturtexte, die nicht nur den in Frage gestellten Status Bosniens diskutieren, sondern sich selbst als kompensierende Kulturorte zur Verfügung stellen. Im literarischen Entwurf eines parallelen Kulturraums spielt die doppelte Indiziertheit Bosniens, seine Ausgerichtetheit auf Orient und Okzident, eine ebenso zentrale Rolle wie intertextuelle und performative Strategien.

Available for the first time in English, this is the definitive account of the practice of sexual slavery the Japanese military perpetrated during World War II by the researcher principally responsible for exposing the Japanese government's responsibility for these atrocities. The large scale imprisonment and rape of thousands of women, who were euphemistically called "comfort women" by the

Japanese military, first seized public attention in 1991 when three Korean women filed suit in a Toyko District Court stating that they had been forced into sexual servitude and demanding compensation. Since then the comfort stations and their significance have been the subject of ongoing debate and intense activism in Japan, much if it inspired by Yoshimi's investigations. How large a role did the military, and by extension the government, play in setting up and administering these camps? What type of compensation, if any, are the victimized women due? These issues figure prominently in the current Japanese focus on public memory and arguments about the teaching and writing of history and are central to efforts to transform Japanese ways of remembering the war. Yoshimi Yoshiaki provides a wealth of documentation and testimony to prove the existence of some 2,000 centers where as many as 200,000 Korean, Filipina, Taiwanese, Indonesian, Burmese, Dutch, Australian, and some Japanese women were restrained for months and forced to engage in sexual activity with Japanese military personnel. Many of the women were teenagers, some as young as fourteen. To date, the Japanese government has neither admitted responsibility for creating the comfort station system nor given compensation directly to former comfort women. This English edition updates the Japanese edition originally published in 1995 and includes introductions by both the author and the translator placing the story in context for American readers.

The Fortress is one of the most significant and fascinating novels to come out of the former Yugoslavia. Ahmet Shabo returns home to eighteenth-century Sarajevo from the war in Russia, numbed by the death in battle or suicide of nearly his entire military unit. In time he overcomes the anguish of war, only to find that he has emerged a reflective and contemplative man in a society that does not value, and will not tolerate, the subversive implications of these qualities.

Set in the town of Travnik, Bosnian Chronicle presents the struggle for supremacy in a region that stubbornly refuses to submit to any outsider. The era is Napoleonic and the novel, both in its historical scope and psychological subtlety, Tolstoyan. In its portrayal of conflict and fierce ethnic loyalties, the story is also eerily relevant. Ottoman viziers, French consuls, and Austrian plenipotentiaries are consumed by an endless game of diplomacy and double-dealing: expansive and courtly face-to-face, brooding and scheming behind closed doors. As they have for centuries, the Bosnians themselves observe and endure the machinations of greater powers that vie, futilely, to absorb them. Ivo Andric's masterwork is imbued with the richness and complexity of a region that has brought so much tragedy to our century and known so little peace. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
