## RANDALL STEWART

*Labor and Employment Law: Text & Cases* Cipd - Kogan Page  
 The Legal and Ethical Environment of Business is a concise presentation of the key business-law topics that ensures every page is relevant, engaging, and interesting to today's learners. Summaries of cases and case excerpts improve student understanding. Plentiful embedded video links expand on topics to shed light on how law and ethics impact real-world business situations. This book encourages students to retain what they learn by understanding the reasons behind the law, rather than simply memorizing facts and cases.  
[Introduction to Employment Law](#) Aspen Publishing  
 A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal

Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

**The Legal and Ethical Environment of Business** Kogan Page Publishers

An all-in-one reference to the important employment laws that every employer and HR pro needs to know.

**Maryland Employment Law** SAGE

"In the new edition of this best-selling text, author Kathryn J. Filsinger presents a thorough overview of employment law in Canada and shows students how to identify and address potential

legal problems in the workplace. Designed for college and university undergraduate courses in Business Administration, Human Resources Management, Employee Relations, as well as Paralegal and Law Clerk programs, this text introduces relevant statutory (e.g., human rights, employment standards, the AODA) and common-law issues in employment law, and walks students through the legal aspects of the employment process, from hiring to the end of the employment relationship and beyond. The third edition covers updates on several important cases, including *Honda Canada Inc. v. Keays*, *R v. Cole*, *Jones v. Tsige*, *Bowes v. Goss Power Products*, *Stevens v. Sifton Properties*, and *Boucher v. Wal-Mart*. The text also includes updates to the Open for Business Act aimed at streamlining Ontario government-to-business services, and a new section on monitoring company email, Internet, and computer usage – a growing issue in employment law today. To keep students engaged with current and hot-button issues in employment law, Filsinger has added new FYI, Case in Point, and In the News sections throughout the text. The author has also added updated review questions and case-based scenarios at the end of each chapter that serve as a useful study guide for students."--Publisher's website.

*Law Business and Society* Kogan Page Publishers

*Employment Law*, 4e provides a complete and accessible introduction to the subject, with a wealth of practical activities and a unique chapter on preparing and presenting a case.

*The Sources of Labour Law* South Western Educational Publishing  
"Text for undergraduate, graduate, human resources, and paralegal courses on employment law"--

**Employment Law in Context** Pearson Education

Labour law has traditionally aimed to protect the employee under a hierarchy built on constitutional provisions, statutory law, collective agreements at various levels, and the employment contract, in that order. However, in employment regulation in recent years, 'flexibility' has come to dominate the world of work – a set of policies that reshuffle the relationship among the fundamental pillars of labour law and inevitably lead to degrading the protection of employees. This book, the first-ever to consider the sources of labour law from a comparative perspective, details the ways in which the traditional hierarchy of sources has been altered, presenting an international view on major cross-cutting issues followed by fifteen country reports. The authors' analysis of the changing hierarchy of labour law sources in the light of recent trends includes such elements as the following: the constitutional dimension of labour rights; the normative intervention by the State; the regulatory function of collective bargaining and agreements; the hierarchical organization of labour law sources and the 'principle of favour'; the role played by case law in both common law and civil law countries; the impact of the European Economic Governance; decentralization of collective bargaining; employment conditions as key components of global competitive strategies; statutory schemes that allow employees to sign away their rights. National reports – Australia, Brazil, China, Denmark, France, Germany, Hungary, Italy, Poland, Russia, Spain, Sweden, South Africa, the United Kingdom and the United States – describe the structure of labour law regulations in each legal system with emphasis on the current state of affairs. The authors, all distinguished labour law scholars in their countries, thus collectively provide a thorough and comprehensive commentary on labour law regulation and recent tendencies in national labour laws in various corners of the globe. With its definitive analysis of such crucial matters as the decentralization of collective bargaining and how individual employment contracts can deviate from collective agreements and statutory law, and its comparison of representative national labour law systems, this highly informative book will prove of

inestimable value to all professionals concerned with employment relations, labour disputes, or labour market policy, especially in the context of multinational workforces.

*Employment Law for Business and Human Resources Professionals* Kluwer Law International B.V.

The first book to explore the philosophical foundations of labour law in detail, including topics such as the meaning of work, the relationship between employee and employer, and the demands of justice in the workplace.

*Employment Law for Business Students* Cengage Learning

The Aston Centre for Human Resources (ACHR) was created at Aston Business School, Aston University, in February 2006. The mission of the Centre is both to inform and influence practice through conducting high quality, challenging research in order to extend the existing theoretical frameworks and to develop new and relevant conceptual models to represent and guide the changing realities facing businesses and the people they employ in the 21st century. \* Students studying an Employment Law module on a HR or general business degree, whether undergraduate or postgraduate. \* Students taking the Employment Law elective on the CIPD's Professional Development Scheme (PDS). \* Students studying Employee Relations or Diversity. This new edition has been thoroughly updated, and includes expanded coverage of the impact of EU Law, and Discrimination Law including ageism, sexual orientation, religious belief, harassment and disability. The text is ideal text for those business students on undergraduate and postgraduate courses who are taking a first module in Employment Law. It covers a comprehensive range of topics enabling students to gain a solid understanding of the key principles of the subject. The engaging, authoritative writing style and range of learning features make this a refreshingly accessible and student-friendly read. Each chapter includes summaries of topical and relevant cases, direction to key sources of legal information and suggestions for further reading whilst covering the CIPD's standards for the Employment Law elective on the Professional Development Scheme (PDS). This text includes a range of case studies, tasks and examples to consolidate learning and includes a brand new section on Employment Law study skills to help students get to grips with how to access and read law reports, understand the sources of the law, find and use up-to-date legal information (particularly websites) and how to prepare for exams and written assignments.

*Law, Ethics, and Strategy in Business Decision Making* Routledge

"The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited "U.S.C. 2012 ed." As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation

pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office"--Preface.

**Employment Law for Business Students** West Academic Publishing

Understand the fundamentals of UK employment law and how they apply in the workplace with this dedicated textbook for HR and business students.

**Employment Law for Business** Routledge

LABOR AND EMPLOYMENT LAW: TEXT & CASES, 15TH EDITION, written by a nationally renowned White House labor arbitrator, offers comprehensive and objective coverage of labor and employment law topics that challenge students to develop critical thinking skills through case analysis. In-depth chapters explore labor law topics, focusing primarily on the National Labor Relations Act, and are updated to include coverage of court systems and the role of administrative agencies in policymaking. In addition, a thorough understanding of employment law topics is provided through chapters on discrimination law, occupational safety and health issues, employee privacy and more. Also included in this edition are issues of violence in the workplace and the implications of the ADA Amendments Act of 2008. No other text in this market can claim the prestige of authorship and timely coverage of topics so important to students in their business careers. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Law for Business Students** McGraw-Hill/Irwin

"A guide to employment law for students with no prior legal training, *Employment Law for Business Students* provides explanations of all the key topics in this area. Legal rules are described as they relate to the business world, highlighting how the law works in practice."--BOOK JACKET.

**Modern Employment Law** Oxford University Press (UK)

*Modern Employment Law* covers all aspects relating to the employment relationship between employer and employee at both individual and collective levels. All chapters are absorbing and exact, with nuanced topics such as unfair dismissal, discrimination and trade union law being explored from several different angles. Pedagogical features such as Thinking points and Further reading sections enable students to consolidate and extend their knowledge. Though primarily aimed at LLB students, this book offers a wide-ranging, accurate, authoritative, contemporary and readable guide to modern employment law for all students of the subject, at both undergraduate and postgraduate level. Although a collaborative effort, each author focused on specific areas of employment law. Ann Lyon examined the statutory rights of employees including topics such as redundancy, unfair dismissal and discrimination and equal pay issues. Charles Barrow had primary responsibility for the introduction, the majority of the contract of employment chapters and the collective aspects of employment law.

**Business Law I Essentials** Oxford University Press

"The revised fourth edition features changes in the Employment Standards Act and Bill 148 (Fair Workplaces Better Jobs Act). Bill 148's passage also impacts the content in numerous other chapters and the changes to the ESA resulting from Bill 47 will result in updates to the Employment Standards Act chapter."--

**Employment and Labor Law** McGraw-Hill Companies

"Develop essential learning and employability to excel at business studies *The Business Student's Handbook*, 7th Edition,

by Cameron brings together personal skills, study skills and employability skills to help students succeed in their academic and professional lives. **Business Law and the Legal Environment** LexisNexis

Tailored to meet the needs of business students, this book allows readers to navigate the core legal provisions in employment law and get to grips with crucial issues. The language used is easy to follow and the structure of the book provides an accessible introduction to the subject. Throughout, the book provides relevant examples, gives international law comparisons and imbues readers with a 'best practice' awareness. Students will also use the book to: - Recognize and understand relevant case law in key areas; - Understand how employment law works in practice; - Assess the effectiveness of United Kingdom and European employment law. This book will be of invaluable help to Undergraduate and MBA students as well as those pursuing a CIPD employment law course.

**Employment Law for Business with PowerWeb** McGraw-Hill/Irwin

Readers who are majoring in business or another non-legal professions will find *EMPLOYMENT AND LABOR LAW*, 9E offers the ideal comprehensive introduction to employment and labor relations. This book uses excerpts from real law cases to illustrate how labor-related disputes arise and are resolved in the courts. Eye-opening features, such as *The Working Law and Ethical Dilemmas*, demonstrate how labor legislation and ethical decision-making impact employees at all levels -- from hourly workers to owners. Readers review the most up-to-date information on the NLRB and EEOC, the Fair Labor Standards Act, President Obama's executive orders regarding undocumented immigrants and LGBT rights, Obamacare, the Defense of Marriage Act, and other employee-benefits developments. This edition also addresses relevant issues, such as FLSA and NLRB rights for unpaid interns, teaching assistants, and student-athletes. No other book combines such balanced coverage with a reader-friendly approach. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**The Business Student's Handbook** NOLO

This accessible and comprehensive book is suitable for all business and HR students taking an Employment Law module as part of their CIPD qualification, or HR, or Business degree at undergraduate or postgraduate level. It covers the Employment Act 2002, and the reasons for this act; data protection, and proposed revisions in discrimination legislation.

**Understanding Employment Law** Cengage Learning

"*Law for Business Students* is the popular textbook for introducing legal concepts to non-law students in a practical, engaging way through real-life cases relevant to the business world. A clear explanation of the study of law and study skills leads into the main core topics of law: contract (including intellectual property), tort, employment and business organisations (including formation), governance and dissolution. The book also includes a range of features to aid understanding, applying and analysing legal concepts: - Scenarios - to encourage development of opinions and application of relevant legal concepts. - Worth thinking about - discussion points to analyse

within the classroom. - Exam tips - pointing to areas of the law which are ripe for questions in an exam, to help revision practice. - Chapter summaries - to reinforce learning of key concepts. - Key terms - highlighted in margin notes. - Review questions with answers - self-test questions and worked exam examples to consolidate knowledge, encouraging students to apply the law and boost confidence. - Advanced questions - to challenge students in developing knowledge of the law. This 12th edition

has been fully updated and also provides restructured coverage of negligence, with dedicated chapters covering negligence and special duty situations and product liability. Clear and concise, it provides accessible coverage of the fundamental legal principles and an understanding of the practical application of the law to the business environment. Additional instructor resources to accompany the book are available at [www.pearsoned.co.uk/adams](http://www.pearsoned.co.uk/adams)--
