Memories of John Lennon Bantam

A dazzling novel set in the French Riviera based on the real-life inspirations for F. Scott Fitzgerald's *Tender is the Night*. When Sara Wiborg and Gerald Murphy met and married, they set forth to create a beautiful world together—one that they couldn't find within the confines of society life in New York City. They packed up their children and moved to the South of France, where they immediately fell in with a group of expats, including Hemingway, Picasso, and Zelda and Scott Fitzgerald. On the coast of Antibes they built Villa America, a fragrant paradise where they invented summer on the Riviera for a group of bohemian artists and writers who became deeply entwined in each other's affairs. There, in their oasis by the sea, the Murphys regaled their guests and their children with flamboyant beach parties, fiery debates over the newest ideas, and dinners beneath the stars. It was, for a while, a charmed life, but these were people who kept secrets, and who beneath the sparkling veneer were heartbreakingly human. When a tragic accident brings Owen, a young

American aviator who fought in the Great War, to the south of France, he finds himself drawn into this flamboyant circle, and the Murphys find their world irrevocably, unexpectedly transformed. A handsome, private man, Owen intrigues and unsettles the Murphys, testing the strength of their union and encouraging a hidden side of Gerald to emerge. Suddenly a life in which everything has been considered and exquisitely planned becomes volatile, its safeties breached, the stakes incalculably high. Nothing will remain as it once was. Liza Klausman expertly evokes the 1920s cultural scene of the so-called "Lost Generation." Ravishing and affecting, and written with infinite tenderness, *VILLA AMERICA* is at once the poignant story of a marriage and of a golden age that could not last. Harper Collins

A Novel of King Arthur Poppy

The Fortress is one of the most significant and fascinating novels to come out of the former Yugoslavia. Ahmet Shabo returns home to eighteenth-century Sarajevo from the war in Russia, numbed by the death in battle or suicide of nearly his entire military unit. In time he overcomes the anguish of war, only to find that he has emerged a reflective and contemplative man in a society that does not value, and will not tolerate, the subversive implications of these qualities.

The Statistical Probability of Love at First Sight HarperCollins UK

From the dazzling ballrooms of glittering London society to magnificent, cursed estate in the distant wilds of Yorkshire, comes the deliciously wicked story of a thoroughly unconventional courtship—and a thrilling midnight rendezvous that could only lead to love. . . . At four and twenty Victoria Huntington thought herself quite adept at fending off fortune hunters . . . until she came under siege from Lucas Colebrook, the darkly disturbing new Earl of Stonevale. Amidst the brightly plumed

birds of the town, Lucas was a hawk. And when he held out the lure of moonlit rides and wild, reckless midnight escapades, Victoria found herself powerless to resist. But becoming Stonevale's companion in adventure was far more dangerous undertaking than Victoria could ever imagine. For the attractive Earl would use her every weakness to woo her, to win her, and ultimately to wed her. And soon the amber-eyed lady would find herself ensconced in a crumbling mansion deep in the English countryside . . . where the real reason for her hasty marriage becomes all too apparent . . . and where the ghosts of her dark-stained past are waiting to rise up in a terrifying plot that will threaten her life, her honor, and the only man she could ever love.

Everything Else Is Illusion Harper Collins A deftly written novel brimming with magical realist touches, *The Feline Plague* tells the story of Ira, a Slovenian child who discovers early the cruelty of the adult world—particularly the mistreatment of animals. Ira struggles to reconcile her life with a world in which people are small-minded, the chances for happiness are few, and petty tyrants rule. She takes a job with *The Lady*, a capitalist

entrepreneur who runs the Ark, a pet emporium where she expects “pets will become the new jewelry.” Ira careens into adulthood alongside a fairy-tale cast: her evil mother and sisters, a benevolent grandmother, best friend and alter ego Felipe, a blind painter who moonlights as a window dresser, and a pair of twins so identical their employer thinks they’re one person. Acclaimed novelist Maja Novak masterfully conjures a series of vivid tableaux, setting Ira loose in a world

where miniature wooden animals come to life—where jealousy, dreams, and realities unfold as Ira’s rite of passage parallels the backdrop of communism’s dying days and capitalism’s shaky start.

The Feline Plague Simon and Schuster

The second edition of this pathbreaking, highly innovative comparative study in state-building by a major political scientist is a fully updated examination of the problems of making democratic government work. He concludes with a

detailed proposal for a new type of government: alternating presidentialism. This meets the need for strong parliamentary control and efficient government, with safeguards against both parliamentary obstructionism and government by decree, and so could help to avoid political paralysis in Latin America, in the post-communist countries of Europe and in countries with dysfunctional parliamentary systems such as Italy and Israel.
