handbook of geriatric care management

About the Book: The proportion of the
 population of octogenarians and elderly
 patients presenting for intensive care is
 rapidly increasing thus exacerbating the
 need to modify our critical care
 management to cater for this patient
 group.

Handbook of Geriatric Care Management
 The care manager does a geriatric assess-
 ment to create a care plan, which
 proposes recommendations to repair the
 holes in the older client's personal safety
 net using the family system and the
 continuum of care. The recommendations
 suggest services at the right time for the
 right amount of money.
