Dickens and the Dream of Cinema Bloomsbury Publishing USA

Adapted stories with contemporary illustrations to introduce classical literature to a wider audience.

The Routledge Companion to Adaptation Rowman & Littlefield

A picture-book adaptation of the Dickens novel to follow the very successful Christmas Carol that was published in 1995.

Framing Empire A Christmas Carol and Its Adaptations

"Asking why adaptation has been seen as more problematic to theorize than other humanities subjects, and why it has been more theoretically problematic in the humanities than it has been in the sciences and social sciences, *Theorizing Adaptation* seeks to both explicate and redress "the problem of theorizing adaptation" through a metacritical history of theorizing adaptation from the late seventeenth century to the present, a metatheoretical theory of the relationship between theorization and adaptation in the humanities, and analysis of the rhetoric of theorizing adaptation. The history finds that adaptation was not always the bad theoretical object that it increasingly became from the late eighteenth century: in earlier centuries, adaptation was celebrated and valued as a means of aesthetic and cultural progress. Tracing the falling fortunes of adaptation under theorization, the history reveals that there have always been dissenting voices valorizing adaptation. Adaptation studies can learn from history not only how to theorize adaptation more positively, but also to consider "the problem of theorization" for adaptation. Metatheoretical analysis of what theorization and adaptation are and how they function in the humanities finds that they are rival, overlapping, inimical processes, each seeking to remake culture -- and each other -- in their images. It is not simply the case that adaptation has to adapt to theorization: rather, theorization needs to adapt to and through adaptation. The final section attends to the rhetoric of theorizing adaptation, analyzing how tiny pieces of rhetoric have constructed adaptation's relationship to theorization, and turning to figurative rhetoric, or figuration, as a third process that has can mediate between adaptation and theorization and refigure their relationship. Moreover, particular rhetorical figures can redress particular problems in adaptation studies and open new ways to theorize adaptation studies"--

Doctor Who and the Art of Adaptation Routledge

A captivating, rhyming picture book retelling of Charles Dickens' classic tale about the true meaning of Christmas. Mean old Ebenezer Scrooge hates everything. Even Christmas! Until, one frosty Christmas Eve, Scrooge receives a visit from three ghostly spirits, who whisk him away on a magical journey through past, present and future... But can they melt his frozen heart before it's too late? Introduce even the youngest of children to this classic story and share in the true spirit of Christmas. Retold in rhyme, with atmospheric illustrations, this will make the perfect Christmas gift.

Anime and the Art of Adaptation Rowman & Littlefield

Stunning illustrations by award-winning artist Lee Krutop accompany this timeless Christmas story.

Each spread features a beautiful pop-up. This book is a special keepsake to be enjoyed and shared with loved ones for many years to come.

A Christmas Carol Prestwick House Inc

This collection of forty new essays, written by the leading scholars in adaptation studies and distinguished contributors from outside the field, is the most comprehensive volume on adaptation ever published. Written to appeal alike to specialists in adaptation, scholars in allied fields, and general readers, it hearkens back to the foundations of adaptation studies a century and more ago, surveys its ferment of activity over the past twenty years, and looks forward to the future. It considers the very different problems in adapting the classics, from the Bible to *Frankenstein* to Philip Roth, and the commons, from online mashups and remixes to adult movies. It surveys a dizzying range of adaptations around the world, from Latin American telenovelas to Czech cinema, from Hong Kong comics to *Classics Illustrated*, from Bollywood to zombies, and explores the ways media as different as radio, opera, popular song, and videogames have handled adaptation. Going still further, it examines the relations between adaptation and such intertextual practices as translation, illustration, prequels, sequels, remakes, intermediality, and transmediality. The volume's contributors consider the similarities and differences between adaptation and history, adaptation and performance, adaptation and revision, and textual and biological adaptation, casting an appreciative but critical eye on the theory and practice of adaptation scholars--and, occasionally, each other. *The Oxford Handbook of Adaptation Studies* offers specific suggestions for how to read, teach, create, and write about adaptations in order to prepare for a world in which adaptation, already ubiquitous, is likely to become ever more important.

A Christmas Carol - Spotlight Edition Oxford University Press

An annotated adaptation of Dickens' Classic Christmas tale. Each Spotlight Edition maintains the rich integrity of the original work while adapting the language to be more accessible to the average reader. In addition to providing a more readable text, Prestwick House Spotlight Editions are enhanced, providing readers with thoughtful guided reading questions and margin notes to help navigate the text; suggestions for thought and discussion; research opportunities for richer understanding of the text and its contexts; and suggested writing activities to foster deeper thinking.

Publisher description

The Oxford Handbook of Charles Dickens Bantam

Views the Victorian novel through the prism of literary imitations that it inspired.

A Tale of Two Cities Routledge

A thrilling, fast-paced adaptation of the classic novel, considered by Dickens 'the best story I have ever written'. An epic story of love, sacrifice and redemption, interweaving one family's intensely personal drama with the terror and chaos of the French Revolution. This version of "A Tale of Two Cities" premiered at Royal & Derngate, Northampton, in February 2014, featuring a large community ensemble alongside the main cast. Mike Poulton's adaptation is ideal for any amateur theatre companies, schools or youth theatres looking to stage a bold and dramatic version of Dickens' classic. "Gripping... has a cinematic quality... there isn't a dull moment." - "Telegraph" "Mike Poulton's adaptation is brilliant... ensures no-one unacquainted with the novel will be baffled." - "Observer" "Best of times, worst of times: Mike Poulton takes them both at a gallop in an adaptation that... builds up the terminal velocity of a political thriller." - "Guardian" "An atmospheric, appealing adaptation of a novel that remains relevant to our times." - "The Stage" Charles Dickens (1812-1870) was an English writer and social critic who is generally regarded as the greatest novelist of the Victorian period. Mike Poulton is a playwright and translator. His work has been staged at the Donmar Warehouse, Old Vic, Almeida Theatre and for the RSC, amongst others. *A Christmas Carol and Other Christmas Writings* Charles Dickens Children's Collection (Easy Classics) Dickens, A Christmas Carol, tells the story of Ebenezer Scrooge, an elderly miser who is transformed into a caring man by nighttime visits of the spirits of his former business partner, Jacob Marley, and the spirits of Christmas Past, Present and Yet to Come.

A Christmas Carol JHU Press

The Oxford Handbook of Christmas provides a comprehensive, interdisciplinary account of all aspects of Christmas across the globe, from the specifically religious to the purely cultural. The contributions are drawn from a distinguished group of international experts from across numerous disciplines, including literary scholars, theologians, historians, biblical scholars, sociologists, anthropologists, art historians, and legal experts. The volume provides authoritative treatments of a range of topics, from the origins of Christmas to the present; decorating trees to eating plum pudding; from the Bible to contemporary worship; from carols to cinema; from the Nativity Story to Santa Claus; from Bethlehem to Japan; from Catholics to Baptists; from secularism to consumerism. Christmas is the biggest celebration on the planet. Every year, a significant percentage of the world's population is drawn to this holiday—from Cape Cod to Cape Town, from South America to South Korea, and on and on across the globe. The Christmas season takes up a significant part of the entire year. For many countries, the holiday is a major force in their national economy. Moreover, Christmas is not just a modern holiday, but has been an important feast for most Christians since the fourth century and a dominant event in many cultures and countries for over a millennium. The Oxford Handbook of Christmas provides an invaluable reference point for anyone interested in this global phenomenon.

The Friendly Dickens Cambridge University Press

Grow your heart three sizes—and dazzle your eyes—with this FULL COLOR edition of the beloved holiday classic *How the Grinch Stole Christmas!*—the perfect gift for under the tree and for Dr. Seuss fans and collectors any time of year! This season of giving, give a gift that's never been given before—a full color edition of *How the Grinch Stole Christmas!* Originally published in 1957 using just 2 different colored inks (red and black), this new, jacketed edition features Dr. Seuss's original

illustrations in full color for the very first time—the way he'd have likely colored them had he published the book today! While this edition is not a replacement for the original, we think it makes a cheerful addition to the Dr. Seuss canon that is bound to appeal to Dr. Seuss fans of all ages. PS: The drabness of the Grinch's life in his cave compared to the happy, vibrant life of the Whos in Whoville has never been easier to see!

A Christmas Carol Oxford University Press

"Tracks and reflects on the presence and marketing of 'words' in the early sound era, from adaptations of Shakespeare and 19th Century novels, to biopics"--

A Christmas Carol Oxford University Press

This collection of new essays draws attention to the various and complex ways in which scholars and critics have reflected upon and reacted to Charles Dickens's texts, including his novels, short fiction and journalism. Subsequent to the initial publication of Dickens's works, writers, visual artists and filmmakers have re-imagined, transposed and transformed them from the mid-nineteenth century to the present. Although *Reflections on / of Dickens* recognizes the writer's importance as first and foremost a major figure in literature, it nevertheless offers a uniquely vast array of approaches to his literary output, ranging from intertextual and generic strategies, through gender studies, translation studies and comparative literary studies, to issues connected with reception, popular culture, visual culture and performing arts. The diverse thematic preoccupations present in this highly interdisciplinary volume attest to Dickens's central position in the British canon and his global appeal, while at the same time narrowing the gap between traditional textual analysis and more contextualised readings of his oeuvre, taking into account the socio-cultural and historical circumstances thanks to which his literary reputation continues to flourish.

A Christmas Carol and Its Adaptations Penguin UK

Penguin Classics e-books give you the best possible editions of Charles Dickens's novels, including all the original illustrations, useful and informative introductions, the definitive, accurate text as it was meant to be published, a chronology of Dickens's life and notes that fill in the background to the book. Dickens's story of solitary miser Ebenezer Scrooge, who is taught the true meaning of Christmas by a series of ghostly visitors, has proved one of his most well-loved works. Ever since it was published in 1843 it has had an enduring influence on the way we think about the traditions of Christmas. Dickens's other Christmas writings collected here include 'The Story of the Goblins who Stole a Sexton', the short story from *The Pickwick Papers* on which *A Christmas Carol* was based; *The Haunted Man*, a tale of a man tormented by painful memories; along with shorter pieces, some drawn from the 'Christmas Stories' that Dickens wrote annually for his weekly journals. In all of them Dickens celebrates the season as one of geniality, charity and remembrance.

Television and Serial Adaptation Viking Adult

Exploring a selection of anime adaptations of famous works of both Eastern and Western provenance, this book is concerned with appreciating their significance and appeal as independent texts. The author evaluates three aspects of anime adaptation—how anime adaptations develop their original sources in stylistic, aesthetic, and psychological terms; how specific features of the anime medium impact alchemically on the original sources to bring into being imaginative works of an autonomous nature; and which qualities render an adaptation in anime form a distinctly unique

artistic creation.

Plagiarizing the Victorian Novel Oxford University Press

Although it started as a British television show with a small but devoted fan base, Doctor Who has grown in popularity and now appeals to audiences around the world. In the fifty-year history of the program, Doctor Who's producers and scriptwriters have drawn on a dizzying array of literary sources and inspirations. Elements from Homer, classic literature, gothic horror, swashbucklers, Jacobean revenge tragedies, Orwellian dystopias, Westerns, and the novels of Agatha Christie and Evelyn Waugh have all been woven into the fabric of the series. One famous storyline from the mid-1970s was rooted in the Victoriana of authors like H. Rider Haggard and Arthur Conan Doyle, and another was a virtual remake of Anthony Hope's *The Prisoner of Zenda*—with robots! In Doctor

Who and the Art of Adaptation: Fifty Years of Storytelling, Marcus Harmes looks at the show's frequent exploration of other sources to create memorable episodes. Harmes observes that adaptation in Doctor Who is not just a matter of transferring literary works to the screen, but of bringing a diversity of texts into dialogue with the established mythology of the series as well as with longstanding science fiction tropes. In this process, original stories are not just resituated, but transformed into new works. Harmes considers what this approach reveals about adaptation, television production, the art of storytelling, and the long-term success and cultural resonance enjoyed by Doctor Who. *Doctor Who and the Art of Adaptation* will be of interest to students of literature and television alike, and to scholars interested in adaptation studies. It will also appeal to fans of the series interested in tracing the deep cultural roots of television's longest-running and most literate science-fiction adventure.
