"IELTS Reading Practice Tests: IELTS Guide for Self-Study Test Preparation for IELTS for Academic Purposes" by IELTS Success Associates contains three complete IELTS practice reading tests. Each practice reading test in this book has three passages, just like the actual IELTS Academic Exam, so there are nine reading passages in the publication for you to study. All of the reading passages in the book are on factual, informative, or academic topics, which is also like the format of the actual IELTS test. The practice exams have questions of all of the types that you will see on the real IELTS reading test, so the book has multiple choice questions; form, diagram and summary completion; identification of the writer's views; matching features and headings; and gap-fill questions. The tips at the beginning of the book explain the format of the IELTS reading test and tell you what to expect on your exam day. Practice Reading Test 1 in the publication is in tutorial mode, so it includes tips and suggestions at the beginning of each section to give you strategies to help you answer all of the types of questions on the reading tests. There is a complete answer key with in-depth explanations for each answer, so that you can understand why each answer is the correct one. The explanations give you additional tips to help you improve your test-taking technique.

IELTS General Training measures English language proficiency in a practical, everyday context. It is appropriate for those planning to study in high school or a vocational training program. People migrating to Australia, Canada, New Zealand and the UK must take the IELTS General Training test. (Source: ieltsessentials.com). If you're here reading this book, it means you're taking your first step in your immigration plan: to prove your language ability. You should be proud of yourself. When IELTS test takers have been asked: "Which is the most difficult skill out of the four skills in an IELTS General Training test?" Most of them answered: Writing. You see, writing is hard. Even native speakers make mistakes in punctuation, spelling, and grammar. They do it all the time. Next time, pay attention when you read emails, Facebook posts, Instagram posts or even magazines, you will realize that not any native speakers are able to write correctly. It happens because not all of them reach the same level of literacy. Many professionals rarely write in their day-to-day life. Remember, native speakers have to take IELTS for immigration purposes, too! Keep that thought in mind, you have an equal opportunity to get a band 7 or above in an IELTS test. With a strong desire to succeed, a detailed learning strategy and well-prepared course from this book, you will get the score you deserve.
