This is an invaluable study guide for learning basic Japanese characters. The first 100 Japanese Kanji is intended for beginning students, or experienced speakers who need to practice their written Japanese. Kanji are an essential part of the Japanese language and together with kana (hiragana and katakana) comprise the written components of Japanese. This book presents the kanji characters that are most commonly used. They have been carefully selected for rapid and effective learning. Each kanji's readings, meanings, and common compounds are presented, and romanized pronunciations for English speakers (romanji) are included as well. Printed with gray guidelines, stroke order guides are designed to be traced over to teach students the standard sequence of strokes used to write each character. Three indexes at the back allow the characters to be looked up as with a dictionary or by their readings. Students who wish to practice writing kanji will find extra practice sheets available. This book includes: Step-by-step stroke order diagrams for each character. Special boxes with grid lines to practice writing characters. Words and phrases using each kanji. Romanizations (romanji) to help identify and pronounce every word.

Dale Carnegie, author of the legendary How to Win Friends and Influence People, began his career as the premier "life coach" of the twentieth century by teaching the art of public speaking. Public speaking, as Carnegie saw it, is a vital skill that can be attained through basic and repeated steps. His classic volume on the subject appeared in 1926 and was revised twice-in shortened versions-in 1956 and 1962. This 2006 revision-edited by a longtime consultant to Dale Carnegie & Associates, Inc., and the editor in charge of updating How to Win Friends and Influence People-is the definitive one for our era. While up-to-date in its language and points of reference, Public Speaking for Success preserves the full range of ideas and methods that appeared in the original: including Carnegie's complete speech and diction exercises, which follow each chapter, as the author originally designated them. This edition restores Carnegie's original appendix of the three complete self-help classics: Acres of Diamonds by Russell H. Conwell, As a Man Thinketh by James Allen, and A Message to Garcia by Elbert Hubbard. Carnegie included these essays in his original edition because, although they do not directly relate to public speaking, he felt they would be of great value to the readers. Here is the definitive update of the best-loved public-speaking book of all time.
