Politically Incorrect Guide to the Presidents, Part 2

Author House

During the 1930s in the United States, the Works Progress Administration developed the Federal Writers' Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little-known authors—many of whom would later become celebrated literary figures—were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. The WPA Guide the Alaskan Territory takes the reader on a journey across the

Land of the Midnight Sun, from the North Slope to the Aleutian Islands. First published in 1939, the guide reports on all the things that make this soon-to-be state unique: the influence of Alaska's indigenous peoples, the thriving fishing industry, and the distinctive flora and fauna.

Tells the story of Florence Harding's rise from young unwed mother to First Lady and reveals her influence behind Harding's ascent to America's most scandal-ridden presidency and her role in his death. The drama of her life is set against the stage of the White House in the Jazz Age, and involves exciting elements such as mistresses, blackmail, poisoning, and opium addicts. Includes bandw photos. Annotation copyrighted by Book News, Inc., Portland, OR *Guide to the Presidency* Trinity University Press A guide to authenticating autographs of the American Presidents: paper, ink, forgeries, and signature examples [The WPA Guide to Alaska](#) Ohio University Press The corresponding Teacher's Guide is a page-

by-page supplementary resource that gives you additional activities to enhance the student's learning opportunities by using cross-curricular materials including discussion questions, reproducible vocabulary, science, geography and math activities. Each Teacher's Guide turns you into the expert-we've done all the research for you! This comprehensive resource enhances the many dramatic learning opportunities students can gain from reading this mystery by Carole Marsh. The supplementary Teacher's Guide includes: Š A chapter guide of additional information, trivia, historical facts, and more to help teachers be "Experts!" Š Activity ideas that make the book come dramatically to life for young readers! Š The author's additional comments and thoughts about the subject Š Some reproducible activities Š Great out-of-the-box ideas for activities.

Consumers' Guide

Routledge

Colorado's Mile High City sits atop a mountain of Old West history—from stories of fortune seekers to captains of industry, immigrants to activist women. Founded in an unlikely spot where dry

prairies meet formidable mountains, Denver overcame its doubtful beginning to become the largest and most important city within a thousand miles. This tour of the Queen City of the Plains goes beyond travel guidebooks to explore its fascinating historical sites in detail. Tour the grand Victorian home where the unsinkable Molly Brown lived prior to her Titanic voyage. Visit the Brown Palace Hotel suite that President Dwight and First Lady Mamie Eisenhower used as the "Summer White House." Pay respects at the mountaintop grave of the greatest showman of the nineteenth century, Colonel William F. "Buffalo Bill" Cody. From the jazzy Rossonian lounge where Ella scatted and Basie swung to gleaming twenty-first-century art museums, author Mark A. Barnhouse traces the Mile High City's story through its historical legacy.

William Morrow
The Oxford Guide to the United States Government is the ultimate resource

for authoritative information on the U.S. Presidency, Congress, and Supreme Court. Compiled by three top scholars, its pages brim with the key figures, events, and structures that have animated U.S. government for more than 200 years. In addition to coverage of the 2000 Presidential race and election, this Guide features biographies of all the Presidents, Vice Presidents, and Supreme Court Justices, as well as notable members of Congress, including current leadership; historical commentary on past elections, major Presidential decisions, international and domestic programs, and the key advisors and agencies of the executive branch; in-depth analysis of Congressional leadership and committees, agencies and staff, and historic legislation; and detailed discussions of 100 landmark Supreme Court cases and the major issues facing the Court today. In addition to entries that define legal terms and phrases and others that elaborate on the wide array of government traditions, this invaluable book includes extensive back

matter, including tables of Presidential election results; lists of Presidents, Vice Presidents, Congresses, and Supreme Court Justices with dates of service; lists of Presidential museums, libraries, and historic sites; relevant websites; and information on visiting the White House, the Capitol, and Supreme Court buildings. A one-stop, comprehensive guide that will assist students, educators, and anyone curious about the inner workings of government, *The Oxford Guide to the United States Government* will be a valued addition to any home library.

Study Guide to Accompany Irwin Unger's These United States, the Questions of Our Past
Arlington, Va. : Close Up Foundation

This book encompasses a unique decade in the history of the United States, one that figuratively exploded in terms of business expansion and worth, social experimentation, individual ingenuity and general prosperity the vast majority of those achievements coming in the first half of the period. Who possibly would have thought all those cutting edge gains would come to

an abrupt halt as the 1930s loomed, eventually propelling the nation into a calamitous depression. Within these pages are the exploits of several important and controversial characters whose escapades helped shape not only their times but those for many years to follow. Very recognizable names -- even in current times such as Hearst, Darrow, Hoover, Capone and the obscure {but powerful} Wayne Wheeler were major protagonists of the decades events both publicly and covertly as chronicled in this volume. Others like Sacco and Vanzetti, Leopold and Loeb, were non-descript men whose murder trials initially revolted, then captivated the nations attention as the tales of their testimony spread throughout the daily front pages of every major newspaper in the country. Even Organized Baseball, Americas favorite pastime, was rocked by news of a scandal as arguably the sports best team would become branded as the Black Sox for baseball perpetuity. Hollywood would not escape their share of notoriety either as one of their best known and revered comedians was

unwarrantably thrust into the national spotlight, an entertainment mogul was dogged by allegations of a hushed up murder with still another of Tinseltowns most controversial celebrities a victim of personal frailty. A small hamlet in Tennessee was the site of another national story, this one pitting the Bible against modern science. All these events began life with a national ban on the sale and distribution of alcohol {Prohibition} and ended with the devastation of the nations economic barometer {Wall Street}. While the passage of time has perhaps dulled the memory and effect the men and women detailed herein contributed to the culture of the United States, either in positive or negative ways, the retelling of their stories help us determine where we come from and hopefully, who we are.

The American Journey

Simon and Schuster
Larry Schweikart, a retired history professor, is ready to set the record straight on the American presidents. He goes through each of the first 26 presidents from Washington to Taft and debunks myths, lies, and fake news made fact by

the uninformed. Discover why George Washington favored American isolationism; James Madison supported states' rights; what Lincoln promised to Southerners about fugitive slaves; and why nineteenth-century presidents were the last to understand the true role of government. So what made these presidents so much better than the ones America has now? Schweikart argues that recent commanders-in-chief have welcomed crises to advance their own partisan agenda, defied the separation of powers the Founders carefully constructed to preserve the Republic, and given us every reason to doubt they take the country's interests to heart.

Yankee Magazine's Travel Guide to New England Lulu.com

A compendium of questions, essays, charts, maps, etc., on American government, history, culture, economics, and geography covering the years 1492-1989.

Independent and Weekly Review McGraw-Hill/Glencoe

Do you know America? No, I mean, do you REALLY know America? Would you recognize John Adams in a lineup? Can

you identify any presidents between Lincoln and Roosevelt? Hmmm. I thought so. Well, you really need this book. Not only will it improve your sorry historical knowledge, it will crack you up, and give you material to throw your teachers off-balance for entire class periods. Identify their lies! Point out their half-truths! And possibly, just possibly, gain some extra credit for yourself.

Readers' Guide to Periodical Literature

Encounter Books
2009 CHOICE Outstanding Academic Title If George Washington and Abraham Lincoln are the saints in America's civil religion, then the twenty-ninth president, Warren G. Harding, is our sinner. Prior to the Nixon administration, the Harding scandals were the most infamous of the twentieth century. Harding is consistently judged a failure, ranking dead last among his peers. By examining the public memory of Harding, Phillip G. Payne offers the first significant reinterpretation of his presidency in a generation. Rather than repeating the old stories, Payne examines the contexts and continued

meaning of the Harding scandals for various constituencies. Payne explores such topics as Harding's importance as a midwestern small-town booster, his rumored black ancestry, the role of various biographers in shaping his early image, the tension between public memory and academic history, and, finally, his status as an icon of presidential failure in contemporary political debates. Harding was a popular president and was widely mourned when he died in office in 1923; but with his death began the construction of his public memory and his fall from political grace. In *Dead Last*, Payne explores how Harding's name became synonymous with corruption, cronyism, and incompetence and how it is used to this day as an example of what a president should not be.

Politically Incorrect Guide to the

Presidents CQ Press
A wonderfully written, sweeping narrative history of the United States that will help Americans discover the land they call home. Guide for Teachers using *Land of Hope: Young Readers Edition*. Middle School grades 6-8 The SECOND Teachers Guide

to accompany the two-volume narrative *Land of Hope: Young Readers Edition*. This Teacher's Guide to the Young Reader's Edition of Wilfred McClay's *Land of Hope: An Invitation to the Great American Story* is an invaluable supplemental resource for teachers who use the Young Reader's Edition as a textbook for middle-grade courses in US history. Prepared by McClay in collaboration with John McBride, a master teacher with more than thirty years of secondary and collegiate teaching experience, it is one exceptionally rich and useful tool for classroom instructors. Each chapter of this Teacher's Guide receives a five-part treatment: a short summation of the chapter's contents, questions and answers about the chapter, a list of key names and terms appearing within each one, a crossword puzzle based on those names and terms, and one or more primary source documents for class analysis with accompanying questions and answers. Longer documents are broken into shorter passages with questions interspersed to help younger readers. This Teacher's Guide also

features a collection of map exercises, as well as special units to assist instructors in teaching students about the Declaration of Independence, the Constitution, the Bill of Rights, and the two-party system.

Dead Last Gallopade International Guide to the White House Staff is an insightful new work examining the evolution and current role of the White House staff. It provides a study of executive-legislative relations, organizational behavior, policy making, and White House-cabinet relations. The work also makes an important contribution to the study of public administration for researchers seeking to understand the inner workings of the White House. In eight thematically arranged chapters, *Guide to the White House Staff: Reviews the early members of the White House staff and details the need, statutory authorization, and funding for staff expansion. Addresses the creation of the Executive Office of the President (EOP) and a formal White House staff in 1939. Explores the statutes, executive orders, and succession of*

reorganization plans that shaped and refined the EOP. Traces the evolution of White House staff from FDR to Obama and the specialization of staff across policy and political units. Explores how presidential transitions have operated since Eisenhower created the position of chief of staff. Explains the expansion of presidential in-house policymaking structures, beginning with national security and continuing with economic and domestic policy. Covers the exodus of staff and the roles remaining staff played during the second terms of presidents. Examines the post-White House careers of staff. *Guide to the White House Staff* also provides easily accessible biographies of key White House staff members who served the presidencies of Richard M. Nixon through George W. Bush. This valuable new reference will find a home in collections supporting research on the American presidency, public policy, and public administration.

Common Sense

Lulu.com

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

Guide to the White House Staff Simon and Schuster
The *Guide to the Presidency* is an extensive study of the most important office of the U.S. political system. Its two volumes describe the history, workings and people involved in this office from Washington to Clinton. The thirty-seven chapters of the *Guide*, arranged into seven distinct subject areas (ranging from the origins of the office to the powers of the presidency to selection and removal) cover every aspect of the presidency. Initially dealing with the constitutional evolution of the presidency and its development, the book goes on to expand on the history of the office, how the presidency operates alongside the numerous departments and agents of the federal bureaucracy, and how the selection procedure works in ordinary and special circumstances. Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day, and the detailed overview of the vice-presidents and first ladies of each particular office. Also included are two special appendices, one of

which gathers together important addresses and speeches from the Declaration of Independence to Clinton's Inaugural Address, and another which provides results from elections and polls and statistics from each office.

The Debater's Guide

Delacorte Press

This comprehensive two-volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U.S. presidency. Readers turn *Guide to the Presidency* and the Executive Branch for its wealth of facts and analytical chapters that explain the structure, powers, and operations of the office and the president's relationship with Congress and the Supreme Court. The fifth edition of this acclaimed reference completes coverage of the George W. Bush presidency, the 2008 election, and the first 3 years of the presidency of Barack Obama. This includes coverage of their handling of the economic crisis, wars abroad, and Obama's healthcare initiatives. The work is divided into eight distinct subject areas covering

every aspect of the U.S. presidency, and all chapters in each subject area have been revised and updated: Origins and Development of the Presidency, including constitutional beginnings, history of the presidency and vice presidency, and presidential ratings Selection and Removal of the President, including the electoral process, a chronology of presidential elections, removal of the president and vice president, and succession Powers of the Presidency, including the unilateral powers of the presidency and those as chief of state, chief administrator, legislative leader, commander in chief, and chief economist The President, the Public, and the Parties, including

presidential appearances, the president and political parties, the president and the news media, the presidency and pop culture, public support and opinion, and the president and interest groups The Presidency and the Executive Branch, including the White House Office, the Office of the Vice President, supporting organizations, the cabinet and executive departments, presidential commissions, and executive branch housing, pay, and perquisites Chief Executive and Federal Government, including the president and Congress, the president and the Supreme Court, and the president and the bureaucracy Presidents, their Families, and Life in the White House and Beyond, including the

daily life of the president, the first lady, the first family, friends of presidents, and life after the presidency Biographies of the Presidents, Vice Presidents, First Ladies This new volume also features more than 200 textboxes, tables, and figures. Major revisions cover the supporting White House organizations and the president's role as chief economist. Additional reference materials include explanatory headnotes, as well as hundreds of photographs with detailed captions.
