Portico Ever wondered if your

handwriting has anything to do with your personality? Well, it certainly does.

It's time to improve your handwriting and your personality.

Learn Graphology and Grapho therapy to become a better person, find positive recognition from people around you and get on the fast track path to success socially and financially. All you need to do to change your life is read this practical book

on Personality Development: Yes Its Possible Through Handwriting *Handwriting Psychology* Macmillan Learn to read your emotions and desires, and those of people you deal with every day. A graphology expert instructs readers in the basics of handwriting analysis. He shows how to employ a step-by-step method that gives a reliable description of a subject, based on a

sample of his or her handwriting. Just as our voices reveal much about our emotions, our motives, and our needs, so too does our handwriting present a psychological profile to the analyst who knows how to decipher it. A simple but clever set of tools, devised by the author, is enclosed with this book. Its components are: A protractor to measure angles of handwriting slant and

gauge emotions at the time of writing, as well as to interpret enduring personality traits A gauge for estimating the zones into which each part of a handwritten letter falls A rule for measuring any letter's size and spacing All components in the tool kit are printed on sturdy, transparent acetate, to be used as an overlay on handwriting samples. An opening chapter

presents an overview of handwriting analysis, discussing handwriting pressure, size, spacing, slant, and the qualities these features indicate. Subsequent chapters discuss what handwriting reveals about a subject's public life and inner life. A final chapter offers an at-a-glance guide to decoding psychological meanings underlying the various ways in which a subject shapes each letter of the

alphabet. This fascinating book provides a key to self-understanding and the understanding of others. More than 250 instructive color illustrations.

The Psychological Basis of Handwriting Analysis The Relationship of Handwriting to Personality and Psychopathology

If you find yourself called on to judge people on a regular basis, you need all the tools at your disposal to do your job right.

Handwriting psychology offers one practical method for helping you learn what you need to learn about

your subject quickly. Whether you are a teacher, psychologist or manager, you can benefit from the guidance of Dr. Helmut Ploog, a handwriting expert. Learn what the size and width of handwriting can reveal about a person, as well as what more muted features—such as slant, spacing, and direction of lines—can make clear. Written in plain English, this guidebook presents pithy explanations

of handwriting movements, which may be angular or round, long or short, heavy or light, high or deep below the base line. It also offers analyses of the handwriting of many well-known people, including Charles Darwin, Anne Frank, Paul Getty, Allen Ginsberg, Ernest Hemingway, Frida Kahlo, Somerset Maugham, Pablo Picasso, Pope Benedict, Vladimir Putin, Maurice Ravel, Carl Rogers, and Susan Sontag. Handwriting Psychology should never be used by itself to judge someone, but it can serve as an essential tool to make and confirm observations that could change your life, your career, and your approach to life. *A Guide to Understanding Personalities* SmartyPants Press Handwriting Analysis: A Guide to Understanding Personalities is a fascinating and revealing look at handwriting as a window to behavior. In thirteen chapters of well-written text and more than 100 writing samples, the basics and the finer nuances of handwriting analysis are illustrated and interpreted. Samples from well-known celebrities and public figures from various professions, as well as persons with particular problems and illnesses, are reviewed with clarity and sensitivity. *Personalities*

of the famous and infamous are revealed through chapters covering contemporary novelists, criminals, upright citizens, cloak-and-dagger operators, geniuses, entertainers, and others.

overcome compulsive behavior, enhance personal relationships, manage stress, and realize success. Original. *A Key to Personality* Adasane & Associates, Inc. The material in this volume is based on articles and a series of talks presented to members of the American Handwriting Analysis Foundation by the late Israeli psychologist/graphologist, Dr. Ze'ev Bar-Av. I co-

presented papers with him at several handwriting analysis conferences, and when he asked me to help him with the lecture series, I was pleased to accept. I provided most of the demonstrative handwriting samples and edited the material. After Dr. Bar-Av's untimely death, I compiled and further edited and expanded this important material to preserve and make it available for handwriting

professionals. *Personality Development: Yes its Possible Through Handwriting* Career Press HANDWRITING & PALMISTRY is an innovative NEW CONCEPT that combines & interrelates the studies of handwriting & hands. This book will help the reader to uncover & develop inborn talents & abilities. It will also expose weaknesses & blind spots that when revealed may be corrected.

The introduction provides general principles & histories of PALMISTRY & GRAPHOLOGY, the scientific name for HANDWRITING ANALYSIS. It is then followed by complete teaching manuals for both subjects that are richly embroidered with samples of handwritings, illustrations & handprints. Part Four of the book demonstrates the interrelating factors reflected in the handwriting & hands by showing samples of handwriting & handprints side by side, creating "personality profiles" for the various careers, such as "The Ideal Teacher," "The Go-Getter Personality," "The Dynamic Communicator," etc. This book will help people discover their avocations & natural abilities. Says the author: "Analyze your handwriting & hands & discover who you are & can be." This book points to the many areas where handwriting analysis is being applied today, such as in personnel & jury selection; to detect forgeries; in criminal & forensic science & as an adjunct to in-depth psychiatric testing & analysis. Palmistry is used as a means of identification by the F.B.I. & in forensic pathology as well as in genetic testing & research. HANDWRITING
