The only thing standing between you and that

college life is figuring out where you might want to go, completing your applications, writing a killer essay, scoring solid test scores, shining in your activities, getting glowing recommendations, and . . . okay, that's a lot. ### **What Beauty There Is Paw Prints**

Made Up exposes the multibillion-dollar beauty industry that promotes unrealistic beauty standards through a market basket of advertising tricks, techniques, and technologies.

Cosmetics magnate Charles Revson, a founder of Revlon, was quoted as saying, "In the factory, we make cosmetics. In the store, we sell hope." This pioneering entrepreneur, who built an empire on the

foundation of nail polish, captured the unvarnished truth about the beauty business in a single metaphor: hope in a jar. **Made Up: How the Beauty Industry Manipulates Consumers, Preys on Women's Insecurities, and Promotes Unattainable Beauty Standards** is a thorough examination of innovative, and often controversial, advertising practices used by beauty companies to persuade consumers, mainly women, to buy discretionary goods like cosmetics and scents. These approaches are clearly working: the average American woman will spend around \$300,000 on facial products alone during her lifetime. This

revealing book traces the evolution of the global beauty industry, discovers what makes beauty consumers tick, explores the persistence and pervasiveness of the feminine beauty ideal, and investigates the myth-making power of beauty advertising. It also examines stereotypical portrayals of women in beauty ads, looks at celebrity beauty endorsements, and dissects the "looks industry." **Made Up** uncovers the reality behind an Elysian world of fantasy and romance created by beauty brands that won't tell women the truth about beauty.

**Book of Etiquette**

Orca Book Publishers  
Do unto others as you would others should do to you. You can never

be rude if you bear the rule always in mind, for what lady likes to be treated rudely? True Christian politeness will always be the result of an unselfish regard for the feelings of others, and though you may err in the ceremonious points of etiquette, you will never be im polite. Politeness, founded upon such a rule, becomes the expression, in graceful manner, of social virtues. The spirit of politeness consists in a certain attention to forms and ceremonies, which are meant both to please others and ourselves, and to make others pleased with us ; a still clearer definition may be given by saying that politeness is goodness of heart put into daily practice; there can be no true, politeness without

kindness, purity, singleness of heart, and sensibility. Many believe that politeness is but a mask worn in the world to conceal bad passions and impulses, and to make a show of possessing virtues not really existing in the heart; thus, that politeness is merely hypocrisy and dissimulation. Do not believe this; be certain that those who profess such a doctrine are practising themselves the deceit they condemn so much.

 Weldon Owen  
 A 2022 William C. Morris YA Debut Award Finalist, *What Beauty There Is* is Cory Anderson's stunning novel about brutality and beauty, and about broken people trying to survive—"Intense, brutal, and searingly honest," perfect for fans of Patrick Ness, Laura Ruby, and Meg Rosoff. To understand the truth, you have to start at the beginning. Ava Bardem lives in isolation, a life of silence. For seventeen years, Ava's father, a merciless man, has controlled her fate. He's taught her to love no one. But then she meets Jack. Living in poverty, Jack Dahl is holding his breath. He and his younger

brother have nothing—except each other. With their parents gone, Jack faces a stark choice: lose his brother to foster care or find the drug money that sent his father to prison. He chooses the money. Suddenly, Jack's and Ava's fates become intimately—and dangerously—linked as Ava's father hunts for the same money as Jack. When he picks up on Jack's trail, Ava must make her own wrenching choice: remain silent or speak and fight for Jack's survival. Choices. They come at a price.

*Make Up Drawn & Quarterly*  
 Arriving one year after the Haitian-American's first novel (*Breath, Eyes, Memory*) alerted critics to her compelling voice, these

10 stories, some of which have appeared in small literary journals, confirm Danticat's reputation as a remarkably gifted writer. Examining the lives of ordinary Haitians, particularly those struggling to survive under the brutal Duvalier regime, Danticat illuminates the distance between people's desires and the stifling reality of their lives. A profound mix of Catholicism and voodoo spirituality informs the tales, bestowing a mythic importance on people described in the opening story, "Children of the Sea," as those "in this world whose names don't matter to anyone but themselves." The ceaseless grip of dictatorship often leads men to emotionally

abandon their families, like the husband in "A Wall of Fire Rising," who dreams of escaping in a neighbor's hot-air balloon. The women exhibit more resilience, largely because of their insistence on finding meaning and solidarity through storytelling; but Danticat portrays these bonds with an honesty that shows that sisterhood, too, has its power plays. In the book's final piece, "Epilogue: Women Like Us," she writes: "Are there women who both cook and write? Kitchen poets, they call them. They slip phrases into their stew and wrap meaning around their pork before frying it. They make narrative dumplings and stuff their daughter's mouths so they say

nothing more." The stories inform and enrich one another, as the female characters reveal a common ancestry and ties to the fictional Ville Rose. In addition to the power of Danticat's themes, the book is enhanced by an element of suspense (we're never certain, for example, if a rickety boat packed with refugees introduced in the first tale will reach the Florida coast). Spare, elegant and moving, these stories cohere into a superb collection.

Even though technology makes us more "connected" than ever, we still hunger for authentic relationships—with the natural world, our creator, and one another. But how do we find them, especially when we've lost touch with many of the foundational rhythms that draw us together? *The Kindred Life* is a rallying cry for real connection in a time when we need to recapture what's been lost. In this collection of stories, photos, and

recipes from her home on Kindred Farm in Santa Fe, Tennessee, sustainable farmer Christine Bailey shares both the beautiful and gritty moments as she grew from a hopeful urban gardener to co-owner of a farm full of produce, bees, chickens, and flowers that provides meaningful experiences for friends, family, and hundreds of guests each year. Kindred means “tribe” or “family,” and at the center of The Kindred Life is an invitation to pursue the experiences that unite us, like spending time in the dirt, slowing down, and joining in a simple meal under the stars. We were all created with the ability to carve out a life of connection, and it’s worth every bit of sweat it takes to get

there. We can slow down. We can step forward in bravery to do hard things well. And we can be intentional about gathering with and investing in others. Discover the beauty of community, the magic of coming together around the table, and the lessons the land can teach you as you unearth your very own Kindred Life—right where you are.

Writing exercises and creativity advice from Barry's pioneering, life-changing workshop

The award-winning author Lynda Barry is the creative force behind the genre-defying and bestselling work *What It Is*. She believes that anyone can be a writer and has set out to prove it. For the past decade, Barry has run a highly popular writing workshop for nonwriters called *Writing the Unthinkable*, which was featured in *The New York Times Magazine*. *Syllabus: Notes from an Accidental Professor* is the first book to make her innovative lesson plans and writing exercises available to the public

for home or classroom use. Barry teaches a method of writing that focuses on the relationship between the hand, the brain, and spontaneous images, both written and visual. It has been embraced by people across North America—prison inmates, postal workers, university students, high-school teachers, and hairdressers—for opening pathways to creativity. *Syllabus* takes the course plan for Barry's workshop and runs wild with it in her densely detailed signature style. Collaged texts, ballpoint-pen doodles, and watercolor washes adorn *Syllabus's* yellow lined pages, which offer advice on finding a creative voice and using memories to

inspire the writing process. Throughout it all, Barry's voice (as an author and as a teacher-mentor) rings clear, inspiring, and honest.

—Los Angeles Times  
From the award-winning author of *Orwell's Roses*, a stimulating exploration of wandering, being lost, and the uses of the unknown  
Written as a series of autobiographical essays, *A Field Guide to Getting Lost* draws on emblematic moments and relationships in Rebecca Solnit's life to explore issues of

uncertainty, trust, loss, memory, desire, and place. Solnit is interested in the stories we use to navigate our way through the world, and the places we traverse, from wilderness to cities, in finding ourselves, or losing ourselves. While deeply personal, her own stories link up to larger stories, from captivity narratives of early Americans to the use of the color blue in Renaissance painting, not to mention encounters with tortoises, monks, punk rockers, mountains, deserts, and the movie *Vertigo*. The result is a distinctive, stimulating voyage of discovery.
