The Nelson Series in Human Resources Management is the best source in Canada for reliable, valid, and current knowledge about practices in HRM. Recruitment and Selection in Canada, Fifth Edition, is designed to meet the needs of both students and practitioners working in human resources or personnel psychology. It provides an up-to-date review of the current issues and methodologies that are used in recruiting and selecting employees for Canadian organizations.

Essentials of Fire Fighting and Fire Department Operations McGraw-Hill Education

The Fifth Edition of International Accounting provides an overview of the broadly defined area of international accounting, but also focuses on the accounting issues related to international business activities and foreign operations. This edition also includes substantially updated coverage of the International Accounting Standards Board (IASB) and International Financial Reporting Standards (IFRS). The unique benefits of this textbook include its up-to-date coverage of

relevant material, extensive numerical examples provided in most chapters, two chapters devoted to the application of International Financial Reporting Standards (IFRS), and coverage of nontraditional but important topics such as strategic accounting issues of multinational companies, international corporate governance, and corporate social responsibility reporting.

All-Access Pack - Intermediate Accounting McGraw-Hill Education

This combined text-workbook is divided into concise learning parts that cover both the why and how of accounting. For use after the intermediate accounting course, this book supplies full-sized cases based on real world applications, appropriate for graduate students, professionals, and high-level undergraduate accounting students. It may also be used in a capstone course in a financial accounting sequence.

IFRS Edition Pearson UK

Advanced Accounting delivers an in-depth, comprehensive introduction to advanced accounting theory and application, using actual business examples and relevant news stories to demonstrate how core principles translate into real-world business scenarios. Clearly defined and logically organized Learning Objectives aid in student comprehension, while highlighted Related Concepts

illustrate how individual concepts fit into the larger picture. Short answer questions throughout the chapter allow students to test their knowledge before reaching the more in-depth end-of-chapter questions, promoting a deeper understanding of both technical and conceptual aspects of the field. Written by active accounting researchers, this text brings clarity and flexibility to the central ideas underlying business combinations, consolidated financial statements, foreign currency transactions, partnerships, non-profit accounting and more. This new Seventh Edition has been updated to reflect the latest changes to FASB and GASB standards, allowing students to build a skill set based on up-to-date practices. With a student-oriented pedagogy designed to enhance comprehension, promote engagement, and build real-world understanding, this user-friendly book provides an essential foundation in current advanced accounting methods and standards.

What is intermediate accounting all about? There is a vast body of knowledge that must be mastered before you can account for the activities of an enterprise. It is the nitty-gritty course where it all happens. Every important financial accounting topic is included in this textbook. The

book is a blend of technical knowledge; professional judgement; non-GAAP situations; a Canadian agenda; and an international view. In this book, the authors have taken a fresh look at the realities of Canadian business practice. A series of annual reports accompany this text as a value-added supplement.

"Intermediate Financial Accounting Volume 2 by G. Arnold and S. Kyle, developed in collaboration by Athabasca University and Lyryx, is intended for the second of two in Intermediate Financial Accounting courses. It presumes that students have already completed the Introductory Financial Accounting, and the first Intermediate Financing Accounting course. The textbook reflects both current International Financial Reporting Standards (IFRS) and ASPE. This textbook covers all topics essential to a second level Intermediate Accounting course: current, long-term and complex liabilities, income taxes, pensions, leases, shareholders' equity, earnings per share, statement of cash flows including the direct approach, effects of changes and errors, and disclosures and analysis. Topics that are covered in Advanced Financial Accounting courses, such as consolidations and foreign exchange, are not included here. For those requiring preparation for CPA designation, competencies as outlined by the CPA are addressed in this textbook. For a detailed competency map, please contact us at info@lyryx.com."--BCcampus website.
