The Board of Trade Journal Cengage Learning

Monthly magazine devoted to topics of general scientific interest.

Time

Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.

A Practical Journal Exclusively for These Interests

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

American Machinist

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

The Mechanical World

METAL FABRICATION TECHNOLOGY FOR AGRICULTURE, 2E provides your students with an easy-to-understand, safety-conscious introduction to agricultural welding processes and techniques. Each section of this full-color book begins by introducing your students to equipment and materials used in agricultural welding and includes complete setup instructions. The subsequent chapters in each section allow your students to learn individual welding techniques in various applications and positions. METAL FABRICATION TECHNOLOGY FOR AGRICULTURE, 2E provides extensive coverage of brazing and specialized nonmetallic fabrication, designed to lead your students step-by-step in developing the skills necessary for welding all types of agricultural machinery. Each chapter includes close up shots of actual welds and learning aids that have been proven to be effective, making this how-to and reference manual a key resource for students participating in agriculture education programs throughout the country. Important Notice: Media

content referenced within the product description or the product text may not be available in the ebook version.

Mechanical Handling

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
