Dancing for Your Life

chronicles the

true story of a beautiful, young Filipina who, in order to help her family financially, leaves her home in the quiet Philippines countryside to work as a go-go dancer in Hong Kong's red-light district of Wan Chai. It presents a rare first-person account that is thought provoking and controversial. Here is the "untold story" of faith, friendship, and sacrifice, but also of triumph and

forgiveness.

Target Audience: This book will hold special appeal for readers interested in gaining a behind-the-scenes look at the workings of an Asian go-go bar. It also lends itself to classroom or group discussion and would be a welcomed companion for courses in sociology, social science, cultural studies, gender studies, or spirituality. It provides a platform to explore the

complexity of terms such as “freewill,” “freedom,” “duty,” “obligation,” “sacrifice,” and “exploitation.” “Straightforward. Honest. Storytelling that works because it bleeds truth on every page.” —Karl Taro Greenfeld, former Editor, Time Asia magazine

Many westerners used to call the Soviet Union “Russia.” Russians too regarded it as their country, but that did not mean they were entirely happy with it. In the end, in fact, Russia actually destroyed the Soviet Union. How did this happen, and

what kind of Russia emerged? In this illuminating book, Geoffrey Hosking explores what the Soviet experience meant for Russians. One of the keys lies in messianism--the idea rooted in Russian Orthodoxy that the Russians were a “chosen people.” The communists reshaped this notion into messianic socialism, in which the Soviet order would lead the world in a new

direction. Neither vision, however, fit the "community spirit" of the Russian people, and the resulting clash defined the Soviet world. Hosking analyzes how the Soviet state molded Russian identity, beginning with the impact of the Bolshevik Revolution and civil war. He discusses the severe dislocations resulting from collectivization and industrialization; the relationship between

ethnic Russians and other Soviet peoples; the dramatic effects of World War II on ideas of homeland and patriotism; the separation of "Russian" and "Soviet" culture; leadership and the cult of personality; and the importance of technology in the Soviet world view. At the heart of this penetrating work is the fundamental question of what happens to a people who place their

nationhood at the service of empire. There is no surer guide than Geoffrey Hosking to reveal the historical forces forging Russian identity in the post-communist world.

This is a book about fishermen's reasons for obeying fisheries law. The fish harvesting industry has become subject to state interference to

an increasing extent over the past twenty years. As natural resources become scarce and subsequent fisheries regulations abound, the question of law-abidingness is brought to the public agenda. However, there is still little empirical data as regards the dynamics of compliance in this field, and this book aims to meet a demand for in-depth knowledge. The cases studied can be

regarded as instances of economies dependent on the harvesting of natural resources for both household and the market, and the study aims to contribute to the building of more adequate theory on the dynamics of compliance in such economies. However, focusing on a specific type of setting seldom constitutes a safe escape route for getting away from more pervasive

sociological questions, and it certainly does not in this case. As any attempt to explain social phenomena, this study is faced with the fundamental sociological question of how the acts of individuals can best be understood. The question concerns the interface between the individual and the collectivity – between collective morality and self-interest. It thus deals with classical sociological issues such as

the nature and regulatory capacity of group norms and sanctions, and the forms and roles of rationality and strategic action.

When Catherine Morrow is admitted to the Esther Percy School for Girls, it's on the condition that she reform her ways. But that's before the beautiful and charismatic Skye

Butterfield, daughter of the famous Senator Butterfield, chooses Catherine for her best friend. Skye is in love with danger and the thrill of breaking rules, taking risks, and crossing boundaries, no matter the stakes. The problem is, the stakes keep getting higher, and Catherine can neither resist Skye nor stop her from taking down everyone around her. De Gramont's chilling novel

is a portrait of the seductions of adolescence in all their beauty and terror. Caught in this alluring world, the girls of Esther Percy are optimistic and willful, loving and selfish, daring and cruel all the while believing they're utterly indestructible.

Wife of the Chef is at once a no-holds-barred memoir of restaurant life and a revealing look at married life. For Courtney Febroriello, the two are intertwined. She and her husband own an American bistro in Connecticut. He's the chef, so naturally

he gets all the credit. She has the role of keeping things running, but she's the wife, so she remains anonymous or invisible or both.

Febroriello comes front and center here, detailing the everyday challenges she faces—taking over dish-washing duty, bailing waiters out of jail, untangling the immigration laws, cajoling lazy suppliers, handling unreasonable customers, and a host of other

emergency duties. She pokes fun at people who take food and wine—and the chef—too seriously, with witty comments on everything from "chef envy" to the much-ballyhooed James Beard Awards. Spiced with a healthy spoonful of feminism and enriched with a cup of humor, *Wife of the Chef* is the tastiest "dish" of the season. Watching the English, Second Edition Harvest House
