In 2008, the broadcast networks, cable channels and syndication produced nearly 1,100 new and continuing entertainment programs—the most original productions in one year since the medium first took hold in 1948. This reference book covers all the first run entertainment programs broadcast over the airwaves and on cable from January 1 through December 31, 2008, including series, specials, miniseries, made-for-television movies, pilot films, Internet series and specialized series (those broadcast on gay and lesbian channels). Alphabetically arranged entries provide storylines, performer/character casts, production credits, day/month/year broadcast dates, type, length, network(s), and review excerpts.

With honesty, humour and occasional anger, performer Bette Bourne tells the playwright Mark Ravenhill about his brave and flamboyant life. Crafted from transcripts of a series of long, private conversations, actor Bette Bourne reminisces and replays scenes from his life from a postwar childhood, a stint as a classical actor in the late 60s, to living in a drag commune in Notting Hill and being an active member of the Gay Liberation Front. Bette then talks about his touring with the New York based Hot Peaches cabaret group and founding his own cabaret troop, Bloodlips, which redefined the term gay theatre by creating their very own unique celebration of dramatic and colourful homosexuality. The piece, in three parts, marks a different series of events in Bette's life to reveal both a portrait of a pioneering, radical individual and a historical document of the struggles and achievements of gay liberation.

An irreverent critique of big-time NCAA basketball by the author of the popular Club Trillion blog describes how his ambition to become a doctor was sidelined so that that he could join the elite Buckeyes in spite of his lesser talents, which rendered him perpetually benched and ironically scouted by the Harlem Globetrotters.

"Suddenly, this skinny, longhaired kid who had been lounging against the wall inside sprang forward to confront me, rolling and popping his eyes, intensely vibing me with his own personal voodoo. He looked electric, on fire--as if he was about to jump out of his own skin. He was the very image of the young Tim Buckley--same sensual, red-lipped mouth, same sensitive, haunted, blazing eyes. He was a beautiful boy: so charismatic, so handsome, his chiseled face both angelic and demonic. This was obviously Jeff Buckley." Touched By Grace is a revealing account of the time Gary spent working with Jeff Buckley during Jeff's early days in New York City. It describes their magical first performance together at the Greetings From Tim Buckley concert in 1991, the creation of their landmark songs 'Grace' and 'Mojo Pin,' their plan to take on the world together in Gary's band Gods and Monsters--and then the moment when Jeff pulled the plug, opting instead to pursue a solo deal with Columbia Records, the very label that had recently cut short its contract with the original incarnation Gods and Monsters. In this fascinating and revelatory book, Gary writes with heartfelt honesty about the highs and lows of this unique creative collaboration, providing an eye-opening insight into a world of music, passion, betrayal, and more.

A New York Times Book Review Notable Book • Finalist for the Pulitzer Prize for Fiction • Longlisted for the Women's Prize for Fiction "Easily the funniest book I've read this year." —GQ "Masterly funny debut novel . . . Erudite but never pretentious, *The Idiot* will make you crave more books by Batuman." —Sloane Crosley, *Vanity Fair* A portrait of the artist as a young woman. A novel about not just discovering but inventing oneself. The year is 1995, and email is new. Selin, the daughter of Turkish immigrants, arrives for her freshman year at Harvard. She signs up for classes in subjects she has never heard of, befriends her charismatic and worldly Serbian classmate, Svetlana, and, almost by accident, begins corresponding with Ivan, an older mathematics student from Hungary. Selin may have barely spoken to Ivan, but with each email they exchange, the act of writing seems to take on new and increasingly mysterious meanings. At the end of the school year, Ivan goes to Budapest for the summer, and Selin heads to the Hungarian countryside, to teach English in a program run by one of Ivan's friends. On the way, she spends two weeks visiting Paris with Svetlana. Selin's summer in Europe does not resonate with anything she has previously heard about the typical experiences of American college students, or indeed of any other kinds of people. For Selin, this is a journey further inside herself: a coming to grips with the ineffable and exhilarating confusion of first love, and with the growing consciousness that she is doomed to become a writer. With superlative emotional and intellectual sensitivity, mordant wit, and pitch-perfect style, Batuman dramatizes the uncertainty of life on the cusp of adulthood. Her prose is a rare and inimitable combination of tenderness and wisdom; its logic as natural and inscrutable as that of memory itself. *The Idiot* is a heroic yet self-effacing reckoning with the terror and joy of becoming a person in a world that is as intoxicating as it is disquieting. Batuman's fiction is unguarded against both life's affronts and its beauty--and has at its command the complete range of thinking and feeling which they entail. The diary and essays of Brian Eno republished twenty-five years on with a new introduction by the artist in a beautiful hardback edition. 'A cranium tour of one of the most creative minds of our age . . . [Eno] delivers razor-sharp commentary with devilish snarkiness and brutal honesty.' Wired At the end of 1994, Brian Eno resolved to keep a diary. His plans to go to the cinema, theatre and galleries fell quickly to the wayside. What he did do - and write - however, was astonishing: ruminations on his collaborative work with David Bowie, U2, James and Jah Wobble, interspersed with correspondence and essays dating back to 1978. These 'appendices' covered topics from the generative and ambient music Eno pioneered to what he believed the role of an artist and their art to be, alongside adroit commentary on quotidian tribulations and happenings around the world. An intimate insight into one of the most influential creative artists of our time, *A Year with Swollen Appendices* is an essential classic.

Trouble Boys is the first definitive, no-holds-barred biography of one of the last great bands of the twentieth century: The Replacements. With full participation from reclusive singer and chief songwriter Paul Westerberg, bassist Tommy Stinson, guitarist Slim Dunlap, and the family of late band co-founder Bob Stinson, author Bob Mehr is able to tell the real story of this highly influential group, capturing their chaotic, tragic journey from the basements of Minneapolis to rock legend. Drawing on years of research and access to the band's archives at Twin/Tone Records and Warner Bros. Mehr also discovers previously unrevealed details from those in the group's inner circle, including family, managers, musical friends and collaborators. Andrew Mueller is Australian by birth, a Londoner by choice, a wanderer by nature, and a journalist by profession. Unable to decide between being a rock critic, travel writer, or foreign correspondent, he hit upon the novel, if time-consuming, solution of trying to be all three at once. In *Rock and Hard Places*, published originally in the U.K. in 1999, now re-envisioned and updated and available for the first time in the United States, he travels to Lebanon with the Prodigy, comes to America with Radiohead, and goes all over the place with U2. He ventures to Bosnia Herzegovina with an aid convoy in the middle of the war, sees Def Leppard play in a cave in Morocco, and attempts to ask the Taliban not only what they think they're up to, but who they fancy for the World Cup. He flings himself head first down the Cresta Run, sits in Stalin's armchair, chases ambulances through Moscow, chases some kind of lost tribe in India, wakes up at least once in a park in Reykjavik, and strongly advises avoiding the seafood salad in Sapporo Airport. He's funny. Occasionally he makes a point.

Miles Davis, Ornette Coleman, and Cecil Taylor revolutionized music from the end of the twentieth century into the twenty-first, expanding on jazz traditions with distinctly new concepts of composition, improvisation, instrumentation, and performance. They remain figures of controversy due to their border-crossing processes. Miles, Ornette, Cecil is the first book to connect these three icons of the avant-garde, examining why they are lionized by some critics and reviled by others, while influencing musicians across such divides as genre, geography, and racial and ethnic backgrounds. Mandel offers fresh insights into their careers from interviews with all three artists and many of their significant collaborators, as well as a thorough overview of earlier interpretations of their work.
