GOD'S TRUTHS vs. MAN'S LIES Macmillan President Jake Jaconovich is the second president elected under the new constitution of an emerging nation. He and his party are working to bring rule of law, human rights and economic stability to a country formerly run on a system of extortion, exploitation, bribes and gang warfare. Problems with rioters and terrorism are epidemic in his country extending even into his own household. Everything he says in private, every random thought or jest gets blown out of proportion and reported to the worst of the opposition press. Celia Louise Jones-McKinsey is an ex-schoolteacher. She has become a hostage in her own home as she cares for a husband with dementia. She knows she is exhausted from taking care of others. She was a caregiver long began long before her husband became ill as she raised his son with multiple disabilities. She is beginning to think that her life of caring for others is destroying her body and soul. What Celia fails to realize is that her web site on caring for dementia patients has come to the attention of President Jake. The story opens when President Jake makes a special stop in Victoria BC to visit Celia. After the initial awkwardness of their first meeting Jake and Celia find that they have much in common including a mutual physical attraction. When Celia is finally free for a week to visit Jakes country, he seduces her into bringing her senile husband and moving to his country by introducing her to the plight of the children orphaned by the recent economic crash. Celia leaves her home to escape her life and family

and to be with Jake. When she settles into her new home she finds one hundred six children, nine puppies, a serial bomber, numerous rioters, a snitch, a slave trader, a passion for football, a plethora of helicopters and a host of characters to keep things lively. At one point Celia asks Jake if their lives will ever be ordinary. He answers, Weve had the occasional breakfast together or dinner in our rooms that is ordinary. And between breakfast and dinner? Celia asks. All hell breaks loose. Jake acknowledges.

This work presents funny, strange and possibly true tales from Harry the Polis. Harry Morris is out to show a side of our industrious police force that we don't often see - the lighter side. His time with the Glasgow and Strathclyde constabulary, or 'polis' for short, hasn't robbed Harry of his sense of humour, and every wily witness, cocky con, and sarcastic sergeant he ever rubbed up against is here in page after page of humorous stories. Full of hilarious anecdotes, oddball characters, quick comebacks and unlikely excuses, "Even the Lies are True" shows true Glaswegian humour at its finest. Every funny tale - tall and true - of Harry's twenty-nine years police career is either here, or yet to come in future Harry the Polis books like "Even More Lies" and "Nothing Like the Truth" - and there's no shortage of laughs in these hilarious stories from the rank and file. Already described by Alex Dickson of Radio Clyde as 'classics of our time' and by Bob Shields of the Daily Record as 'a must read for anyone who likes to walk about with a grin on their face', "Even the Lies are True" is sure to arrest you with its irrepressible mirth.

Parental alienation arising from disputed hearings in family-court is a devastating problem affecting millions of families around the world. Much as we addressed domestic violence several decades ago, we treat parental alienation as a domestic issue rather than what it is; a crisis affecting communities, school systems, police and court systems, mental-health and financial institutions, and crucially, legislative bodies. Our social, cultural and legal systems sanction and even promote parental alienation at the expense of our children's wellbeing by rewarding lawyers for increasing parental animosity. Malicious Mother syndrome is now a recognized condition, causing child abuse, often at a developmental stage that will leave a lifelong mark on the child of a disputed family-law judgment. This calamitous situation grows progressively worse while legislation exists to encourage and incentivize members of family-law to profit from the easy money family-court offers avaricious, amoral members of family-law to litigate. Undoubtedly financially motivated litigation is never in the child's best interests and always benefits the family-law members, yet no checks and boundaries exist to prevent the abuse of children by inappropriately qualified 'judges' being played by greed motivated lawyers, almost always reflecting gender prejudice in the process.

 Lies, Deceit, Adultery and my Husband's Boyfriend is the moving autobiography of Anne Maree Spencer, as she encounters the heartbreaking news that the love of her life has not only been cheating on her and lying for over two years, but his new partner is a man. Her once loving heterosexual partner and the father of her two children has "changed his sexual preference" after 30 years of marriage. Anne Maree's pursuit of getting her life back on track with the support of her children and friends is a touching book about the power and determination of one woman's fight against feeling unloved and worthless to that of re-inventing herself. This autobiography tells it like it is, with no apologies for its descriptive language. You will be inspired by the author's rise in self-esteem and self-worth as she divorces her cheating husband, who left her for "Boo Boo," a man 30-plus years his junior. This book not only opens "a can of worms" of lies, deceit and adultery but puts into perspective what quite a few women are experiencing in their daily lives. Anne Maree opens her soul to give other women the courage and strength to grow beyond these harsh realities to become a better, stronger empowered woman. About the Author Anne Maree Spencer grew up in Melbourne, Australia. "I have been through hell and back in my discovery of my unfaithful husband. I have dragged myself up from the depths of depression. My friends encouraged me to write about it as not only therapy, but also as a way to help other women who find themselves in a similar situation."

In a postfactual world in which claims are often held to be true only to the extent that they confirm pre-existing or partisan beliefs, this book asks crucial questions: how can we identify the many forms of untruthfulness in discourse? How can we know when their use is ethically wrong? How can we judge untruthfulness in the messiness of situated discourse? Drawing on pragmatics, philosophy, psychology, and law, *All Bullshit and Lies?* develops a comprehensive framework for analyzing untruthful discourse in situated context. TRUST, or Trust-related Untruthfulness in Situated Text, sees untruthfulness as encompassing not only deliberate manipulations of what is believed to be true (the insincerity of withholding, misleading, and lying) but also the distortions that arise from an irresponsible attitude towards the truth (dogma, distortion, and bullshit). Chris Heffer discusses times when truth is not "in play," as in jokes or fiction, as well as instances when concealing the truth can achieve a greater good. The TRUST framework demonstrates that untruthfulness becomes unethical in

discourse, though, when it unjustifiably breaches the trust an interlocutor invests in the speaker. In addition to the theoretical framework, this book provides a clear, practical heuristic for analyzing discursive untruthfulness and applies it to such cases of public discourse as the Brexit "battle bus," Trump's tweet about voter fraud, Blair and Bush's claims about weapons of mass destruction, and the multiple forms of untruthfulness associated with the Skripal poisoning case. In *All Bullshit and Lies? Chris Heffer turns a critical eye to fundamental questions of truthfulness and trust in our society. This timely and interdisciplinary investigation of discourse provides readers a deeper theoretical understanding of untruthfulness in a postfactual world.*

From the acclaimed author of *Her Every Fear* and *The Kind Worth Killing* comes a diabolically clever tale of obsession, revenge, and cold-blooded murder—a sly and brilliant guessing game of a novel in the vein of Ruth Ware, Paula Hawkins, and Patricia Highsmith. Harry Ackerson has always considered his stepmother Alice to be sexy and beautiful, in an "otherworldly" way. She has always been kind and attentive, if a little aloof in the last few years. Days before his college graduation, Alice calls with shocking news. His father is dead and the police think it's suicide. Devastated, Harry returns to his father's home in Maine. There, he and Alice will help each other pick up of the pieces of their lives and uncover what happened to his father. Shortly after he arrives, Harry meets a mysterious young woman named Grace McGowan. Though she claims to be new to the area, Harry begins to suspect that Grace may not be a complete stranger

to his family. But she isn't the only attractive woman taking an interest in Harry. The sensual Alice is also growing closer, coming on to him in an enticing, clearly sexual way. Mesmerized by these two women, Harry finds himself falling deeper under their spell. Yet the closer he gets to them, the more isolated he feels, disoriented by a growing fear that both women are hiding dangerous—even deadly—secrets . . . and that neither one is telling the truth.

The highly anticipated third novel in the award-winning Ellery Hathaway mystery series. FBI agent Reed Markham is haunted by one painful unsolved mystery: who murdered his mother? Camilla was brutally stabbed to death more than forty years ago while baby Reed lay in his crib mere steps away. The trail went so cold that the Las Vegas Police Department has given up hope of solving the case. But then a shattering family secret changes everything Reed knows about his origins, his murdered mother, and his powerful adoptive father, state senator Angus Markham. Now Reed has to wonder if his mother's killer is uncomfortably close to home. Unable to trust his family with the details of his personal investigation, Reed enlists his friend, suspended cop Ellery Hathaway, to join his quest in Vegas. Ellery has experience with both troubled families and diabolical murderers, having narrowly escaped from each of them. She's eager to skip town, too, because her own father, who abandoned her years ago, is suddenly desperate to get back in contact. He also has a secret that could change her life forever, if Ellery will let him close enough to hear it. Far from home and relying only on each other, Reed and Ellery discover young Camilla had snared the attention of dangerous men, any of whom might have wanted to shut her up for good. They start tracing his twisted family history, knowing the path leads back to a vicious killer—one who has been hiding in plain sight for forty years and isn't about to give up now.

God's truth is always found in His word. God's Truths versus Man's Lies is a book of scriptural validation and verification. It is impossible to know God's truth without knowing His word. It's like a puzzle. If you only have two or three pieces to a 200-piece puzzle, can you truly know what the puzzle looks like? Of course not. Well, God's truth about various topics is the same way. We must know all of His word or scriptural puzzle pieces about a subject, before He wants us to apply our faith to His word. That's why we are commanded to live by every word of God - Matthew 4:4. Having all the pieces presents the honesty to God's truth. Partial knowledge does not exact epignosis, which is the Greek word for the full and complete knowledge. That is why if we abide in His word, we shall know the truth, and the truth shall make us free - John 8:31-32. So, my friends, without the truth, all you have is the lie.

Pastor and speaker Shane Pruitt shines a light on this and other Christian cliches that upon further inspection are actually unbiblical lies that keep far too many believers stuck in spiritual immaturity.
