Gwendy's Magic

Feather Simon and Schuster

After their father abandoned the family, young Stephen King and his brother often had to fend for themselves as their mother juggled several jobs. They moved frequently, from one town to another, sometimes living without indoor plumbing. To pass the time, Stephen began to make up stories. What began as entertainment became a passion and, combined with his fierce resolve, willingness to work, and vivid

imagination, started King on a path to celebrity and wealth beyond his wildest dreams. King changed the face of horror fiction, making popular what was once considered a gimmick. His first book, *Carrie*, which told the story of an outcast high school student a recurrent theme in his work sold millions of copies, inaugurating a string of such successes. During one year, he had six books hit the best-seller list. Despite all the accolades and awards, King never forgot his roots

and has donated millions of dollars to make other people's lives better, paying special attention to the communities of his youth. He has also fought against censorship and literary elitism. *Dark Dreams: The Story of Stephen King* tells the true-life rags-to-riches story of a man who holds his principles as firmly as the imaginations of his readers.

'Salem's Lot Anchor
Longtime residents of Harper's Cove believe that something is wrong with the Widow's Point

Lighthouse. Some say it's cursed. Others claim it's haunted. Originally built in 1838, three workers were killed during the lighthouse's construction, including one who mysteriously plunged to his death from the catwalk. That tragic accident was never explained, and it was just the beginning of the terror. In the decades that followed, nearly two dozen additional deaths occurred in or around the lighthouse including cold-blooded murder, suicide, unexplained accidents

and disappearances, the slaughter of an entire family, and the inexplicable death of a Hollywood starlet who was filming a movie on the grounds. The lighthouse was finally shuttered tight in 1988 and a security fence was erected around the property. No one has been inside since. Until tonight. Thomas Livingston is the acclaimed author of thirteen books about the supernatural and this evening he will enter the Widow's Point Lighthouse,

searching for material for his next bestseller. He will be locked inside for the weekend with no way of contacting the outside world. And although no human has stepped foot inside the structure in nearly three decades, Livingston will not be alone.
