Richly illustrated and highly informative, the best-selling Secret Language of Dreams has guided dreamers for over fifteen years. Now, this classic work has been completely rewritten and redesigned with a

contemporary new look to offer a fresh approach to dream interpretation.

Dream expert David Fontana presents a comprehensive dictionary of common symbols and themes, and provides in-depth analyses of dozens of specific dreams, demonstrating key techniques for uncovering the hidden messages of the subconscious. Readers will also find

useful tips for controlling and remembering their dreams, and keeping a dream diary.

Lisa Shea  
Do dreams have a deeper meaning? A surprising number of people believe that the answer to this question is yes. According to a poll conducted by Newsweek, a whopping 43% of Americans believe

that dreams reveal unconscious desires and wishes. This book gives readers a way to understand their dreams as a spiritual contract with life. She shows how dreaming energy is connected with the womb and with menstrual and hormonal cycles. Even men and postmenopausal women share this unique connection through the metaphoric womb. Once readers learn to use these cycles to understand and chart their dreams, they can use the lessons learned to improve their

lives

 Do you know that your dreams are special and unique? But if you don't understand their meaning, you are missing out on vital information. Because every night your subconscious mind sends you messages to help you solve problems, improve relationships, and teach you how to create a higher quality of life. The key is to learn how to decipher them and that is how Pamela Cummins, dream and relationship

expert, can help you. Learn the Secret Language of Dreams is designed to give you the ability to understand the meanings of your own dreams. Symbolism in dreams is not a "one size fits all." One symbol can mean many things. In order to understand the nature of dream symbolism more clearly, you will need to know what category your dream fits into. This eBook will help you identify the different dream styles so you can recognize what part of your life the dream

message is for. Once you know the category of your dream, it will be easier to interpret your unique personal symbolism.

" ... [The purpose of] this book [is] to provide you with a fair idea about your dreams. The function of the dream cycle continues to be a topic of debate till today. It is important to understand that dreams must be interpreted based on the context of the dream and the dreamer's real life

situation ..."--Conclusion.

What are your dreams telling you? The author of *Fantasy Dreaming and Hidden Meaning of Dreams* presents the key to deciphering their meaning. Illustrated with more than 150 glowing full-color paintings, this dream "interpreter" can foster real understanding--something simple dream dictionaries, with their one size fits all symbols,

just can't. Dreams are personal, so the trick is to figure out what the imagery means to you. Try making a dream map, which can reveal the significance of even slightly remembered snippets; write down those few recalled phrases or mental pictures and begin to work outward, creating links and associations that bring awareness. Go step by step through an interpretation; choose the dream, examine the feelings they evoke, establish an overview of

the content, consider the dreamscape, observe the colors and people that appear, and look at the specific details there. Once the dream's meaning reveals itself in all its beautiful clarity, you can begin using them to solve problems, make positive changes in your life, and even recall past lives and predict the future!

"*Dream Patterns*" teaches readers to identify the significant, meaningful patterns in their dreams and how to use that knowledge to make changes in their waking lives. Almost every book on dream interpretation emphasizes the interpretation of individual elements of individual

dreams. But dreams contain much imagery that is not meaningful or interpretable. "*Dream Patterns*" shows how to break through the noise created by physical sensations, events of the previous day, intrusions of conscious thinking, and other stimuli to reveal repeating imagery and themes that reflect unrecognized patterns in our waking lives. Awareness of these patterns liberates us from them and empowers us to live our life more skillfully. This book is for dreamers

of all skill levels, from people who rarely recall and have never before studied their dreams to people who have spent years studying their dreams but who want to get more out of them. You will learn how to recall, record, and analyze your dreams, and then how to apply the lessons of those dreams to your waking lives. While "Dream Patterns" emphasizes long-term patterns and expresses skepticism about the value of most individual dreams, it does teach you also to

recognize and benefit from those few dreams that really are significant in isolation. Such dreams include "big dreams" that reflect major life and spiritual changes. Dreams Sterling Publishing Company Incorporated From Simon & Schuster, Dreams is Orion's bedside guide to dream interpretation—including the hidden meanings and secrets. From abacus to zoo, Dreams is a concise dictionary of dreams and is your guide to understanding the

knowledge that comes through to you in your dreams from the innermost depths of your being.
