Sunday Post's best reads of the year, 2018 Rome, AD 63. Vespasian has been made Governor of Africa. Nero, Rome's increasingly unpredictable Emperor, orders him to journey with his most trusted men to a far-flung empire in Africa to free 500 Roman citizens who have been enslaved by a desert kingdom. Vespasian arrives at the city to negotiate their emancipation, hoping to return to Rome a hero and find himself back in favour with Nero. But when Vespasian reaches the city, he discovers a slave population on the edge of revolt. With no army to keep the population in check, it isn't long before tensions spill over into bloody chaos. Vespasian must escape the city with all 500 Roman citizens and make their way across a barren desert, battling thirst and exhaustion, with a hoard of rebels at their backs. It's a desperate race for survival, with twists and turns aplenty. Meanwhile, back in Rome, Nero's extravagance goes unchecked. All of Rome's elite fear for their lives as Nero's closest allies run amok. Can anyone stop the Emperor before Rome devours itself? And if Nero is to be toppled, who will be the one to put his head in the lion's mouth?

One man, born in rural obscurity, destined to become one of Rome's greatest Emperors 26 AD: 16-year-old Vespasian leaves his family farm for Rome, his sights set on finding a patron and following his brother into the army, but he discovers a city in turmoil and an Empire on the brink. The aging emperor Tiberius is in seclusion on Capri, leaving Rome in the iron grip of Sejanus, commander of the Praetorian Guard. Sejanus is ruler of the Empire in all but name, but many fear that isn't enough for him. Sejanus' spies are everywhere—careless words at a dinner party can be as

dangerous as a barbarian arrow. Vespasian is totally out of his depth, making dangerous enemies (and even more dangerous friends—like the young Caligula) and soon finds himself ensnared in a conspiracy against Tiberius. With the situation in Rome deteriorating, Vespasian flees the city to take up a position as tribune in an unfashionable legion on the Balkan frontier. Even here, rebellion is in the air and unblooded and inexperienced, Vespasian must lead his men in savage battle with hostile mountain tribes. Vespasian will soon realize that he can't escape Roman politics any more than he can escape his destiny.

Peace is like a flame - easily extinguished. 21 BC. After the turbulence of civil war, Augustus Caesar now rules Rome. Yet his authority is fragile, holding only so long as the people believe Rome's gods support him, particularly the beloved goddess of home and hearth, Vesta. Pomponia, now chief Vestal Virgin, continues to devote her life to the goddess. She has risen to a position of esteem in Rome and is a valued member of Caesar's inner circle. But when a contagion starts to ravage the city, tensions rise among Rome's inhabitants. Meanwhile, a malevolent nobleman called Soren starts plotting against her, threatening not just her friendship with Caesar, but everything she loves... Return to the meticulously researched world of Debra May Macleod's ancient Rome in this gripping sequel to *Brides of Rome*. Perfect for fans of Colleen McCullough and Stephanie Dray. Praise for *Brides of Rome* 'A fascinating look inside the lives of the enigmatic Vestal Virgins of Rome, who tended the sacred flame of Vesta in her temple in the Forum. But they were at the heart of Roman politics as well, true 'brides of Rome' who had a ringside seat in events of Roman history, and had a hand in them as well. Macleod lets us enter their forbidden and mysterious lives in a page-turning story of the birth of the Roman empire' Margaret George, New York Times bestselling author of *The Confessions of Young Nero* 'In an age of murderous warlords and ruthless politicians (often indistinguishable from one another) the seemingly benign Vestals could hold the balance of power. Debra May Macleod has written a fascinating mystery set within the relentlessly masculine world of Roman power politics, but seen through the lens of a unique, all-female institution. The Vestals did not just tend Rome's sacred flame. They guarded Rome's secrets' John Maddox Roberts, author of the Edgar-nominated SPQR Roman Mystery series 'Riveting... This smart repartee captivates in every way' Steve Berry, New York Times bestselling author of *The Warsaw Protocol* 'Macleod gives readers a very rich picture of what the day-to-day life of the Vestal Virgins was like. This is very intelligent and well-researched Roman historical fiction, populated with very strong female lead characters (including a scene-stealing rendition of Livia). A fine start to a promising series' Historical Novel Society

The aim of this book is to present a complete and entertaining account of Grecian and Roman mythology in such a manner that the student will appreciate its great influence upon literature and art. These myths, an inexhaustible fund of inspiration for the poets and artists of the past, have also inspired many noted modern works. The better to impress this fact upon the student, appropriate quotations from the poetical writings of all ages, from Hesiod's "Works and Days," to Tennyson's "Oenone," have been inserted in the text, while reproductions of ancient masterpieces and noted examples of modern painting and sculpture are plentifully used as illustrations. The myths are told as graphically and accurately as possible, great care being taken, however, to avoid the more repulsive features of heathen mythology; and when two or more versions of the same myth occur, the preference has invariably been given to the most popular, that is to say, to the

one which has inspired the greatest works.

The ancient city of Rome was the site of daily activities as well as famous historical events. It was not merely a backdrop, but rather an active part of the experiences of its inhabitants, shaping their actions and infusing them with meaning. During each period in Rome's imperial history, her emperors also used the city as a canvas to be painted on, transforming it according to their own ideals or ambitions. Rather than being organized by sites or monuments, Rome: A Sourcebook on the Ancient City is divided into thematic chapters. At the intersection of topography and socio-cultural history, this volume examines the cultural and social significance of the sites of ancient Rome from the end of the Republic in the age of Cicero and Julius Caesar, to the end of the fourth century. Drawing on literary and historical sources, this is not simply a tour of the baths and taverns, the amphitheatres and temples of ancient Rome, but rather a journey through the city that is fully integrated with Roman society.

This book describes the origins of the concept of liberty in the legal and political thought of Rome, Italy, England, France and the United States of America. Professor Sellers traces the development of liberty and republican government over two centuries of European history, in association with liberal ideas. This study reveals republicanism as the parent of liberalism in modern law and politics, and demonstrates the continuing value of republican ideas in securing the liberty of contemporary states and their citizens.
