and regulations, taxes, duties, currencies, cultures, practices, etc. international business is decidedly more complex than business that operates exclusively in domestic markets. What is International Business? The rise of globalisation poses a number of important challenges to a business seeking international presence. Numerous strategic aspects must be taken into

account prior to commitment at an international level, and afterwards. Constant flexibility is required to adapt to changing patterns at local, regional and international levels. International Business: The Challenge of Global Competition, 12th Edition, by Ball, Geringer, Minor and McNett continues to be the most current, objective and thorough

treatment of International Business available for students.
