 David Kahn, U.S. Chief Instructor of the Israeli Krav Maga Association, is back again with *Krav Maga Defense: How to Defend Yourself Against the 12 Most Common Street Attacks*. Created by the Israeli army for self-defense, krav maga is gaining popularity around the world—especially here in the United States. Kahn is a self-defense expert, teacher, and served as a board member of the original Israeli Krav Maga Association. Kahn will teach you how to gain the upper hand in the twelve most common unarmed street attacks the average person is likely to encounter. He'll show you how to outmaneuver takedowns, rear chokes, ambush attacks, sucker punches while texting, knees to the groin, among other street safety skills. Kahn has instructed everyone from members at the local Y to executives, celebrities,

and all major federal U.S. law enforcement agencies, as well as all five branches of the U.S. military. His simple, no-nonsense approach to self-defense is perfect for men and women of all fitness levels. Don't become tomorrow's headline; Krav Maga Defense will teach you to protect yourself today.

A groundbreaking self-defense and fitness book for women by a ballerina-turned-self-defense expert. Learn how to become your own weapon of self-defense and fitness so that you can create and target your best life. After ballerina Avital Zeisler was savagely attacked as a young woman, she lived in fear—until she took action to train with experts in self-defense from around the world. Seeking a method specific to women and using Krav Maga as a base, she created her own self-defense program: the Soteria Method. It was an immediate sensation, and is now in demand by everyone from corporate executives to Hollywood stars—such as Amanda Seyfried, Megan Boone, and Keri Russell, to name a few—who seek her classes both for the self-defense and for the

intense, body-sculpting workout. Unique and empowering, Weapons of Fitness will help get you into incredible shape—and just might save your life.

This book could save your life: Protect yourself from violence and learn survival skills for dangerous situations with this essential guide from a former military intelligence officer. In a civilized society, violence is rarely the answer. But when it is, it's the only answer. The sound of breaking glass downstairs in the middle of the night. The words, "Move and you die." The hands on your child, or the knife to your throat. In this essential book, self-protection expert and former military intelligence officer Tim Larkin changes the way we think about violence in order to save our lives. By deconstructing our assumptions about violence -- its morality, its function in modern society, how it actually works -- Larkin unlocks the shackles of our own taboos and arms us with what we need to know to prevent, prepare for, and survive the unthinkable event of life-or-death violence. Through a series of harrowing true-life stories, Larkin demonstrates that violence is a tool equally effective in the hands of the "bad guy" or the "good guy"; that the person who acts first, fastest and with the full force of their body is the one who survives; and that each and every one of us is capable of being that person when our lives are at stake. An indispensable resource, *When Violence is the Answer* will remain with you long after you've finished reading, as the bedrock of your self-protection skills and knowledge.

Sculpt your body like an MMA pro! You love watching your favorite MMA fighters compete and you'd love to get ripped like them—but without having to actually fight anyone. The good news is you don't have to become a fighter to look like one! In *Train Like a Fighter*, professional mixed martial artist and UFC legend Cat Zingano offers step-by-step instructions for 60 exercises she uses to get in fighting shape—exercises focused on strengthening your upper body, core, and lower body, as well as full-body training movements. Cat also gives you training programs filled with intense routines built from these exercises—all geared toward helping you reach your fitness and physique goals. At no point in following these programs will you have to take a punch, but once you've completed them, you'll definitely look like you can throw one! This book's features include: * The physical, mental, and emotional benefits to training like an MMA fighter * Proper techniques, starting stances, and common moves, such as jabs, uppercuts, and kicks * The right kinds of gear and equipment to use for training * Exercises for warming up and cooling down for exercises, routines, and programs * Cat Zingano's personal training diet as well as other diet tips

Ultimate Conditioning for Martial Arts Sterling Publishing (NY)

Volume 2 follows the same creative line and reasoning of Volume 1. It is a practical guide that contains advanced techniques' details and explanations of self-defense in different situations of aggression. Fully illustrated and with descriptive texts showing every defense step-by-step, the book translates, in a simple and objective way, the complexity of each movement. The two books complete each other and compose a significant source of reference of the Krav Maga technique. For the practitioners of the art, it is an excellent didactic material of support and study for a better practice. It is also indicated to everyone who is willing to learn the Israeli self-defense art. "Creating Volume 1 was a significant challenge for me. I used to think that I had reached my limit. However, soon after it was launched, like in the practice of Krav Maga where at each graduation I would try to climb higher and higher, the willingness to face the challenge of moving ahead with a new book came up. Thus, I found strength, inspiration, and determination to create and launch this book." Sergio Nisenbaum.
