 1. Introduction The purpose of this User Guide is to provide information on how to use the new Flight Test Management (FTM) system.  
 Flight Test Management user guide - Civil Aviation Safety ...The X-Plane 11 Flight Management System The Lamina Research / X-Plane 11 FMS resembles a system built by Collins and found in regional airliners, and is similar in operation to the one used in Boeing aircraft, including the 737 (illustrated in this manual). Rival systems are built by Honeywell and Thales for use in Boeing and Airbus aircraft.  
 X-Plane 11The challenge is to keep flight crews current and familiar with the highly sophisticated system to allow them to take full advantage of it without increasing pilot workload. An effective solution is the Avionics FMS desktop trainer from Rockwell Collins. It uses the same software that is used in the aircraft FMS and display systems.  
 FMS Desktop Trainer - - Home - Rockwell CollinsThe FMZ-2000 has been the flight management system (FMS) of choice for pilots and original equipment manufacturers (OEMs) for over 20 years. Read more!
